FINNISH-AMERICAN MINING BOARD MEETS HERE FRIDAY

Will Be Preliminary to Annual Meeting to be Held in Duluth Next Week.

COMPANY TO BUILD RAILROAD

A regular meeting of the board of directors of the Finnish-American Mining company will be held Friday evening in the company's local offices in the Calumet State bank building. This meeting will be an important one as it will precede the annual meeting of the company, which is to be held in Duluth early next week. The Calumet members of the board will leave for Duluth Monday evening.

The board will likely come to a decision at Friday evening's meeting here concerning the building of a railroad, which will be either 5 or 10 miles in length. The company has two propositions for transportation, one requiring a railroad 10 miles in length, and the other 5 miles in length, the latter connecting with the sea-board. It is probable that the latter will be adopted, and the company's production shipped by boat regularly to either Germany, England, or Sweden. Plants in all three countries are engaged in testing the company's ores. Returns from these tests are expected any time now, and the most favorable likely will be accepted. A Swedish engineer has invented a process which he is anxious to try on the Finnish-American Mining company's ores. This opportunity will be afforded him as Sweden would be the nearest shipping point.

HOCKEY GAME ARRANGED.

Arrangements have been made for a hockey game to be played in Calumet between the Lake Linden and Osceola teams Thursday evening. Luma; left wing, H. Hannanah; right wing, W. Cordy; cover point, C. Neva; point, W. Loukin; and goal, A. Malin-zark.

Mr. Wood has been in ailing health for the past two years, but up to that time was most active in the duties of his profession. In addition to the valuable work he has done to promote mining interests in this state Mr. Wood also claimed the honor of the discovery of carbonate ore in Leadville, Col. He was connected with the American Association of Mining Engineers, and also a member of the Sons of the American Revolution. He leaves two children, Mrs. C. L. Coffin of this city, and Lewis N. Wood of Oakland, Cal.

COMET, LOST OR STRAYED.

Prof. Hussey, head of the department of astronomy at the university of Michigan, says that the comet which is now apparent in the western sky, is not Halley's comet; just simply an ordinary comet which has shifted over this way from South Africa, where it was first visible about Jan. 17. It was then 10 degrees southwest of the sun; now it is about 15 degrees northeast of Old Sol. It is known as "Comet A." is perfectly harmless and would never think of paying the earth a visit, the professor declares.

Mrs. Gus Preuss, accompanied by her mother, Mrs. Lewis, left yesterday afternoon for Milwaukee, where the latter will have her eyes examined.

SAYS HE RECEIVED LETTER WHICH THREATENED HIS LIFE

Lucas Sulenta Wants Joseph Grashak Placed Under Bond to Keep Peace.

NICE ROW AT A CHRISTENING

Badly scared, it is alleged, because he received a threatening letter from a fellow boarder, Lucas Sulenta, of Raymbaultown, appeared in Justice Fisher's court this morning, accompanied by two witnesses, and swore out a complaint against Joseph Grashak, asking for a surety bond to keep the peace. Grashak will be brought into court this evening.

According to the story of the complaining witness he entered the kitchen of the boarding house, where Grashak also boards, Monday, and saw a letter addressed to himself on the kitchen shelf. He opened it, he claims, and found that it contained threats to do him bodily injury, and that the communication was signed by Grashak.

Row at a Christening. It was during a christening ceremony that James Kovac got into trouble. He was charged in Justice Jackson's court yesterday with assault and battery, complaint being made by Maria Rozak, who charged Kovac with handling her roughly. The defendant pleaded guilty and was fined \$5 and costs. There are other arrests to be made in connection with this self-same christening. It being alleged that for a time a small riot occurred. Beer bottles are alleged to have been thrown indiscriminately, and several were slightly injured. Several complaints have been sworn out.

NEW CLUB IS ORGANIZED.

At a meeting held this week steps were taken to organize a club which will be known as the "Midnight Social Club." It will be composed of a number of young men, and its purposes will be largely social. The following officers were elected:

President, J. Roy.

Secretary, A. Maleko.
Meetings will be held at regular intervals.

PROPOSED LEAGUE POPULAR.

Interest is being aroused in the proposed Y. M. C. A.-Commercial indoor basketball league. A number of members have already joined, and when a sufficient number have been enrolled a meeting will be called to perfect the organization. The proposed six teams are to be named after six of the prominent business places of this district, the idea being to excite interest generally. It is believed that the games will be well patronized.

I wish to announce that I am a candidate for the office of treasurer of the village of Laurium and ask the support of my friends at the caucus.
