

EUROPEAN TURKEY IS WAR PRIZE

Its Loss to the Allies Is Practically Conceded in the Turkish Capital

PEACE TO BE ESTABLISHED

Opinion Is Now General That Hostilities in Balkans Will Soon End

ARMISTICE TO BE ARRANGED

Constantinople, Nov. 16.—The opinion is general here that the war practically is over. An armistice with the Bulgarians in all possibility will be arranged in a few days, and will be followed by direct negotiations of peace. It is generally hoped the best possible conditions will be secured. It is recognized that practically the whole of European Turkey is lost.

Only 24 Hours Time.

Sofia, Nov. 16.—It is stated peace conditions will be formulated with the least possible delay and presented to Turkey. Unless accepted within 24 hours after presentation hostilities will be continued. It is believed Bulgaria will not object to Turkey retaining Constantinople and the Danubian.

Fake News Sent Out.

London, Nov. 16.—Military experts and English newspapers express the opinion today that Lieut. Wagner, a war correspondent of the Vienna Reichpost, has been used, knowingly or unwittingly, by the Bulgarians to send reports of the movements of the Bulgarians for the purpose of misleading the Turks. The great battle which Wagner declared was fought a fortnight ago at Tchenjaia when the losses were declared by him to have exceeded those at Tala Burens, never occurred.

Americans Are Safe.

Washington, Nov. 16.—The state department has received from the American embassy at Constantinople a telegram announcing the safety of all Americans in Constantinople and in immediate vicinity.

FORMER RESIDENT DEAD.

John B. Constantino Passes Away at Steleton, Ont.

The remains of the late John B. Constantino, aged about 55 years, whose death occurred yesterday at Steleton, near Saul Ste. Marie, Ont., arrived here this morning. The funeral services will be held tomorrow afternoon at 2 o'clock from St. Anne's church.

The deceased resided here for 25 years with his family, having moved to Canada about two months ago. Besides his wife, he is survived by several children.

He was a member of the Catholic Order of Foresters, Court St. Louis de France, A. C. A., Court LaFayette, Foresters of America, and the St. Jean de Baptiste society.

Late Mrs. Hould.

The funeral of the late Mrs. Joseph Hould, aged about forty years, whose death occurred last evening at her home in Oceola, will be held Monday morning from the St. Anne's church. Death was the result of a paralytic stroke last Thursday. Besides her husband and one son, several sisters and one brother survive.

Y. M. C. A. BIBLE CLASSES.

Admits to Study Characters of the Old Testament of Bible.

Next Wednesday evening an adult bible class for the study of old testament characters will be organized at the Y. M. C. A., under the leadership of Secretary E. R. Switzer. No definite outline of lessons will be taken up but each individual character will be studied from five viewpoints: biblical references to him, geography with which he was associated, facts concerning his life, contemporaries and their bearing on his life and life lessons to be drawn from the character.

It is probable that a Sunday school teachers' training class, an outgrowth of the recent religious conference, will be established at the Y. M. C. A. soon. An effort is now being made to secure a teacher for this class.

TAFT GUEST AT DINNER.

New York, Nov. 16.—President Taft arrived from Washington this morning. Tonight he will be the guest at a dinner of the Lotus club. On Monday he goes to New Haven to attend a meeting of the Yale corporation.

SOCIALIST VOTE 700,000.

Not as Large as Party Leaders Had Expected.

Washington, Nov. 16.—The returns indicate that the vote of the Socialist party in the recent election will not be as large as the Socialist leaders had confidently predicted. They had expected to poll a million votes, but instead of that they will get only about 700,000. Some time will elapse before the country's popular vote can be officially counted and the exact size of the Socialist vote is known, but 700,000 is a close estimate of it.

But even at 700,000 the Socialist vote shows a large gain as compared with previous years. In 1909 it was only 127,552. In 1908 the number had increased to 154,835, and if it should be 700,000 now, the gain in four years will have been 55 per cent.

WILL H. WHITE MEETS DEATH

County Treasurer Elect Victim of an Accident

William H. White, treasurer-elect of Houghton county, met an untimely death last night probably about 7:30 o'clock. As a result of a fall from the steps in front of his home 582 Elm street, Blue Jacket, Mr. White suffered a fracture of the spinal column at the base of his skull, from which it is thought death resulted instantly. There were no witnesses of the accident and the body was not found until about 10:30 o'clock.

