### BAKING POWDER

Good health depends mostly upon the food we eat.

We can't be healthy if we take alum or other poison daily in our food.

Dr. Price's Baking Powder is absolutely free from alum. It is made from pure cream of tartar and adds to the healthfulness of the food.

PRICE BAKING POWDER CO.  
CHICAGO.

NOTE.—Alum baking powders induce dyspepsia, liver complaint and kidney trouble. Alum may not kill, but undermines the health, and ill health makes life miserable.

#### The County Treasurer's Report

In the usual forms used by county treasurers in making their quarterly reports the indebtedness of a county is never shown. In reading a report as published in the papers a person would naturally suppose that a county was free from debt, but such is not always the case. County Treasurer McKnight's last report shows Ellis county to have on hand in cash and other securities \$238,747.30. Her total indebtedness is \$181,000, leaving a balance of \$68,747.30, showing an increase of about \$30,000 over the report made this time last year. Of the above amount of indebtedness there are outstanding 165 courthouse bonds of \$1000 each. One hundred and fifty of these bonds are held by New York financiers and fifteen held by the county's permanent school fund. The annual interest on these bonds is about \$7,500. The permanent school fund also holds sixteen road and bridge bonds of \$1000 each, the interest on which goes into the available school fund. Three of the bridge bonds were taken up today and destroyed, thus leaving thirteen bonds outstanding. The finances of the county are in splendid condition and the bonds held in New York could not be bought for \$1.25.

The poll tax was placed at 25 cents and county occupation taxes will be half of the state. The above rates is just the same as was levied last year.

#### At the Opera House.

The Rutledge Dramatic Company was greeted by a small house last night but the performance given was highly creditable in every respect. Each member of the cast portrayed his or her character in a very commendable manner and the appreciation of the audience was manifested by generous applause.

This afternoon at the matinee "Under Two Flags" was played to a large house.

Tonight this company will close its engagement here with "Dixie Land", a beautiful southern melo drama.

On next Thursday night Fitz & Webster's laughing success, "A Breezy Time", will be presented here. If you want to enjoy a hearty laugh you cannot afford to miss this attraction.

#### Mocking Cuba's Distress.

Popular distress in Cuba appeals to Senator Ekins in about the same way that popular distress in France appealed to Marie Antoinette, who when told that the people had no bread to eat, asked why they didn't eat cake. He doesn't believe the inhabitants are in such straits as they are represented as being, but if they are, then let the country make an appropriation so that the work of success shall fall equally upon all. Why not apply the same high standard as a domestic policy, and instead of developing industrial enterprises to make an independent and self-respecting people enlarge our almshouses.—The Boston Transcript.

Your wants will be quickly supplied if you make them known in the Light's Want column.
