Travelers insure against general accident, not accidents of travel only, but the thousand and one casualties to which men are exposed in their lawful pursuits. It issues policies for the year or month, which are written without delay by any authorized agent. It insures men of all occupations and professions, between the ages of eighteen and sixty-five, at premium of the properties of the ums which are graduated by the occupation and ex-nosure. The rates are low, varying from \$5 to \$10 a ear for each \$1000 insured (for occupations not classed as hazardous), covering both fatal and non-fatal disabling injuries, as may be seen by table of

alassed as hazardous), covering both fatal and nonfatal disabling injuries, as may be seen by table of
trates below.

The Travelers invites attention to the very large
number of losses actually paid (23,000), to the large
amount disbursed in cash benefits to its poicy bold
ers (over \$2,200.000), averaging seven hundred
dollars a day for every working day since the company began-business, and especially to the small cost
pany began-business, and especially to the small cost
trans. in preportion to the possible benefits.

To print the entire list of losses paid by the Trav

elers would require 250 columns of this paper.

A LESSON IN FINANCE.

Our correspondent, "B.," is so good as to offer us instruction in the rudiments of financial science. We are sensibly touched by this mark of interest on the part of our correspondent; but we may be permitted to suggest that his instructions would be enhanced gest that his instructions would be enhanced name of Nicholas Arthurs. Mr. Arthurs has a in value if he had understood the sentence of son, who has for a number of years past been the negro George Morris, who so brutally murdered the young mulatto woman Sarah Jones on the morning of November 30 last, on St. Louis is as follows: "What causes the depreciation denote the subject to periodical attacks of insanity, and who on the whole is rather weak-brained and flighty. is as follows: "What causes the depreciation of paper is not so much a redundant currency

the mergo George Sourie, whose or tentally interested decord the young maintan woman Saral Jones on the morning of Newt and pleaded guilty.

Indice Steeler forgated to accept the plea until the accuract land pleaded guilty.

Indice Steeler forgated to accept the plea until the accuract land consulted with his connect, land, and the state of the court years of paper in not so much a redundant currency of paper in the contract of the law, gazing account the room which the off-the court years of the law, gazing account the room which the off-the war redunding the indices of the law, gazing account the room which the off-the war redunding the indices of the law, gazing account the room which the off-the war redunding the indices and "room which the off-the war redunding account the room which the off-the war redunding the indices and "room which the off-the war redunding the indices and "room which the off-the war redunding the indices and "room which the off-the war redunding the indices and "room which the off-the war redunding the indices and "room which the off-the war reduced the individual to the boundary of the law of the war reduced to the state of the war reduced the individual to the indices and "room which the off-the war reduced to the state of the war reduced to the room of the plant of the war reduced to the pl ALL GOODS MARKED IN PLAIN FIGURES. ence committee, held last evening, composed of five members from the following clubs, viz: proposition: That paper (meaning the actual we may say, exclusively to inconvertibility. To make this proposition plain, it is only necessary to put it in another form, viz: if all paper were convertible into coin, there could be no depreciation with respect to coin. Even the traditional school-boy could tell that things convertibility. A thousand million, or two partiality must be beyond all question. We ask a call from our friends before purchasing, thousand million of paper, would of course stand at par with gold if it were convertible work of preparing the tickets and their subinto gold. Its depreciation begins the moment that it is made inconvertible, and the of the H. W. Allen Monument Association, extent of the depreciation is then, of course, mainly composed of a body of patriotic and measured by the volume of the currencywithin certain limits. A sufficient reduction interestedly laboring in one of the holiest of of the paper currency could be made to causes. This in itself would be ample guarbring it to par with gold, provided autee, but when even this is supplemented there is confidence in the ability by a committee of old citizens, all of whom and the intention of the Government are well-known in commercial circles and to redeem it in some form or another. Our whose names are household words in Now correspondent does not seem to see that this Orleans society, we must acknowledge that is at all necessary. Nevertheless, without everything possible to be done upon the score it, even government paper would be worth- of strict justice and equity has been more less. Mr. Mill says:

Manufacturing all kinds of
GERICO BOOLS, SHOES AND GATTERS, LADIES' AND CHILDREN'S SHOES,
Clothing for Men and Moys
Made to order at the same prices as store goods.
Work done at the lowest prices for parties who furnish their own at 12...
dip 1/2* "But, also, such a system of currency would have no advantages sufficient to recommend it to adoption. An inconvertible currency, regulated by the price of bullion, would conform exactly, in all its variations, to a convertible one, and the only advantage gained would be that of exemption from the necessity of keeping any reserve of the precious metals, which is not a very important to the date of drawing; General Commission Merchants, Wines, Brandies, Gins, Etc., Etc., Of course, if the paper were supposed to

pay in any form whatever, there could be no can be needed to recommend it to popular necessity for good faith. In truth, no govern- favor? ment paper ever maintained itself except unand it works the depreciation precisely be

element of value, whether its quantity were great or small. If it receives them, as it does now, precisely to that extent it redeems them. It is strange that our correspondent overlooked the enunciation of this obvious principle in the quotation made by him from Calhoun's works: "A paper issued by Government, with the simple promise to receive it in all its does, leaving its creditors to take it or gold and silver at their option, would, to the extent that it would circulate, form a perfect paper circulation." This is very plain, and nobody disputes it but our correspondent, who, in his zeal to instruct us, neglects to notice that the voluntary and essentially redeemable currency described by sentially redeemable currency described by A Shower of Gold Mr. Calhoun, is a very different thing from A Shower of Gold A Shower of Gold A Shower of Gold the inconvertible and compulsorily circulated currency which seems to be our correspond-

The proofs in favor of the New La. Remedy for coughs and throat and lung complaints are daily increasing. If you doubt it, call at the depot, 106 Camp street, and see. It is a product of our swamps. It contains no poison and is delicious.

A KIDNAPPING CASE.

Who Is Prof. Anderson?

There resides in this city a gentleman by the

SATISFACTORY AND CONCLUSIVE.

It is difficult to conceive of more admirable arrangements than those already made for the conduct of the great Golden Drawing which are equal to the same things are equal of the Louisiana State Lottery Company, anto one another, and that things which are nounced for Monday, Dec. 27th. With almost mutually convertible, are mutually equal. an exclusive view to the ticket holder's in-And what is this as applied to currency but terest the management has so surrounded an expression of the fact that the inequality and enveloped it with precantionary measures, of depreciation depends upon the absence of that its entire fairness, equitability and im-The public will rejoice with us that the
