

CRIES ENOUGH INTEXT BOOK MUDDLE

State Wants to Drop the Litigation in Travis County

Special to Daily Panhandle.

Austin, Nov. 16.—The state today showed willingness to drop the text book or Fiskville controversy when County Attorney Brady filed a motion dismissing the charge against School Trustee Morris of Fiskville, accused of unlawfully preventing the use of text books in the school.

Trustee Morris was arraigned before Justice Moore.

The state cited numerous reasons why the suit should be dismissed, claiming Morris acted upon the advice of a lawyer, who said he would pay the fine if one was imposed; that the complaint was of fictitious nature, and that the defendant really never prevented the use of the text books.

The defendant stated he had not prevented the use of the text book but claimed their adoption was illegal and he opposed the dismissal of the suit against himself.

Judge Moore took the case under advisement until Monday.

NEW PRINCIPAL ARRIVES.

Prof. Quillen of Ft. Worth Succeeds Prof. Green at Polk Street School.

Prof. A. C. Quillen has arrived in the city from Fort Worth to assume charge of the Polk street school as principal, succeeding Prof. W. N. Green in that capacity. It will be recalled that Prof. Green was offered a place as vice principal in one of the ward schools of Fort Worth, and resigned his position here to take it. Prof. Quillen was offered the place and comes highly recommended.

The new principal does not come here as a complete stranger, as a number of people living here have met him in a business and social way.

M. HAAS KILLS HIMSELF IN CELL

Attempted Slayer of Attorney Heney Cheats Nemesis of the Law

LAWYER VICTIM RALLIES

Ruef is Taken to Court in Steel Lined Police Wagon

HAAS KILLS HIMSELF.

San Francisco, Cal., Nov. 16.

Morris Haas, the ex-convict, who shot Francis J. Heney yesterday in the courtroom, took his own life while in the county jail tonight.

Haas shot himself through the head.

One report says that the pistol with which Haas shot himself was concealed in his shoe.

Where he hid it before shooting Heney.

Another report says the pistol was secretly passed to Haas by a friend since his incarceration.

San Francisco, Nov. 16.—The bullet fired by Morris Haas at attorney Heney was removed today from the muscles of the lower left maxillary, where it was located by means of the X-Ray. The operation was successfully performed. Heney bore the ordeal well, and is reported to show no ill effects from the operation.

San Francisco, Cal., Nov. 16.—That the interest of the people of this city is centered on the bribery trial of Abraham Ruef was manifest this morning when the crowd began assembling outside of the court room long before the hour of opening the court.

In addition to many officers in uniform, a score of detectives was scattered in the throng and in the court room they were so located as to keep a close watch over Ruef and the attorneys engaged in the case.

Ruef was brought into court from the jail at Ingleside in a steel lined prison van, and escorted by a troop of mounted police.

San Francisco, Cal., Nov. 16.—Nearly three days have elapsed since Attorney Francis J. Heney was shot by Morris Haas, who killed himself in a cell in the county jail Saturday night, and today physicians in attendance agree that not a single unfavorable symptom has yet resulted. There is neither fever nor indication of blood poisoning.

There still remains the difficult and dangerous task of extricating the bullet from the muscles of the throat. This may be attempted some time today or tomorrow.

San Francisco, Nov. 16.—Abe Ruef has filed an affidavit asking change of venue to some court in another part of the state, as he is convinced, so he says, that he could not have a fair trial in this court.

Attorney Ach stated if the motion for a change of venue was denied he would ask a continuance of thirty days, and if both motions were denied, he would ask dismissal of the jury on the ground that members had been unduly influenced by Friday's episode.

It is now definitely settled that not later than the spring or summer a revival will be held in the city.

Funeral expenses were paid by the uncle living at Berkeley, West Va., as the parents of the unfortunate boy lived at a point remote from the railroad and could not be reached by wire.

JUDGE MARRS' MOTHER DIES

End Comes at The Old Kentucky Home—Son Goes to Scene

Judge Lou D. Marrs of this city has been called to South Union, Ky., responsive to a telegram announcing the death of his mother. At the time the message came yesterday, Judge Marrs was in Fort Worth, where he has been for the past several days. The wire was forwarded to that city and it is learned that he left there yesterday for the old home in Kentucky.

Judge Marrs was called to Kentucky about two months ago on account of his mother's illness, and remained with her some days, and at the time of his return but little, if any hope, for her recovery, was entertained. Yet later, while the health of Mrs. Marrs was such as to render her complete recovery improbable, her death was not expected at this time, as it was believed that she was improving for the time being.

Judge Marrs has the sincere sympathy of hundreds of friends in the city and surrounding region in the passing away of his aged mother.

IDLE NEGROES MUST GO.

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he assumes them to be such, prescribes pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps up his treatment until large bills are made. The suffering patient gets no better, and the doctor, at the wrong treatment, but probably worse, prescribes medicine like Dr. Pierce's Favorite Prescription, directed by the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and insulating comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic, "Favorite Prescription" imparts strength to the whole system and to the organs directly feminine in particular. For overworked, "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neurasthenia, hysterical spasms, St. Vitus' dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.