Mr. White, who had for about ten years been afflicted with paralysis, left his home about 7:30 o'clock with the expressed intention of visiting at the home of a neighbor, James W. Glasston of Elm street. The supposition is that the step was slippery and that he fell to the ground on one side, striking his forehead and forcing his head back until his neck was broken. At one point of the flight of steps is a railing, but Mr. White fell to the opposite side.

At about 10:30 o'clock, his parents and members of the family became alarmed at his continued absence and his father went to the Glasston home to inquire for him, passing down the same flight of steps and past the body without noticing it. He learned that his son had not reached the Glasston home and hastened home to prepare for a more thorough search. In the meantime, however, Mr. White's sisters, Misses Mary and Fannie White, went to the door and discovered their brother's body. Dr. Todd of the C. & H. staff was summoned and pronounced life extinct.

Mr. White was thirty years of age, having been born at the Delaware mine. He came to Calumet with his parents eighteen years ago. He was graduated from the Calumet high school in the class of 1902 with high honors, in spite of the fact that ten weeks before his graduation, he suffered a paralytic stroke which incapacitated him. Prior to that time, he took a prominent part in athletic events in the copper country, especially in connection with the Y. M. C. A. He was an expert runner and basketball player. Paralysis left him crippled for life.

Mr. White served two years as Calumet township treasurer, discharging the duties very acceptably, and last August he was accorded the Republican nomination for county treasurer. He was elected by an overwhelming majority in the recent election, the official notification of his election having been received here today. He was the deceased was possessed of a preparing to qualify for that office, having already secured his bonds, very lovable character. He was cheerful, personable despite his long affliction. His wonderful courage in the face of such disheartening circumstances will never be forgotten by his friends and his willing submission to misfortune was equalled only by his abiding faith in the hereafter. The news of Mr. White's death spread rapidly this morning. Many expressions of regret came from all parts of the county.

Besides his parents, Mr. and Mrs. William H. White, Sr., three sisters, Misses Mary, Fannie and Helen White all of Calumet and one brother, Samuel J. White, a mining engineer at the Quincy, survive.

After an investigation by Under Sheriff William H. Vivian this morning, an inquest was considered unnecessary.

HOME MAKERS' EXHIBIT.

Chicago, Ill., Nov. 16.—Scientific housekeeping as a solution of the high cost of living is to be the keynote of the Home Makers' National Exhibition and Conference, which will open next Monday in the First Regiment Armory in this city and continue through the week. Leading manufacturers of the entire country will be represented at the exhibition, while the program for the conference provides for daily lectures by noted household economists.

FIRE AT VAN CAMP PLANT.

Indianapolis, Ind., Nov. 16.—The plant of the Van Camp Canning company was damaged \$400,000 by a fire of unknown origin this morning. The loss is covered by insurance.

GIBSON TRIAL OPENS MONDAY

Prosecution of Lawyer Charged With Murder of Client May Rival Patrick Case

STRONG EVIDENCE AGAINST HIM

Woman Thought Accidentally Drowned Was Strangled

New York, Nov. 16.—The case of Burton W. Gibson, the lawyer charged with the murder of Mrs. Rosa Menschik Szabo, his client, on Greenwood Lake on July 16, of this year, is scheduled to be called for trial Monday at Goshen, N. Y., in the county court of Orange county. The trial promises to be of unusual interest and full of sensational incidents and unexpected developments and it is the general belief among lawyers that the Gibson case may become another Patrick case. There is a striking analogy between many of the salient features of the two cases, which seems fully to justify the prognostication of a parallel.

Everything is said to be in readiness for the opening of the trial. The prosecution will be conducted by assistant District Attorney Wassergoff of New York city and his colleague, Mr. Murphy, while Gibson will be defended by two able lawyers, Robert H. Elder of Brooklyn and Jacob J. Singer of Jersey City, N. J. The local end of the prosecution will be taken care of by District Attorney Rogers of Orange county.

Claimed Woman Drowned.

