## TO GIVE SUGGESTIONS AS TO CONDUCT OF CHARITY WORK

**Francis H. MacLean Will Look  
the Local Field Over Very  
Thoroughly.**

## ADDRESS SEVERAL MEETINGS

Francis H. MacLean, field secretary for the charities department of the Russell Sage Foundation, arrived in Calumet Saturday noon, for the purpose, as he expressed it this morning, of looking over the local situation and offering any suggestions for the conduct of organized charity work here as may come within his observation.

Mr. MacLean stated that associated charities have a lot to do outside of the actual disbursement of charity through organized channels, not the least of which is the playground movement, and work along tuberculosis lines. Charity workers, according to Mr. MacLean, get a thorough knowledge of conditions and are able to successfully cope with them.

He also referred to a new feature, in the matter of securing legal aid to deal with immigrants and others, who, generally, through no fault of their own, are reduced to poverty through lack of knowledge of the rights of immigrants. He said that many of these immigrants become tied up with debt, chattel mortgages, etc., through ignorance, and that the yoke becomes so heavy that they succumb under it. It is in cases like these that the charity workers can come to the rescue, get a thorough knowledge of the case of each, and take legal steps to better their conditions.

Mr. MacLean said that he would go over the local situation thoroughly, and before leaving Calumet make his report to the advisory committee of the Calumet Associated Charities bureau, with any suggestions for the improvement of the work as may come to him during his three days' stay.

Mr. MacLean will meet the members of the Calumet Woman's club this afternoon, when a reception will be tendered him. He will discuss charity in all its phases, and it is expected that the meeting will be a very helpful one.

Tomorrow night a mass meeting open to the public will be held in the Calumet Elks' temple, at which Mr. MacLean will be the principal speaker. Wednesday morning he will meet the advisory board of the local charity bureau, and in the evening will address the Calumet lodge of Elks in the Elks' temple. Tomorrow evening he is to be banqueted in the Miscowick club by a number of influential citizens.

## ADJT. JAMES TRANSFERRED.

Adjutant Peter James, formerly of Calumet who has been in charge of the relief work of the Salvation Army in Duluth for the past four years, has been notified that he will be transferred. He delivered his farewell to the Duluth corps last Sunday, but has not yet been notified of the district to which he will be appointed.

When Maj. Watts went to Duluth, he brought Mr. James with him from Minneapolis. Maj. Watts was transferred about six months ago from industrial to corps work and Adjutant James expected the change also. He has been in charge of the army's store at Duluth and has done good work among the deserving poor of the city.

Considerable interest has been aroused among the theater goers of Calumet in presentation of the opera "Patience" by the students of the Hancock high school at the theater tomorrow evening. The cast for the presentation includes about 75 students of the Hancock school and their teachers, as well as some outside talent. Gorgeous costumes have been secured and it is anticipated that the production will be given a cordial reception here. The seat sale opened Saturday morning, and there has been a good demand for seats.

Sakris Niemela has just arrived today with a carload of good milk cows which he will have for sale at 529 Tamarack st., Laurium.

## SUIT STARTED AGAINST THREE SALOON KEEPERS

Attorneys O'Brien & LeGendre, acting on behalf of Charles Carlson, father of Arthur Carlson, the young man sentenced last week in circuit court for assault to Iowa for an indeterminate term, have brought suit against Eugene Coppo and his bondsmen; Dominic Borgo and his bondsmen; and Amido Tambellini, and his bondsmen, all three saloonkeepers in the village of Red Jacket, to recover the sum of \$2,000, for the loss of his son's services, shame, disgrace, and so forth. All of the papers in the case were served on the defendants this morning.

It is alleged that liquor was purchased by Arthur Carlson, a minor, in the places of business of the three defendants on the day of the alleged crime.

## MANY ENROLLING TODAY.

Voters Out in Force and Evidences Are Polling is Heavy.

Today is election and enrollment day in Calumet township. Voters were out in force this afternoon, and in all of the 12 precincts there is evidence that polling is going to be heavy. Outside of the nomination ticket, there are several propositions to be voted on, including the county road system, the Houghton county tuberculosis sanitarium, the direct primary system, etc. It is believed that all of the questions will carry in this township.

The final vote will be announced about 8 p. m. this evening in No. 1 precinct, Hecla mining captain's office, where all returns will be taken and tabulated.

As far as enrollment is concerned, Calumet township will show a big increase, according to enrollment clerks seen this morning. It is sincerely hoped that this is so, as it will strengthen the chances of nominating Chase S. Osborn at the primaries to be held in September for governor.

## NEW SINGER AT ROYAL.

## PROMINENT LAYMEN ADDRESS TEN MEETING IN CALUMET

**Messrs. Moore, Snell and Baldwin Stir Up Interest in Movement Here.**

## FORCEFUL TALKS ARE GIVEN

W. S. Moore, president of the Co-operative committee of Duluth, of the Laymen's Missionary movement, A. V. Snell of Oklahoma, executive secretary of the Duluth committee and Judge Albert Baldwin, one of the most prominent members of the Duluth bar, were in Calumet yesterday, arriving here on the 6:30 a. m. train, and leaving again on the 10:15 train last evening for Duluth.

The object of their visit was to assist the local laymen's missionary movement and yesterday they spoke at no less than 10 different places.

Besides occupying the pulpits in several of the local and Lake Linden M. E. churches both morning and evening, the visitors went to Portage Lake in the afternoon, and conferred with the local pastors in that district, coming back to Calumet in the evening to hold a mass meeting in the Light Guard Armory. This meeting was attended by about 700 local people, mostly affiliated with the several Protestant churches, and a very enthusiastic meeting was held, presided over by E. T. Daume, chairman of the local laymen's missionary movement.

Mr. Moore gave an eloquent address on "Something being accomplished, and what it expected to accomplish in the future." A. V. Snell spoke on "The Evangelization of the World in This Generation." His talk was brimful of useful hints. Judge Baldwin took for his subject, "The Genesis and Significance of the Laymen's Missionary Movement," and like the other speakers was listened to with rapt attention.

Francis H. MacLean, the noted charity worker, also spoke a few words at the meeting, which was voted one of the best ever held in Calumet.

## CALUMET HIGHS WIN.

Y. M. C. A. Basketball Team is Defeated by Score of 37-24.

The second game of the Y. M. C. A. Calumet high school series was won by the score of 37 to 24. The game was a fast and furious one from the start, and both teams displayed rough tactics at various times. The features were the brilliant throw made by Laymen in the first few minutes of play when after being closely checked he registered on a shot thrown the entire length of the floor, and the accurate free throwing of "Speed" Phillips, he throwing twelve foul baskets during the game, seven of which he threw in succession in the second half.

The game started off fast, the association team scoring three baskets before the high school began to play. From then on, however, both teams continued to keep within a point or two of each other, the half ending in favor of the Y. M. C. A. five by the close score of 19 to 17. The second period of play was very one-sided, the students having everything their own way at all times. In this half the students held the opposing "quint" down to five points while they registered 20 more. Shortly after the opening of this half rough work was indulged in and Referee Brown had to stop the game and caution every player on the floor. From then on he was more severe in penalizing and the teams played cleaner ball.

Each of the teams has now won one game each and the deciding game to be played shortly should be one of the most interesting this season.
