JEFFRIES WILL PROFIT BY COMING ENGAGEMENT

White Man Defeats Johnson He Need Not Worry About Financial Matters.

FIVE CHAMPIONS WILL TOUR

This is pretty soft for Jim Jeffries. Guaranteed \$150,000 for his end, or a salary of \$1,000 per week and 50 per cent. of the profits, James J. Jeffries will start in a nine months' tour of the world at the head of an athletic show on July 8, providing he regains the title of world's heavy weight champion in his meeting with Jack Johnson on July 4.

This announcement was made recently in Chicago by H. H. Frazer, the theatrical man who is promoting the present tour of the Jeffries troupe which ends in Duluth on February 13. Except from the stupendous earnings within the grasp of a boxer, the announcement is not so surprising as a piece of news for such a tour generally was anticipated, but it is significant in these days of argument as to whether the fight ever will take place.

The tour is contingent on Jeffries' victory over Johnson. Without a battle, there could be no victory. Ergo Jeffries will fight Johnson not alone to regain the title for the white race but for a fortune in purse, moving pictures, and theatrical dates.

Accompanying Jeffries on his trip, according to Mr. Frazer, will be James J. Corbett, Stanley Ketchell, possibly Gatch Nelson, Sam Berger, Frank Gotch, Dr. Rother and Farmer Burns or some man of about equal caliber. The entire party which is expected to number ten, will travel in a special train in this country and Canada, to which will be devoted sixty days of the time, the contract calling for exhibitions in two towns a day where it is possible to make the connections.

Ending the American tour with a show at Madison Square garden, New York, the troupe will travel through Ireland, Scotland and England in the order named, then to France, Germany, Austria, Russia, through China and Japan, where the wrestlers are expected to prove the attraction, on to South Africa and Australia, ending in San Francisco.

DEFENDS FATFOOTED ONES.

Buffalo, Feb. 3.—In reply to Jim Corbett's flatfoot criticism, Johnson, flatfoot recently that Sharkey, Jeffries, Fitzsimmons, Jackson, McAuliffe, Gass, Griggs, all the great fighters, fought flatfoot. "Corbett should speak with reverence of the flatfoot," said Johnson. "Fatfooted boxers made him call for the police."

Jack Johnson also made two definite replies to Sam Langford. He will post \$10,000 now for a match after the Jeffries fight, win or lose, and will in the interim back Jeannette for \$2,500 against Sam.

TY COBB A PAPA.

Augusta, Ga., Feb. 3.—Another star has arisen in the baseball firmament. "Ty" Cobb, Jr., was born to Mr. and Mrs. Tyrus Cobb at the home of Mrs. Cobb's parents in this city Monday night. Almost a bushel of congratulations poured in on the American league champion batter throughout the day.

THREE MICHIGAN SCHOOLS.

Notre Dame Will Play Hard Schedule of Football Games.

Notre Dame, Ind., Feb. 3.—The football schedule for next fall has been announced by Manager Curtis. The following games will be played:

Oct. 7.—Olivet at Notre Dame.
Oct. 29.—Michigan Agricultural college at Lansing.
Nov. 5.—Michigan at Ann Arbor.
Nov. 14.—Wabash at Crawfordsville.

Alumni at Notre Dame; date open. Thanksgiving day—Marquette at Chicago or Milwaukee.

Arrangements for a game with Pittsburg university are pending. Capt. Elmer Vaughan, who was just recovering from an injured knee sustained last season, injured the knee in the same way while taking flight practice with the basketball team, and may be permanently incapacitated. He has no chance of getting into shape during the basketball season.

GYMNASIUM WORK GREAT HELP TO POOR CRIPPLE

Keene Fitzpatrick Tells of Benefits Derived From Athletic Training.

GREAT IMPROVEMENT NOTED

Athletic training, gymnasium work and physical culture works to the benefit of everyone who takes it up. Keene Fitzpatrick, the noted coach of Michigan track teams, relates a story of a student who entered the university a few years ago, as an example of the benefits derived from skilled instruction.

"This student came to me," says Fitzpatrick, "to get excused from gymnasium work, which is compulsory for freshmen. 'As you see,' he said, 'it will be impossible for me to take the work.'"

The man was horribly crippled, and had been so from birth. He had never walked a step. He covered the ground with a peculiar shuffling, never lifting his feet.

"His hands were closed, almost shut, and he was unable to raise them above his head. His legs were twisted out of shape, and he could not control his head and neck. At times, when least expected, his chin would drop to his chest, and it required several attempts, frequently, for him to bring his head to an upright position."

"Of course, Mr. Fitzpatrick, you see it is utterly impossible for me to take any work," he said.

"I told him I did not think so. 'It is impossible. I could not spare the time. Why, the undressing and dressing for gym work would take too much time, if there was no other reason. I cannot dress in less than 15 minutes, and have to have assistance.'"

