**IMITATING TRACY.**  
James McKinney Shoots Five Men and Then Defies the Authorities.  
Fresno, Cal., July 29.—At Porterville, James McKinney an ex-convict, shot five men and escaped into the country. McKinney first shot out the lights of a saloon and tried to shoot the cards out of the hands of player wounding the latter slightly. He then went to a livery stable and the point of a revolver secured a rig. As he was driving off a constable, a deputy and several citizens tried to arrest him.

William Lynn a gambler, whose abdomen and legs were filled with buckshot succumbed to his wounds. McKinney filled the right arm of George Barrows, a printer, with shot and sent a bullet into the mouth of Deputy Marshall Willis, another into the arm of Deputy Constable Tompkins and a load of shot into the arm of W. D. West. Before leaving McKinney awakened Dave Mosher and said to him:

"I've got into a fight. They came after me but I whipped them all. I killed three or four of them. They have not treated me right. I'll die game. You talk about Tracy, he won't be in it with me."

There was blood on one of his legs and it is believed he was wounded. He is headed for Fresno county and it is supposed he will make for the mountains. He has a shot gun, a rifle and a revolver.

## IS AGAIN ON A RISE

Brazos and Other Streams May Cause Much Damage.

## F FARMS ARE COVERED

About Hearne and Bryan the Worst Situation Exists—Considerable Dam-

About Marlin—Brazos Rising at Mineral Wells.

Hearne, Tex., July 29.—Both the Little and Big Brazos rivers are slowly rising and are already out of banks and in the fields. The situation is growing more and more serious every hour and should the rivers keep rising as they have done during the last few hours another flood similar to the one of 1899 will be the result. All of the smaller streams in this section are on a boom as a result of the heavy rain, which lasted for some time. The bottom planters have got their stock together and will be ready to bring them out to higher ground when the rivers meet.

Another Flood About Brenham. Brenham, Tex., July 29.—News from the Brazos river is not so reassuring as it was Sunday. At the highest points in the bottoms in this and Burleson county the water lacked only one or two feet of running over. In the low places it was over the bottom to a depth of six inches.

The latest news received is to the effect that heavy rain is falling north of here, and that both the Brazos and Yegua are still rising. The Yegua bottom is completely flooded and all the lower places are under water. The opinion now prevails that another disastrous flood is at hand.

Crops About Marlin Destroyed.

Marlin, Tex., July 29.—It is estimated

the crops on 2500 acres along the Brazos in this county have either been destroyed or seriously damaged. The water still covers that amount of ground and is covering more territory, but as the river is full, the water backed in the sloughs will soon spend its force and subside. No loss of stock is reported. The land under water, the best cotton land in the county, had fine crops of cotton before the flood.
