CORRESPONDENCE

Deerfield

Elmer Anderson, a former Deerfield boy, who is now serving his second term in the South Dakota legislature, has stirred up trouble for office holders in his state. Hearing of some intimations of irregularity in certain state offices, Mr. Anderson secured the appointment of an investigating committee. Before the committee got fairly started one official resigned and confessed to having received money under false pretenses. Rumors of other irregularities are thick around the capital. What puzzles us is that in a state so strongly saturated with LaFolletteism and Rooseveltism, there could be any grafters elected to office.

Lorenzo Dow Kelly passed away at the home of his daughter, Mrs. S. T. Brown, 1716 Jefferson street, Madison, Wednesday morning. On February 4 Mr. Kelly celebrated the 95th anniversary of his birthday. He is survived by two sons, Chas. E. of Los Angeles and H. E. Kelly of Grundy Center, and one daughter, Mrs. T. S. Brown. His wife died four years ago. Mr. Kelly was born in the town of Perrinton, Orleans county, N. Y., in 1818. In 1838 he was married to Jane Hill of that place and they came to Liberty Prairie, town of Cottage Grove, in the fall of 1846 and were among the first promoters of society in the school and church.

Martinus Peterson, Pete Himley and Arne Tellefson were found sleeping in the roundhouse of the London-Cambridge railway at Cambridge last Friday morning. They had broken in and to make their rest more comfortable had kindled a fire in the locomotive, although there was little or no water in the boiler, and thus damaged some of the flues. There being no justice of the peace in Cambridge, Mr. Delemeter swore out a warrant before Judge Nelson of this village. They were arrested and brought into court here Tuesday evening. Himley and Tellefson were willing to plead guilty, but Peterson refused and a trial had to take place. The trial was held and the prisoners sentenced and taken to the Dane county jail on the 8 o'clock evening train. Peterson got 40 days and Himley and Tellefson 30 days each.

Cambridge

Mrs. C. G. Thompson had a serious fall Sunday night returning from the home of her daughter, Mrs. J. F. Johnson. Her shoulder was badly bruised but no bones broken.

A deal was made this week whereby Wm. Berge came into possession of Mr. O. H. Hanson's village residence, Mr. Hanson taking over Mr. Berge's farm. We have not learned what Mr. Hanson's further plans are.

At the annual meeting of Cambridge Local Union No. 1192 A. S. of E. at Rockdale on March 7, 1913, a resolution was adopted changing the name to Rockdale Local Union No. 1182 A. S. of E., and also that future meetings of said local be held at Rockdale. The following officers were elected for the ensuing year: J. C. Hanson, president; L. K. Lier, vice president; J. O. Ellickson, secretary-treasurer.

The funeral of Mrs. W. D. Potter, a former resident of our village, was held in the Presbyterian church last Thursday. The remains were laid to rest in the family lot in Lake Ripley cemetery. Mrs. Potter, a sister of the late Captain Slagg, was an early settler here where she spent the most of her life. Her last years were spent at Amboy, Ill., with her daughter, Miss Maggie Potter, and a son, Mr. Ed Potter. Besides these two there are left three sons, Joe, Lou and Frank, and another daughter, Mrs. Wilmetts, to mourn the loss of a kind, loving mother.

Fort Atkinson.

On Sunday last occurred the eighty-second birthday of one of our oldest and most respected citizens, Yates Wentworth, and he was kept busy all day shaking hands with many friends who stepped in to greet him.

Mrs. Ethel Ogden-Gilbert, wife of W. C. Gilbert and daughter of Dr. and Mrs. Henry Ogden of this city, died at her home in Evanston, Ill., Wednesday, aged about 40 years, of heart disease. She leaves, besides those named above, a daughter Kate, aged 8 years.

Milton

The Milton and Milton Junction Telephone Co. has increased its capital stock from \$20,000 to \$50,000.

Theo. Davis and family have arrived from Farina, Ill., and as soon as their goods arrive they will make Milton Junction their home.

Mrs. Joseph Entress went to Janesville Monday, and Tuesday underwent a very serious operation at Mercy hospital. Her condition is very serious but she is doing as well as could be expected.

J. D. Clarke got first prize on dairy butter at the Janesville mid-winter fair, and his wife first on patchwork quilt. Mrs. Scott Robinson got first and Mrs. Harry Robinson third on cotton or linen pillow.

Monday forenoon the news was spread that between 9 and 10 o'clock on the morning of March 10, Miss Lydia Morgan and Mr. Ray Hull, both of Milton Junction, had stolen a march on their friends and were joined in the holy bonds of matrimony.

Mr. E. D. Coon writes from Custer county, Montana, that the county is prosperous and expecting a large number of new people this spring. His sister-in-law, Mrs. Eliza Coon, proves up her claim this week. Mr. Coon has had a fine offer for his claim and may sell instead of staying to prove up, having lost two years' time caring for his parents.