"Young man," I said, "you are about the worst I have ever had anything to do with, but gym work will benefit you. I will teach you to walk."

"Well, he started in with his work, and proved my hardest problem. I had to invent exercises for him to strengthen every part of his body. After a time he could raise his arms high above his head. Before the first term the times he lost control of his neck muscles were few and far between. In the end he had almost perfect control of them."

"What he prized most was that he learned to walk. Day after day I taught him. I showed him how to step and helped him with my hands to take steps. The first two steps he took alone were followed by tears of joy. Of course, he will never be able to walk as an able-bodied man, but he learned to discard his shuffle."

"Because he learned to use his legs, he acquired the mastery of a bicycle, and the second summer vacation he traveled about the country, canvassing for books, and earned enough to put him through college. This is but an instance of gymnasium work's benefits. If people realized the value of physical culture, we would be a splendidly developed race of men and women."

HOCKEY GAME TONIGHT.

An interesting hockey contest will take place at the Glaciarium this evening between the Calumet and Mohawk teams. The local fans are hoping for a victory and they have much more confidence since the defeat of the Mohawk team a short time ago. It is expected that a large number of local fans will attend the game.

AMHERST TO QUIT FOOTBALL.

Boston, Feb. 3.—"Maybe there won't be any football at Amherst and some of the other colleges next year if radical changes are not made in the playing rules," declared President George Harris in his speech to the members of the Amherst Alumni association at a banquet recently. President Harris stated he believed the changes would be made, however, and that, in any event, athletics must form a part of the student life. If not football, he said, then it must be some good substitute.

CHANGE OF BILL THURSDAY

PRSDENT TAFT WOULD SEND ATHLETES ABROAD

Washington, D. C., Feb. 3.—American athletes will participate in the international field sports exposition at Vienna, Austria, at government expense, if a recommendation made by President Taft be adopted by congress. The president's recommendation was based upon a request made through the secretary of state by the Austrian ambassador. The deep interest of Mr. Taft in this matter is shown by the fact that he has communicated his recommendation in a formal message to congress.

The exposition originally contemplated by the Austrian government primarily had to do with the chase and include hunting in all forms. The government also desired exhibits in the way of manufactures of rifles and arms of all kinds. It since has been extended to include field sports, and all nations have been invited to send their best athletes to take part. If the appropriations be made by congress, unquestionably the United States will send a team which will do its level best to uphold the athletic honor of this country.

The President's recommendation has been referred to the committee on foreign affairs. It will be an extremely difficult matter if the appropriation is made to determine why should represent the United States. For this reason it would surprise no one should it finally be determined merely to confine representation to an exhibit which will show what has been done in this country in the way of development of field sports.

HOPPE CLAIMS TITLE.

Claims Sutton Has Not Kept His Agreement to Play Match.

Pittsburg, Feb. 3.—Angered by the refusal of George Sutton, the 18.1 ball line billiard champion, to live up to an agreement to play a match, Willie Hoppe, the young billiard champion, has formally claimed the 18.1 ball line championship and the emblem which he says belongs to him by default. Sutton won the title from Sloan in New York and Hoppe asserts that Sutton agreed to defend it at Orchestra hall, Chicago, March 14, 15 and 16. According to Hoppe the match was to be played 500 points a night.

Sutton now wants the 1,500 points played in one night, and Hoppe claims his health will not permit of such hard playing. Hoppe says he has never before claimed a contest by default, but he cannot see how he can do otherwise in this case.

IS A PERSONAL ISSUE.

Battling Nelson and his manager, John R. Robinson, blew into Los Angeles Tuesday from New Mexico, where the fighting Dane has a ranch at a place called O-Bar and where the two stopped over for several days. The fight with Ad Wolfast will be sort of a grudge affair, as the Dane cordially hates his Dutch rival. "I have no use for Wolfast," said the Battler, showing much feeling. "He is chock full of conceit and is given to boasting, but I'll take all the conceit out of him."

CHICAGO IS INVADDED.

The invasion of Chicago by the office force of the American association was completed Monday when President Chivington formally opened headquarters in room 1414, Fisher building. The original plans were to locate on the twentieth floor, but at the last moment Chivington decided that stop fourteen was far enough from terra firma. The first official act of the A. A. head upon reaching his new home was the signing of Empire Club, Chicago, who acted as arbiter last season under the O'Brien regime. This makes the fifth umpire that has been signed for next season, the others being Owens, Van Syckle, Cusack and Ferguson.

Sensational Outfielder of Boston Americans

TRIS SPEAKER.

Boston, Feb. 3.—It pays to be a star ball player. A player who is ranked with Ty Cobb, Honus Wagner and the best in the game. Although one of the most recent finds in the big leagues, Tris Speaker is one of the greatest players in the country. With the local American league team he has been a star for two seasons past. Last fall it was his great stick work that beat the Giants in the post season series.

