BOARD OF SUPERVISORS.

[Continued from Second Page]

To Hon. Board of Supervisors of Claiborne County.

Gentlemen—I have inspected most of my roads and beg to make my second quarter report for 1914. Owing to good weather, I find my first class roads in fairly good condition for travel. I find a good many culverts in bad shape. The second class roads in fairly passable condition, but not worked up to what they should be. I have one bridge in bad condition and will have to be rebuilt soon. I find Carlisle bridge in rather bad condition. I also find the flooring on Black bridge in bad condition and recommend same be floored.

Respectfully submitted,

W. R. TRIM.

Ordered that the Board do now adjourn until 10 o'clock Tuesday morning.

Board met pursuant to adjournment; present, same as yesterday.

Ordered that the sheriff refrain from collecting poll tax from Jeff Williams for 1913, he being over age.

Ordered that the clerk advertise that the county has \$500.00 in the 16th Section Fund which they will loan at the August meeting of the Board as per section 4703, and that all parties desiring to borrow this money under this section make application to the clerk of the Board before the August meeting.

Ordered that all road specifications as to width in Dist. No. 3 are hereby changed to road as follows: All first class roads to be worked to the width of 16 feet, and all first class roads that are now over the width of 16 feet, to be maintained at their present width.

Ordered that the following roads in Dist. No. 2 be changed from first class to second class roads:

Link 4, from fork of road on Humphreys place, near school house, past C. C. Goza's, to fork of road leading to Grand Gulf and W. L. Taylor's place, 3 miles.

Link 11, from Willows, by W. L. Taylor's, to fork of road near C. C. Goza's, 5 miles.

Link 10, from bank of Grand Gulf Lake to around the Rocks, 3 miles.

Ordered that the following second class roads in Dist. 4 be and they are hereby added to the specifications on file in the chancery clerk's office:

From near C. L. Will's store to Bruce's place, 1 1/2 miles.

Ordered that the following first class roads in Dist. No. 5 be added to specifications now on file:

All public roads inside Corporate Limits of Martin, 2 miles.

[Continued Next Week]

BOARD OF ALDERMEN.

The Board of Mayor and Aldermen met in regular session Monday, July 6th, 1914. Present—L. A. Smith, mayor; Aldermen Gordon, Guthrie, Allen, Wharton, Walne and Jones.

The minutes of the last regular and special meetings were read and approved.

On motion, the claim of Mr. John Anderson for \$1000, for injury claimed to have been sustained in May, 1914, on Fair street, by falling in a hole in the sidewalk in front of the United Reformers' property, was ignored.

The communication from Dr. A. L. Chapman, county health officer, relative to town water supply, was carefully noted, and the board ordered a most rigid investigation into the entire matter of water supply, source and distribution.

The following ordinance was adopted:

Be it ordained by the Board of Mayor and Aldermen of the town of Port Gibson:

1st. That all restaurants, restaurant kitchens, ice cream parlors, places where ice cream is manufactured for sale, soda water stands and places where syrups for such soda water, or similar drinks, are stored or manufactured, and hotel kitchens and dining rooms, shall be kept at all times free from dirt, filth, decaying matter, and in all

respects in a strictly sanitary condition, and carefully screened against flies and other insects.

2nd. That any person violating any of the provisions of this ordinance shall be punished by a fine not to exceed \$25.00 and costs.

The county superintendent of education reported, which report was, on motion, received and filed.

The treasurer reported as follows:

Health Notice.

The following suggestions are well worth reading; then following:

The attention of all citizens is called to the urgent necessity of looking after the sanitary condition of their premises.

Flies require the greatest attention.

They carry more disease germs and cause more sickness than any other source of contamination. Flies breed in filth, chiefly in horse manure. A single fly will lay about 150 eggs, that hatch out in ten days. Can you realize how fast they multiply?

This is the reason all garbage, manure and vault contents should be removed at least once a week. Screen your house, at least your kitchen and dining room. Box up your surface closet, so flies can't get in. Put manure in a screened pit or vault. Keep table refuse and all garbage in a covered can or keg. Mosquitoes breed only in still or stagnant water. That empty can you threw in the back yard will be partly filled by the next rain, and you will soon have a large family of mosquitoes. They are dangerous, as well as annoying. Don't allow any standing water on your premises. Clean up your alley. Destroy all weeds. Use disinfectants freely in your house, around your stable, especially on the manure pile, and in the garbage can. Beer in mind, if you see a fly—there is filth near you.

Report any nuisance in your neighborhood to the health or sanitary officer.

Dry disinfectant, suitable for use around your premises, may be obtained by application to the health or sanitary department of Port Gibson.

Bilbo Enthusiasm Waning.

The "Sample bombshell" from Jackson, the recent cannonading of the Warren county grand jury which was lugged to the capital city, and the Tom Brown letter and various other incidents, which have had a most enlightening effect upon the public generally, serves to have put a most effectual quietus upon the local "Bilbo enthusiasm," even among his most ardent followers.

Various comments were heard on the street yesterday morning following the sensational news from Jackson concerning the Sample testimony and other thrills, but there is a decided let-up in sympathetic talk of the "injured hero," and "imposed upon statesman," such as had been prevalent some days ago. One of Bilbo's most ardent supporters said yesterday morning: "well, it looks to me like they have got him sure enough."—Vicksburg Herald.

It is currently reported in Vicksburg that one of the members of the Hobbs jury related after the verdict that he voted to acquit Hobbs, not because Hobbs was not guilty. His reason, as he expressed it, was: "I think Brewer is just as big a crook as Hobbs. I can't put Brewer in the penitentiary on this evidence, and I am not going to put Hobbs there by himself."—Vicksburg Post.

This man certainly has a high regard for his oath. According to his reasoning, oath or no oath, he must acquit every man charged with a crime of which some one else is guilty. There are many who believe the Hobbs jury acquitted him, not because they believed him guiltless, but because they "believed in" Hobbs and Bilbo.

Gretna Green Wedding.

Last Friday two young people from Louisiana appeared at the boarding house of Mrs. Mary Torrey, and securing the services of Justice J. A. Hedrick were united in marriage. The young lady was Miss Ollie F. Blanchard of Donaldsenville, a niece of former Gov. Blanchard of Louisiana, and the groom was Mr. Lester J. Hooper, of St. James parish, engaged in railroad work.

According to the story told by the runaways, who were accompanied by a sister of the bride, parental objections were so strong that they deemed it expedient to even leave the state in order that no interference might be experienced.

After the ceremony the happy couple left for their home to seek forgiveness.

[Edited by Local Union]

The Southern Presbyterian church, through its General Assembly which met at Kansas City, recently passed the following resolution.

"Resolved, That we are in hearty favor of national prohibition, and will do all properly within our power to secure the adoption of an amendment to the Constitution forever prohibiting the sale, manufacture for sale, transportation for sale, and exportation for sale of intoxicating liquors for beverage purposes in the United States."

A year ago the Assembly of the Northern Presbyterian church put itself on record in the same way while in session at Atlanta, Ga.

Sold Hogs by Telephone

A South Carolina farmer had a large number of hogs which were ready to kill. The weather was so warm that killing was out of the question.

He went to his telephone, called a dealer in Columbia over Long Distance and sold his hogs at a good price. He then called the local freight office and arranged for shipment.

The telephone is now a necessity on the farm. You can have one on your farm at small cost.

See the nearest Bell Telephone Manager or send a postal for our free booklet.
