# MINES AND MINING, STOCKS

The Live Oak report for the six months ended July 1, 1911, shows cash on hand of \$201,010 as of June 30. President Hoviand mays: Since the

Jan. I, 1911, report was issued, three to five drills have been in operation and during this period there has been drilled 18,235 feet. This with prior drilling makes the total drilling on the Live Oak to date 36,134 feet.

The plan of spacing drill holes at corners of 200-foot squares is adhered to; 64 drill holes have been completed and five are now being drilled. But of the 63 holes, 55 holes, or 80 per cent. have penetrated the ore deposit.

No. 1 shaft (two compartments). This shall was such to the 440-foot point and the 4th level was fixed at 392 feet below the collar of the shaft and 120 feet below the tunnet level The fourth level is now being driven in under the northeast part of the Live Cak ores, which here he at depths. varying from 150 feet to 100 feet below the surface, and this level will serve as the extraction opening for several million tons of ore. The mining work now in progress on the turnel level of Na I mine is directed towards blocking out ores in preparation for mining.

No. 2 shaft tiwe compartmentsh-The Live Only over in the impulsy extern part of the property in deeper. They are disclosed at dopth varying from \$50 feet to 1050 feet from the surface.

Based on the records of all drill work completed up to July 1, 1911-in all, 36,194 feet-the following estimates disseminated chalcocite copper ore

in the Live Dak property are made: Developed are, 18,000,000 sveruge 2.25 per cent.; Partially developed ore. 2,000,000 average 2.25 per cent.: Total. 12,000,000 average 2,25 per cent

Since Jam. 1, 1911, the total of mrebeen increased by Essages tons.

Drilling was inaugurated in April 1910, and at the date of this report. therefore, drilling has been in progres 15 months. An average of 660,000 tons per menth of 2.25 per cent ofe has been placed in the developed clion at

the southwestern part of the property, from the mill. East flutte was strong Five exploration clears drills will be at \$14. Trading was light but few kept in operation serving to increase stocks were effered. We look for bet-the ore tomage regularly, but prices next week. Foster of Paine the ore tonnage regularly.

The Arizona Commercial and Superlor & Boston mines continue showing fidence in the other,

driftling on the footwall of the ven the bid price.-L. J. Stargis, and the face of the drift is in ore. The width of the vein will not be known until a series of cross-cuts are driven through it, which will not be done untill the vein has been followed for a considerable distance farther. Where the drift entered the yein, however width of from 18 to 20 feet. The north

### UNLISTED STOCKS.

J. A. Minnear & Co. may today: Trading continued to be of a very indifferent nature today. Openin slight advances. With the Copp Producers' statement and also th Steel report to be published Monda the lack of interest was not at al onexpected. Both statements are like ly to be of a builtish nature. Truding on the curb was not very brisk. Hancock spened at 28% and quickly ad vanced a half point and traded quit freely at 29. Old Colony was wante at 2%. This Issue with Mayflowe should be watched for important news be likely to be received from both it the very near future. We should see a more active market next week that during the period just closed.

### POPE PIUS X.

Rome, July 8.-Pope Leo, especially the later years of his Pontificate vas accustomed to go to bed quite wel and wake up to find himself reported it the point of death. So accustomed did he become to this that he used to scan the papers "to find out the stat of my health today!"

Up to within a year ago, Pius X. was almost free from this kind of an poyance, and when such a statement was made, allowed himself to be seriously discomposed and took the trouble to try and discover the source of the yarn. Once a rumor of the kind reached his sisters, who, burrying to the Vatican, insisted on seeing him, al- ized, though there is a strict rule that the some difficulties were made for then but when they did enter his presence their surprise at his robust condition was so great that Pior X, laughed with imusement, exclaiming. "Did you ex pect me to be shrunken to a shadew By your expressions I should say the you are disappointed to find me well! At the present moment something s the rumors the Pontiff is seriously in natter with the Pope, but those wh watch him find that he recovers ever nore slowly from each attack, and in onsequence is more languid, takes this is only natural, and when his 7 years is taken into consideration. It must be asknowledged that he has wonderful strength and vitality. If othing unexpected luppens he should