Recently Speaker was sent a contract by President Taylor. It didn't just suit. Speaker changed the figures to suit himself and sent it back to the club president, signed. Taylor acknowledged the receipt of the contract, so next season Speaker plays with Boston, naming his own figure. Besides his work with the bat Speaker is a whirlwind of speed on the bases, has a good arm and covers lots of ground. He has everything that goes to make up a star player.

Bogus Money Makers Found at Their Work

COUNTERFEITERS AT WORK

Michael Angelo de Vittorio, Salvatore di Coler and Samuel Arena at Work in Their Cottage.

San Francisco, Cal., Feb. 3.—Michael Angelo de Vittorio, Salvatore di Coler and Samuel Arena were arrested in a cheap cottage on Bernal heights January 15 by secret service men while turning out counterfeit coins from a plant that would be creditable to a mint.

The plant contained everything from coin presses to chemicals, being altogether the most complete of any ever uncovered by secret service operatives Harry Moffitt and J. M. Nye.

For at least six weeks the three men, to whom English is still a foreign tongue, had been perfecting their plant under the nose of the secret service. Their experimental coins had been passed out only to find their way into the hands of the watchers.

Moffitt and Nye went to the cottage, accompanied by Detective Sergeants James Ragan and Patrick O'Connell from the police, at 1 o'clock yesterday afternoon. Nye and O'Connell stood outside to guard against escape, while Moffitt and Ragan entered through the unlocked door.

The counterfeiters were taken completely off their guard. Apparently they had made no preparations for resisting arrest, excepting that Arena carried a cheap revolver. He wore also a star of the Pacific Humane society on his coat. The other two were un-

armed.

When surprised, Arena dropped a lead impression of a \$5 gold piece between his feet and tried to conceal it under the instep of a shoe. Another die for a \$10 gold piece was found under a sofa. As the men put on their coats preparatory to entering the patrol wagon Mrs. Arena came into the room with her three babies. She did not understand what had happened and made no outcry.

A search of the room revealed silver counterfeit money in dimes and quarters amounting to a few dollars in value. The coins evidently were experimental, and both Moffitt and Nye believed the men were preparing to stamp \$5 and \$10 gold pieces in silver and plate them with gold. The dies for the silver coins were of hard steel.

The outfit, which was removed to the postoffice building on a truck to be used as evidence, included a large steel turning lathe, two presses of which the larger weighed more than 300 pounds; two boxes and a bag of tools for steel work, a melting pot, muriatic acid, silver chloride, silver cyanide, mercury and cyanide of potassium. The gold piece dies were incomplete, only the heads being finished.

When put on the grill in the secret service offices the men admitted their guilt, but involved no others. The officers have no reason to suspect there are more.

Arena came to San Francisco shortly after the fire. He had then, he said,

ROWETT AND LEHTO WILL MEET TO DECIDE HONORS

Jack Rowett, the well known Des Moines wrestler, is expected in Calumet to finish his training for the big wrestling match which is to be conducted at the Calumet theater, Saturday evening, with Carl Lehto. Rowett is reported to be in good condition and will undertake nothing but light work from now until the hour of the match. Lehto is also completing his training for the big contest, and is in good condition. His supporters in Calumet feel confident that he will defeat the champion of the Cornish style.

The contest will be mixed catch-as-catch-can and Graco-Roman style. Lehto claims the championship of the copper country at the former style and is said to be very expert at Graco-Roman wrestling. Rowett is as proficient at the Graco-Roman style as at the Cornish style. If both men win bouts, the one who wins in the shortest time will name the style of a third and deciding bout.

Arrangements have been made for a special train on the Copper Range for those who care to return home after the match. The South Range patrons will come to Calumet on the regular train, and a special will leave Calumet at 12:35 to take them home.

Dr. John Miller of Calumet has been selected to referee the bout. Good preliminaries will be arranged. It is expected that Wilbur and Gronlund will appear in the preliminaries.

Just landed in America. De Vittorio, his brother-in-law, has been in America a year and Di Coler six months. They were friends in Italy.

Arena is the only one of the three who can speak even a word of English. While their trade was given as carpentry, they were unable to show that they have been working at it. Physically the men are undersized, although they appear to be about 30 years of age.

JOHNNY HAYES BEATEN.

In the Marathon race run at Recreation Park, Friday, Dorando Pietri defeated Johnny Hayes in the rather slow time of 2:41.35. It was the third meeting of the pair and the Italian's victory in two of the three races stamps him as the master of the clever little New Yorker.

The race was one of the most spectacular ever seen in this part of the country.

Dorando's victory is probably due to his better generalship. In the entire
