MORE ON MCCORMICK.

CONGRESSMAN BANKHEAD AND HIS FRIENDS JUBILANT

Over Additional Letters and Charges Against His Honor—Attorney Marshall's Actions Will Also Be Investigated in Regard to Master in Chancery Matters.

WASHINGTON, Feb. 24.—Congressman Bankhead of Alabama, who introduced a resolution in congress containing charges against Judge McCormick, is in receipt of letters from Texas containing further charges against this official.

The latest charge against him is that he appointed Eugene Marshall, United States district attorney, the master in chancery of the Missouri, Kansas and Texas railway, and that young McCormick, Judge McCormick's son, at once became the attorney before the master in chancery. Further than this the charge is that at the present term of Judge McCormick's court the court fees allowed the master in chancery is something over \$9000.

Congressman Bankhead said that he would present any further charge, as hereinbefore set out to the judiciary committee, and that he had already filed with it the letters he had received in regard to it. He further said that he intended to follow the matter up to the end, and that he intended to file charges in the department of justice against Mr. Marshall.

The fight against the confirmation of Judge McCormick brought from him and his friends explanations and denials of the charges against him, which are on file with the judiciary committee of the senate. These defenses will be asked for by the house judiciary committee.

In the opinion of those who are fighting Judge McCormick, this last charge against him is very welcome; they say it gives them a good chance to prevent confirmation. Some of the letters received declare that if the indorsement which Judge McCormick got from the lawyers of Dallas was through the anxiety of the lawyers to get rid of him and ask the committee to examine those who indorsed him.

Mexican Matters.

WASHINGTON, Feb. 24.—The secretary of state received the following telegram from Mexico in regard to the condition of affairs in that country: "The minister of foreign affairs of Mexico makes the following statement: According to advices by this (the Mexican) government the bands of Catirino Garza, organized solely in the state of Texas, have been completely dispersed, thanks to the efficient pursuit of the same recently set on foot in said state by the United States forces. The Mexican railroad system, including lines crossing the northern frontier, have enjoyed complete security, although upon two distinct occasions the bands referred to crossed over to the Mexican side. On the first occasion they remained two days in constant movement and on the second occasion only a few hours, due the pursuit kept up by the forces of this country. Precautionary measures were then instituted to prevent a fresh incursion into Mexico, which resulted in strengthening the sense of absolute safety and immunity from harm always enjoyed by Mexican railroads. Such security continues unshaken and unaltered and sufficiently well grounded is the hope that in the future no danger will menace the same."

This telegram is intended to dispose of the reports that traveling in Mexico is unsafe because of the outbreak of the Garza movement.

Confessed the Robbery

ROCHSTER, N. Y., Feb. 24.—The American express car robber has been fully identified as Oliver Curtis Perrig of Syracuse, who was suspected of the Utica train robbery last October, and he has confessed that he is the man wanted for that exploit. The wounded messenger is doing well.

Kaiser's Bloody Work.

NEW ALBANY, Ind., Feb. 24.—John Kaiser, a photographer, in a fit of jealousy shot his wife through the head, because she refused to live with him. He escaped to the woods, but was pursued, when he drew a revolver and fired it into his own head, dying instantly. Mrs. Kaiser may recover.

Aged Couple Suffocated.

JOHET, Ill., Feb. 24.—The neighbors of Henry Assenmayer found him and his aged wife barely breathing and the room filled with coal gas that was escaping from the top of a stove. Doctors were summoned, but so far have not brought the sufferers to consciousness and they are beyond recovery.
