U M Baker received the sad message Sunday that his brother-in-law, John Meade, had been accidentally killed. Under the most favorable omens and in the presence of about seventy-five invited relatives and friends, two of Milton Junction's most honored young people, Miss Cora I Kidder and E Gilman Jones, at high noon on Wednesday, June 16, 1909, at the beautiful home of the bride's parents, Mr and Mrs N W Kidder, took the solemn vows that unite them as one for life's journey.

#### Stoughton

Miss Carrie Hutson has returned home from Los Angeles, Cal, where she has spent the winter with her brother, Frank Johnson.

Mrs George Nohr of Oklahoma City, Oklahoma, is here for the annual vacation with her father, ex-Mayor O J Melaas. She is accompanied by her little daughter.

George Bryant suffered a broken leg Thursday afternoon while engaged in digging up some water-pipe between the windmill and the tank on his farm southeast of town. He was working in a five-foot trench when one of the sides caved in and fell on his right leg, breaking the bone.

Charley Hanson and his party of young people who were about to take a launch ride on the Yahara Tuesday evening, may thank their good luck and a kind providence that they were not all drowned or burned to death by the explosion of their gasoline engine. The engine was disabled and the boat took fire, but all escaped without injury.

The old settlers' annual gathering of Wednesday was like all former ones, largely attended and a success in every particular. The meeting was held at the farm home of Wm LaFay and the guests were made to feel that they were right at home. The usual elaborate noon-day meal was served, followed by the regular program of speaking, music and a general good time. The next meeting will be held at the home of T G Taylor in Dunkirk.

For having in their possession small pike of less than one pound in weight, R W Emmerson, F A Emery, E T Carey and U Swigley, all of Rockford, were taken before Judge Donovan Wednesday and paid in fine and costs \$13.50 each. The gentlemen were staying with Landlord Testal and when they landed at the dock after the day's fishing their catch was closely examined by several were found to be under weight. John Johnson, an old time fisherman who camps at Sugar Bush Point, was arrested for using set lines, over 2500 feet being found, and in default of a fine of \$25 was sent to the county jail for 30 days. Game Warden W W Burgett of Whitewater and D W Tuttle of Oconomowoc did the business.

#### Evansville

Miss Adelaide Evans has returned from her school work at the Grafton Hall college, having received her graduating degree. In addition she was specially honored with two prizes, one a hand-painted loving cup for the best English work in her class, and for the same in the school received another one of ten dollars.

A quiet wedding was that at the Methodist parsonage Tuesday forenoon when Miss Beulah E North, eldest daughter of Rev T W North and wife, was united to William P Cresap of Miles City, Mont. For the past four years the bride has been an instructor of music in the public schools of that city, and while there formed the acquaintanceship of Mr Cresap, who is one of the leading merchants in that city. The wedding was a quiet one, only the family being present, and the father of the bride performing the ceremony. Immediately after the congratulations had been extended the couple prepared for their journey westward, taking the noon train.

Mrs Mary H Sperry passed quietly away Saturday, June 12, aged 83 years. Again another early settler of this section has been called, and the ranks of the pioneer are being rapidly lessened as the years fly past. Mrs Mary Holtenbeck Sperry was born in Madison county, New York, June 20, 1826, and with her parents came west in 1846, locating in the town of Union. In 1847 she was united in marriage to Charles E Sperry and since that time has resided in the town of Porter. To this union five children were born, four of whom, Mrs Isadore C Tolles of McCool Junction, Neb, Chas W Sperry of this city, Frank D and Etta M, who are residing on the old home farm, survive.

The Irish picnic and field exercises, held at the Evansville fair grounds on Wednesday, were attended by more than 3,000 people and were a success financially and otherwise. The big features were the horse races, relay races and two games of base ball. Mark Hain, owned by M Conway, Edgerton, won the horse race. The Evansville team won the relay race and got a banner and silver cup for their victory. Evansville defeated Albany in the first ball game 3 to 1. It took Beloit thirteen innings to win, 3 to 2 from Footville in the afternoon game. The amount realized is to apply on the indebtedness of the Evansville Catholic church.

#### Fort Atkinson

Shepherd Griffey met with a serious accident one day last week. An automobile going at very high speed struck him before he could get out of the way, fracturing a rib and bruising him very severely.

It seems hard to believe that a valuable dog chained to his kennel would be shot and killed from ambush by a neighbor, yet such is the charge made by our Chief of Police Henry Wooden, whose fine rabbit hound "Sport" was shot on June 4 as he claims from ambush by a neighbor.

The death of Postmaster John G Ruel of Helenville, this county, has cast a gloom over that little community, where every one was his friend. About a year ago he was attacked with tuberculosis of the throat, which later affected his lungs. He failed steadily until his death which occurred Friday, June 11, at 2 a m.

