## These Tremendous Advantages—

More power—35 horsepower motor.  
More room—112-inch wheelbase.  
Greater comfort—long, 48-inch cantilever rear springs and 4-inch tires.  
Greater convenience—electrical control buttons on steering column.  
Bigger, safer brakes—service, 13½x2¼; emergency, 13x2¼.  
Better cooling—you never heard of an Overland motor overheating.

These are tremendous advantages over anything to be had in other cars that sell for anywhere near as low a price.  
And they make it hard for us to keep up with orders.  
The factory has never yet caught up with the demand.  
You ought to own one of these cars—nothing else so big and fine for the money.  
Come in and order yours now.