Evansville

Mr. Elmer L. Fish, of the firm of Trevorrah & Fish of Footville, has disposed of his interest in the firm to Mr. J. F. Trevorrah, and has bought out an up to date grocery store in Whitewater.

Mr. Willman, state pure food inspector, spent last week in Evansville making a thorough investigation of the local stores, markets, creamery, milk depot, etc. He found conditions generally very good.

Serena Potter was born in Indiana in 1837 and died March 10, 1913, at the age of 75 years, 6 months and 15 days. She was married to Wm. H. Crawford May 12, 1860, and very soon thereafter moved to Illinois. They moved to Wisconsin in 1864 and have lived in the town of Union continuously.

Mr. and Mrs. Thomas Riley stopped in Evansville for a short time Friday afternoon. They are under a \$30,000 contract for the Elks Club in New York City, and are walking from coast to coast. They started from Pittsburgh, March 30, 1912, going to Seattle, Wash. They are now on their return stroll to New York City, where they expect to end their trip July 4.

At the close of work last week, Miss Ruth Harte finished her fifteenth season of working in tobacco. During this time it is carefully estimated that she has sorted at least 200,000 pounds of tobacco, which is the equal of ten car loads. Last Friday evening she was completely surprised as Mr. Clint Scofield, in behalf of her assembled fellow workers, at the S. E. Barnard & Co. sorting rooms, presented her with a handsome library table. It is understood she will soon have use for such a piece of furniture.

Stoughton

Halverson & Bitter began assorting at warehouse No. 16 Monday morning with a crew of about 30 and expect to have a six weeks' run.

W. T. Olson, who recently sold his farm east of the city at a high figure, will move to Stoughton with his family and is bargaining for a house on the west side. He may enter the leaf tobacco trade.

Mr. and Mrs. Roy Coon, who the past two years have assisted the latter's father, Captain J. M. Estes, on his farm east of town, have rented Mrs. L. D. Thompson's residence on South street and moved to town.

Miss Idella Olson, daughter of Mr. and Mrs. Ole T. Olson of Cottage Grove, will be united in wedlock soon to Lloyd Krostu, a son of Rev. G. G. Krostu, pastor of the East and West Koskonong churches. Miss Olson has been given a number of showers of late.

Mr. and Mrs. Ole Peterson and two children left Monday for New York, where they next Wednesday embark for Norway on the Cunarder Compania. Mr. Peterson, who last year raised tobacco on John Halverson's farm on Wheeler Prairie, expects to take over his father's farm in Sogn, Norway.

Ray Anderson, who for nearly two weeks has been in quarantine because of diphtheria in his family, has resumed his duties at the Mandt wagon works. His little son Carrier, who was first taken ill, is well again, and Mrs. Anderson, who also became afflicted with the disease, is now all right.

Putting It Mildly.

She was only sixteen stone and three-quarters, so that when she trod on a banana skin she subsided very gently. A polite shopkeeper came out to assist her to rise from a box of his best new laid eggs.

"Oh, I do hope I have not broken them!" she cried.

"Not at all, madam," said the polite one; "they are only bent."—London Globe.

Time's Changes.

"You," said she as she came down the stairs leisurely pulling on her gloves—"you used to say I was worth my weight in gold."

"Well, what if I did?" he asked, looking at his watch for the third time in fifteen minutes.

"And now you don't think I'm worth a wait of two minutes."

Brag.

When we are children we brag about our parents. When we get to be young men and young women we brag about ourselves. When we become older we brag about our children.

Men have a touchstone whereby to try gold, but gold is the touchstone whereby to try men.—Fuller.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

F. J. Cheeney & Co., Toledo, O. Sold by druggists. 75c. Take Hall's Family Pills for Constipation

In the matter of D. W. North, Plaintiff,

vs. Charles Saunders, Defendant.

Henry Thronson, Garnishee Defendant. Whereas service has not been had on the defendant in the above entitled action, it is my order that the plaintiff, D. W. North, publish in the Wisconsin Tobacco Reporter, a weekly newspaper published at Edgerton, Wis., for two consecutive weeks, notice to the defendant that garnishment has been issued against him and his property attached to satisfy the demand of the plaintiff, and that unless he appear before me, a Justice of the Peace for Rock Co., Wis., on the 3rd day of April, 1913, at 10 o'clock a. m., at my office in Edgerton, Wis., judgment will be rendered against him and his property taken to pay the debt.

F. W. BREWER, Justice of the Peace.

Progressive Women
Command Admiration

for the fight they are making against influences that tend to demoralize the home. Every woman is by instinct a natural lover of home. From time immemorial they have been the prime movers in home building. From our experience few homes are built in which woman is not the dominating central figure and it is her thought that plans and controls. When it comes to selecting lumber, it does not take her long to see the saving in the carpenter's labor bill by supplying him with nice smooth lumber suitable for the purpose intended. The modern equipped mills from which we buy our lumber, pride themselves on smooth high grade stock and the materials in our yards certainly justify a careful comparison by any home builder who wants the most for his money. Come in and see what we have to offer.