It can now be authoritatively stated that Fort Atkinson will soon have a new banking institution. The bank will be known as "The People's State Bank." Sufficient stock has already been subscribed among business men and citizens and the project will be pushed to completion by the promoters without delay.

So bitter is the feeling against the carnival company which had been giving performances here this week that the local chapter of the Daughters of the American Revolution will not accept any money that may be tendered as its share of the proceeds, the exhibitions having been arranged for the benefit of the chapter. Another result will be that the city in the future will deny the use of the streets to any similar company, no matter for whose pecuniary profit the attraction is booked.

#### Cambridge

Many of the farmers in this vicinity started planting tobacco this week. As a rule the plants are not very large and strong, owing to the cold, wet season, but with favorable weather conditions from now on there are yet hopes for a good crop of the weed.

The heaviest rain storm of the season passed over this section last Saturday night, flooding the low lands and doing some damage to crops. The stone culvert at Theo Kense's, west of town, was washed away and other washouts are reported. The rain retarded farm work on some of the land for several days.

One of the busiest places in this village is the Prairie Queen creamery. At present the factory is running to its full capacity in turning out the golden-colored product. Some idea of the vast amount of business may be gleaned from the fact that more than three tons of butter are manufactured every week and it is expected that before the end of the month 7,000 pounds per week will be reached. There is perhaps not another factory in Dane or Jefferson county that can show a like volume of business. And the best of it is, the product from this factory ranks with the best butter made in the state. The genial and proficient manager and buttermaker, Fred Burleson, has on several occasions carried off first or second honors at the monthly butter scoring contest held at the state university. He sends a sample regularly and the scores he receives are always near the top.

For the poor man we have 33,000 acres wild land in Minnesota. Improved farms all through it. Creameries, schools, churches everywhere. Plenty of timber. Railroads, telephone. This land is just as good as any land, and an acre of potatoes there will produce as many dollars as an acre of tobacco here. This land can be had for one-tenth the price of land here. See us for particulars.—North & Wentworth.

Now is your chance to buy wool suits at a great saving. Suits that formerly sold from \$15.00 up to \$15.00 all for one price. Your choice at \$9.50.—T. P. Burns, Janesville.

#### Field of Honor Commission.

Perhaps wit is stimulated by a slight arrangement of the nerves, and good things said on the field of battle are sometimes recorded. When "Bully" Egan fought Curran with pistols the bully Egan complained that his opponent was as thin as a blade of grass. "Let my size be chalked out upon your body," said Curran, "and any hits outside of the line shall not count."

It was not good form, however, to make a parade of magnanimity, and the coxcombical practice of firing in the air or "dumb shooting" or "children's play" was strictly prohibited by the rules, of which thirty-six were drawn up by representatives of the five most eminent counties—Galway, Tipperary, Mayo, Sligo and Roscommon—in 1777. They met at the summer asizes at Clonmel and seem to have done their work very gravely and honestly, including a special rule for "simple, unpremeditated encounters with the small sword." There is a large element of absurdity about it all no doubt, but even duelling has had its place as a rough, inefficient test of manhood.—Blackwood's Magazine.

#### Grand People in London in 1806.

"I came to town on Wednesday and intended to go to the Ancient Music; made a Bungle about my Ticket; it was too late to get it. The Drawing Room was the object yesterday. They made a mistake in my Dress. It was not deep enough for my Mourning, and the glass of my Sedan Chair was not mended. Looked at my Lodgings; found them Abominable. I walked all over the Town till I was, Lord, how tired! Looked in upon the Duchess of Gordon while she took off her Hoop to Dine with the Bedfords."

This was Jane, duchess of Gordon, who rode down the High street of Edinburgh on a pig's back in the days of her wild girlhood and raised recruits for the new highland regiment when other means had failed by allowing each man to take the shilling from between her lips. Hoops were de rigueur for court dress until the days of George IV., although in private life the ladies' skirts had been growing more and more scanty since the days of the French revolution.—From "John Hookham Frere and His Friends." by Gabrielle Festing.

#### Winning a Violin.

The way M. Ysaye, the great violinist, became the owner of a Guarnerius violin dated 1742 was thus quaintly told by himself:

"The Guarnerius was bought in Paris by a pupil of mine, a charming young woman. I envied her the violin, and fate gave it to me. I teach this pupil, and by and by I meet her sister, a most lovely young woman, with whom I fall in love straightway and marry. Soon I go to my sister-in-law, who was my pupil, and say to her:

"It is time you stop fooling with violin. You will never learn how to play it. I take the liberty of a big brother, but she do not like it for long time. At last she succumb to my experience and wisdom, and she stops playing. Then I say grandiloquently: 'I will take the Guarnerius, 1742.' I take it, and that is how the violin came into the possession of Ysaye."
