To-day begins a short period of barbaric noises—the Chinese New Year. Every good Chinaman will during that period live off the fat of China's productions, and liquidate all pecuniary obligations. At 2:15 o'clock p. m. the House went into Committee of the Whole, Ballinger in the chair, to consider Assembly bill No. 23, to create a State Board of Equalization. [Appoints the Lieutenant Governor, the Attorney General and the Surveyor General a Board.]

Ernst objected to the bill on the ground that it made the Board virtually the assessors of all the property in the State.

Taska advocated the passage of the bill, and explained that its object was to equalize the taxation of property situated in different counties, and to prevent the assessor of one county from valuing a piece of property at so much, while a similar and contiguous piece in another county is valued at a higher or lower rate.

On motion of Soule section 1 of the bill was amended so that the Board consist of the Lieutenant Governor, the Surveyor General and the State Comptroller, as the Surveyor General, by the provisions of the bill, is the attorney for the Board, and can not therefore be a member of the Board.

Merrill moved that when the committee arise it report favorably to the passage of the bill.

Adjourned.

With sincere thanks, pledging our best efforts toward presenting a novel and attractive entertainment, we remain

Very Respectfully,

AUGUSTUS OWENS,

CLARENCE KING,

C. F. MICKELL,

FRANK KING,

Comprising the "Bay City Quartette."

THE WALKING MATCH.—The pedestrian match at Moore's theater, between Wilcox and Scott, is attracting more interest as it grows to a close. Both men appear to be in fine form, and are as graceful walkers as one would wish to see, in fact, they portray the poetry of rapid motion. At 9:30 o'clock last night Wilcox had made 171 miles and Scott 166. It is a sure enough match for money and reputation. This is the last day; the walk concludes at 10 o'clock this evening, and the hall will doubtless be crowded to-day. Ladies who appreciate a good walking match need have no delicacy in attending this one.

MINES AT MIDNIGHT.—An old Ruby Hill miner, who has had fifteen years experience under ground says that he has observed one peculiar fact, that between 12 and 2 o'clock in the night, if there is a loose stone or bit of earth in the mine it is sure to fall. Says he: "About this time it seems that everything begins to stir, and immediately after twelve, although the mine has been still as a tomb before, you will hear particles of rock and earth come tumbling down and if there is a caving piece of ground in the mine it is sure to give away."

Mr. Fred. D. Turner, Recorder of this county, yesterday received a letter from Elyria, Ohio, giving a two-column description of the birthday celebration of his father and aunt, twins, on the 11th instant, at the age of 77 years. Ten of the guests were 77 years of age, and the youngest guest was a blushing youth of 64.

The Sheriff, Police Judge, and the entire criminal department of the city government are complaining of an unusual dearth of business in their line. There has been but three criminal prosecutions in the lower Court since the commencement of the current year.

Captain Joe, who commands the Washoe tribe in this vicinity, is getting vexed at the number of rows his people have been getting into of late. He says that he will decapitate the next Indian who provokes a cutting or stabbing affray. The Captain means business.

Tom Flynn, who wrote such interesting letters to the San Francisco Chronicle from here a few weeks since, is now sending illustrated letters to the same journal from Sacramento. Two to one Tom has a set-to before he leaves California's capital.

The people of the Arlington House tell some astonishing stories regarding Mrs. Bowers, who has recently given some trance tests in which nobody believes until they see them. Mrs. Bowers is now in Virginia and will not return until Monday.

MOORE'S THEATRE SALOON.—This prime old resort of the law makers, connibators and lovers of the pure old genuine is still commanding the front place. It is the only resort in Carson where genuine tea-kettle whisky and old New England rum can be produced when called for. C. Yeomans, manager.

THE UNION.—"Centennial" is the name of a new drink now to be found at the Union. It is a temptingly constructed affair and so elaborately gotten up that the house loses money on the goods.

SITUATION WANTED.—By a first class cook, who would also do general housework. Apply at this office

IMPURE BREATH.

Among all the disagreeable consequence that follow the decay of the teeth, an impure breath must be the most mortifying and unpleasant to its possessor, and it is the most inexcusable and offensive in society; and yet the cause of it may easily be removed by cleansing your teeth daily with that justly popular dentifrice, Fragrant SOZODONT. It purifies and sweetens the breath, cools and refreshes the mouth, and gives a pearl-like appearance to the teeth. Gentlemen who indulge in smoking should cleanse their teeth with SOZODONT, as it removes all unpleasant odors of the weed. Ask your druggist for it.

GOOD CIGARS.—Few men really know a good cigar when they find it. A man who smokes bad cigars discovers the facts only in the dullness of brain and holdover headaches which result. A dealer is alone responsible for bad cigars. You must trust to the seller and go it blind. Friend's store, opposite the Capitol, is a prime resort for men who never smoke poor weeds. His new brands are now in tremendous demand.

T. BRINER.—The fragrant flavor of one of Tobriner's cigars can readily be detected across Carson street. Some of his choice brands can be smoked in a parlor without leaving behind any disagreeable odor. A man who smokes these cigars can osculate with his wife without the slightest fear of detection.