Gibson is charged with having murdered Mrs. Szabo, his client, while rowing with her on Greenwood Lake, N. Y., on July 16. Mrs. Szabo was the widow of Bela Szabo, a Hungarian of good family, who came to this country twenty years ago. On July 16, Mrs. Szabo went rowing with Gibson. They were near the center of the lake and just within the New York state line, when the boat apparently tipped over. Mrs. Szabo was exchanging seats and accidentally upset the boat. When motor boats came to the scene, Gibson was found clinging to a line. The woman had disappeared. Three days later Mrs. Szabo's body was found and the case was first believed to be one of accidental drowning.

It was George Feichman, an employee of the Hotel Knickerbocker and a friend of Mrs. Szabo, who started the investigation that resulted in the arrest of Gibson. He said that soon after Mrs. Szabo's death and before her friends knew that she was dead, a man, whom he identified as Gibson, called at his house to inquire whether there was any mail for Mrs. Szabo. The caller said that Mrs. Szabo had gone west.

Woman Was Strangled.

Feichman went to Ernst Kirchhoff, the acting Austro-Hungarian consul general in New York city, and the latter detailed Dr. Franz Fischerauer, the vice consul, to investigate. Where Austrian subjects die in a foreign country without relatives there the representative of the government acts as administrator of the estate. As soon as Mrs. Szabo's death was established the consulate found that she had left an estate of more than \$10,000, and that Gibson had filed a will making him executor. It was also found that on July 21, a woman posing as the dead Mrs. Menschik had appeared before Donald Lyon, a Brooklyn notary, and signed a waiver of citation, which placed Gibson in full control of the estate. Mrs. Menschik was the mother of Mrs. Szabo and had died two years ago.

Steps were at once taken by the consulate to stop Gibson from disposing of the estate, but not before \$7,000 had disappeared and for which he has not yet accounted. Suit was brought to have him ousted as executor of the will. On September 12 the body of Mrs. Szabo was exhumed. An autopsy resulted in a finding that Mrs. Szabo was not drowned, but strangled to death. Gibson was arrested in his office in New York and taken to Middletown, N. Y., and afterward placed in the county jail at Goshen.

Other Mysterious Deaths.

An investigation of the past record of Gibson by the Austrian consulate has brought to light the interesting fact that there have occurred four mysterious deaths by violence or accident in connection of cases in which Gibson figured as attorney. Mrs. Alice D. Kinnin, daughter of an aged woman whose property Gibson handled, was murdered at her home in the Bronx in 1906. Gibson was held by the coroner, but the case was afterward dropped. Michael Shipko, a witness against Gibson in the Kinnin case, was found drowned in Pelham Creek two years later. George I. Malcolm, a Wall street broker and nephew of Mrs. Kinnin's mother, who had sued Gibson for certain property of the estate, was drowned in Long Island Sound under mysterious circumstances. John Rice O'Neill, a British subject, who had won a \$10,000 dam-

A DAMP DISAPPOINTMENT

\$50,000,000 FOR NEW RAILROAD

Road 300 Miles Long Proposed For Central Africa

London, Nov. 16.—The plan of constructing a 3,000-mile railroad through Central Africa has been revived by the conclusion of peace in Tripoli. The plan was originally made 30 years ago by a firm of London contractors and engineers, but had to be abandoned because of differences between the Bey of Tripoli and the Sultan of Turkey. At that time the project was favored by King Humbert of Italy.

The success of the undertaking is conditional on the raising of a capital of fifty million dollars and the consent of Italy, France and Belgium, through the territories of which the proposed railway will run.

A London capitalist who is interested in the original scheme declares that both the capital and the consent will be forthcoming, as the line would provide for the great commercial interest of Europe a ready access to the most fertile regions of Central Africa.

Starting from the city of Tripoli the line will go through Fezzan to Tibest and thence through the French territory of Darfur. From there it will take a southeasterly route to the Stanley Falls near Lake Tanganyika, where it will join the Cape to Cairo railway. It will act as a very important feeder to the latter line. The journey from Europe to Central Africa will take one week and the traffic over such a line would be enormous.

DUG OUT OF MINE.

Seven Imprisoned in Utah Silver Mine Are Rescued.

Two girls and five men were rescued from the Horn silver mine yesterday afternoon after fourteen hours' entombment 200 feet below the surface of the ground. The party of seven was imprisoned in the mine by an explosion at 10 o'clock last night. From that hour until the rescue this afternoon, miners from the surface worked in fifteen minute shifts to clear away the mass of earth and timbers that barred the entrance shaft.

