**Awarded \$25 and Costs.**  
Justice Fisher's court room was crowded this morning when the case of Dr. S. Clay Todd, who was sued for damages by Mrs. Francis Eade, came up for trial. Attorney W. J. McDonald appeared for the plaintiff and Attorney O. J. Larson was for the defendant. It took from 10 o'clock this morning until 2 this afternoon to settle the case. There was a good deal of trouble in securing a jury agreeable to both sides, but the following gentlemen were finally secured: J. H. Joelin, Joseph Wilmer, J. H. Johnson, Joseph Murphy, James Lang and James Hocking.  
Only two witnesses were examined, the plaintiff and defendant, in the case. The testimony long drawn out and most of the time was spent by the attorneys in arguing points of law in regard to the case. Mrs. Eade claimed that the doctor agreed to cure her in a month, that she was not any better at the end of the time than when she began the treatment and wanted damages to the amount of \$100 for her trouble, etc. The jury was not

out long when a verdict was rendered for the plaintiff for \$25 and costs.  
Dr. Todd has decided to appeal the case and has instructed his attorney to take the necessary steps to do so.

#### IN MEMORIAM.

CALUMET, Mich., May 13, 1897.  
WHEREAS, The Great Ruler of the universe has in His infinite wisdom removed from our midst our worthy and esteemed brother, William H. Sanders; and

Mrs. A. Inveen, residing at 720 Henry St., Alton, Ill., suffered with sciatic rheumatism for over eight months. She doctor for it nearly the whole of this time, trying various remedies recommended by friends, and was treated by the physicians, but received no relief. She then used one and a half bottles of Chamberlain's Pain Balm, which effected a complete cure. This is published at her request, as she wants others similarly afflicted to know what cured her. ... Our Crusade ...  
**Against Fake Shoe Selling**

The shoe fakirs, it seems, are again in their glory. A handful of odds and ends bought from some unfortunate bankrupt are generally the excuse for unloading a lot of BOUGHT-UP-SHOE TRASH on an unsuspecting public under the guise of all sorts of unusual shoe sales.

We are going to meet this competition with square, honest footwear, every pair of which we guarantee as to their quality, back of which stands our reputation for honest upright merchandising, and we pledge ourselves to make good every pair if not up to standard, or as represented. We will use every endeavor to drive out all dishonorable shoe merchandising in Calumet and vicinity in short order.

**The Advance!**

A Perfect Beauty From Any Point of View. Good Points Contained in the Advance.

- The top frame tube is shortened, which brings the rider more directly over his work, enabling him not only to use his muscles to work with, but also the weight of his body. It also stiffens the frame and gives the rider a general feeling of power and stability when riding.
- Flush joints and reinforced in such a thorough manner that frame is remarkable strong.
- Fauber crank and hanger, this is so well known comments are needless.
- We give you as good a chain as there is made. It is the Indianapolis Steel company's chain.
- Arch fork crown, combining strength and elegance.
- Hubs turned out of solid steel; cones and ball rolls turned out of solid tool steel, carefully tempered. All bearings ball retaining.
- Handsome and elegant finish. Every wheel receives four coats of enamel, which insures a good permanent appearance.

We could enlarge further on the many good qualities of our wheels, but inasmuch as we have the samples, we leave them to speak for themselves.
