

**THE MORNING APPEAL**

H. R. MIGHELS, LESSEE

SUNDAY, DECEMBER 31

FOR PRESIDENT IN 1900  
WILLIAM JENNINGS BRYAN,  
Of Nebraska.

**CRUMPACKER'S BLOW**

The usual Congressional ass has put in an appearance. Representative Crumpacker, of Indiana, has brought forth a measure to cut down the quota of Southern Congressmen.

In other words, to benefit the Republican party Representative Crumpacker has evolved the brilliant scheme of depriving the Southern negroes of representation in Congress. The excuse given by Mr. Crumpacker for this is that many of the negroes cannot comply with State requirements regarding voters.

The negroes were deliberately enfranchised by the Republican party for the purpose of outwitting the Democrats in the South and to retain Republican power in the South.

Are the negroes more ignorant now than in 1866? Why does not the brilliant Mr. Crumpacker come forward with a scheme for reducing the Congressional representation of this State or of Massachusetts, on the ground that there are thousands of men in both States unable to fulfill the requirements exacted of voters?

Mr. Crumpacker's scheme is a deliberate attempt to persecute the South, and will be recognized as such by every man, white or colored, from Virginia to Texas. It will not work.

In Mania the Spanish dealers attempt to attract the trade of the American soldiers by hanging out signs printed in English, and if we may believe a Kansas boy, the result is often ludicrous. Here are a few of the signs: "My new rapide fotografy process is open." "We regulate watch crystals twenty cents one." "Smoking is defended here." Evidently it is the intent of the last announcement to let the soldier boys know that they will be permitted to smoke in the proprietor's store.—Kansas City Journal.

A woman in New York, who is President of the Pet Dog Club, urges that society women who have no children should not adopt any but get pet dogs instead, on the ground that you can always be certain of a dog's pedigree but cannot be as well posted on an adopted child.

If the pedigree of this shameless creature was traced and properly explained to the dogs, it is certain that the scrubbiest and mangiest cur in New York would not want to associate with her.