Two daughters of Mine Foreman Roy Alexander, Daisy and Hazel, aged 16 and 15, David Banks, Arnold Robinson, James Riley, John White and a Greek miner whose name is not known were on the 200-foot level when there was a tremor and a blast that snuffed out every candle, followed by a roar and a quake. An earth slide had closed the entrance to the mine.

CHARLESTON'S "FLEET WEEK."

Two Divisions of the Atlantic Fleet Will Mobilize There.

Charleston, S. C., Nov. 16.—During the week beginning tomorrow a mighty fleet of warships will ride at anchor in Charleston harbor, where fifty years ago some of the most stirring naval engagements of the civil war were fought. Two divisions of the Atlantic fleet, comprising thirteen battleships of the first-class, will take part in the mobilization. Included in the list will be the crack battleships Georgia, Vermont, Louisiana, Nebraska, Kansas, New Hampshire, South Carolina, Rhode Island and Virginia. A citizens' committee headed by Mayor Grace has made great preparations for the entertainment of the 12,000 officers and bluejackets of the fleet. The city has put on holiday dress for the occasion. Thousands of visitors from the south Atlantic states are expected here during the week.

A valuable horse owned by the livery firm of Collins and Manley, slipped on the icy street today, falling and breaking its leg. It was shot by one of the C. & H. officers.

age suit and whose affairs Gibson managed, disappeared and no trace of him has ever been found. Records have also been unearthed which throw an extremely unfavorable light upon Gibson's honesty in dealing with some of his clients.

MARTIAL LAW IN THE KANAWHA, W. VA., COAL REGION.

Charleston, W. Va., Nov. 16.—Governor Glasscock today declared martial law in the Cabin Creek and Paint Creek sections of the Kanawha coal field. The governor is determined to put an end to lawlessness in these districts. Two cars of strike-breakers from the west were escorted to the mines by the militia this morning.

ELECTION MAY BE NECESSARY

Opinions Differ as to Manner of Naming Treasurer

The sudden death of Treasurer-elect Will White last night caused considerable speculation today as to the probable method of filling the office to be vacated by Treasurer Edgar Haskins on Jan. 1, at the expiration of his second term. Opinions are different in this regard, some claiming that the law gives the board of supervisors authority to appoint, and others contending that a special election, preceded by a special primary, will be necessary.

The law gives the board of supervisors authority to appoint to fill a vacancy, caused by the treasurer's death or retirement from office, this being provided for in Section 38 to Article 237 of the Public Acts of 1897, but those who dispute this authority claim that the law cannot apply in the present case, Mr. White, not having qualified or assumed the duties of the office. They contend that the present treasurer must hold office until his successor is elected, qualified, and assumes the duties of office, despite the fact that he has already served two consecutive terms and is ineligible for a third. As the law provides that county officers be nominated by primary, they contend that it will be necessary to hold a primary election as well as a special election to fill the office.

Prosecuting Attorney MacDonald was not prepared to make a statement until he has investigated more thoroughly, but was inclined to the opinion that the supervisors would have authority to appoint. County Clerk Kaiser and other county officers, however, state it will be necessary to hold a special election.

BIG THEFT IS ALLEGED.

Officers Seek Woman Who Has Left for Ashland, Wisconsin.

The sheriff's office at Houghton took steps today to locate and bring back to the copper country Mary Gerkman, wanted on a charge of having stolen the sum of \$400 from the home of Mr. and Mrs. Miles Rosanich, where she was employed as a servant. It is claimed the woman, accompanied by her sixteen months old child, left Calumet by street car for Houghton, where she hired a rig and drove to Chassell. From there she is alleged to have boarded a train for Saxon, with the expressed intention of going to Ashland, Wis.

The action was started against the woman in the court of Justice William Fisher, it being alleged the money taken is in the form of twelve \$20 greenbacks. The woman is no stranger in the Houghton courts, having served a term of about one year in the Houghton county jail a short time ago.

WHO WILL SING CAROLS.

No Preparation So Far For Continuance of Cornish Custom.

A question that is agitating the minds of some of the older residents of this district is whether or not the well known Cornish custom of carol singing on the public streets on Christmas eve will be abandoned this year. In past years it has been customary for the carol singers to commence their preparations weeks ahead, but as far as is known no preparations have been made so far. Richard Liddell, who has led the carol singers on numerous occasions, has left Calumet and located in Detroit and the question now arises, who will direct the carol singers this year?

Local people who would like to see the quaint old custom continued, are hoping that someone will take the initiative in organizing the singers.

CORNER SERVES PAPERS.

Sheriff Party to the Action and Fisher Called Upon.

In the civil action growing out of the settlement of the affairs of James G. Fort of Calumet, Coroner William Fisher was called upon for an unusual service this week. As sheriff James J. Byers was one of the parties involved in the action, he could not legally serve the papers and because of the fact that a coroner is the only officer of the county vested with this authority, Mr. Fisher of Calumet was called upon to serve. As the action calls for the public sale of various chattels, including considerable mining stock, Justice Fisher will also be called upon to serve as auctioneer and preside over the sale, a duty which otherwise would devolve on the sheriff.

PRINCETON- YALE PLAY A 6 TO 6 TIE

Tigers Play Great Football in

Match With Strong Blue

Team Today

MICH. 7; CORNELL 7—1ST HALF

Wisconsin Ahead of Minnesota in

Most Important Western

Conference Contest

HARVARD 3; DARTMOUTH 0; FINAL

FINAL.

Yale 6; Princeton 6.

Princeton, Nov. 16.—The feature of the annual football game between Yale and Princeton today was the fact that all scores for both sides were made by field goals. The final score was 6 to 6.

Harvard 3; Dartmouth 0.

END HALF.

Michigan 7; Cornell 7.

Penn 20; Carlisle 13.

Wisconsin 14; Minnesota 0.

END FIRST PERIOD.

Chicago 7; Illinois 0.

Minnesota, Nov. 16.—The game here this afternoon between Minnesota and Wisconsin, which is expected to determine the championship of the western conference, outshadowed all other football contests in the west today. In case Minnesota wins it will have to defeat Chicago, a week from today in order to avert a triple tie. A win for Wisconsin will give it a clear cut title to the championship. The betting was 2 to 1 on Wisconsin.

Never since the famous six to six game against Michigan, it is said, has there been such intense feeling over the Minnesota game, and the slogan is "Beat Wisconsin."

Although Coach Williams does not predict victory, yet he declares Minnesota will "not be afraid" of the Wisconsin team. There is a feeling among Minnesota followers that some tricks of the inventor of the famous "Minnesota shift" may bring victory to the maroon and gold today. On the other hand Wisconsin followers rely on the veteran strength of their team, speed and crushing power of the backs.

At Champaign, Chicago and Illinois are scheduled to settle the title for the state championship as well as their standing in the "Big Nine" conference race. Each team has suffered one defeat and Illinois has been tied once during the season. Chicago is a slight favorite.

Michigan and Cornell.

At Ann Arbor Cornell and Michigan are expected to put up a desperate fight in an effort to rehabilitate themselves in the esteem of their respective followers. Michigan had the advantage of weight in the line to the extent of nearly twelve pounds per man, while Cornell's backs were heavier by an average of eleven pounds. Today's game will be the tenth played by the above teams, of which Cornell has won eight.

The line-up:

Michigan..... Cornell.....
Torbet.....left end.....Erickson.....
Cole.....left tackle.....Geyer.....
Quinn.....left guard.....Munn.....
Feterson.....center.....Whyte.....
Ameninger.....right guard.....Chamaine.....
Mueser.....right tackle.....Nash.....
Pontius.....right end.....O'Hearne.....
Huebel.....q. b.....Capt. Butler.....
Craig.....left half.....O'Connor.....
Hughtitt.....right half.....Bennett.....
Thompson.....capt. f. b.....Hill.....
Referee—Hackett, West Point.

Yale and Princeton.

Princeton, Nov. 16.—Princeton and Yale were scheduled to meet this afternoon in what promised to be one of the premier football battles of the season. The indications were for a hard, close game. The trainers report both teams in perfect trim. The outcome of the contest will have an important bearing on the final rating of the so-called "big eleven." Should Yale be victorious, Princeton, with defeats by both Harvard and Yale, will be out of the running, while should Princeton win, it will either be a case of a three-cornered tie or the championship for Harvard, depending on the outcome of the Harvard-Yale battle a week from today. The condition of the gridiron was favorable for a fast game, being hard and fairly dry. The supporters of both teams were fairly confident of victory, although the confidence of the Blue contingent was without question much stronger than that of the Princeton men.
