

Beautiful Thoughts
The sweetest, purest beauty of the human face is not in the features, but in the mind. A woman's face is as bright and clear as the sun, when her mind is pure and her thoughts are good. To make every day a day of beauty, let your mind be a garden of beautiful thoughts.

Mother's Friend
Is a powerful remedy for all ailments of women. It is a blood purifier, a tonic, and a general health builder. It is the only medicine that can be taken by women of all ages, and it is the only medicine that can be taken by women who are nursing infants. It is the only medicine that can be taken by women who are suffering from all the ailments of women.

What Is So Cool

Citation by Publication

THE STATE OF TEXAS.
To the Sheriff of any County of this State.
YOU are hereby commanded to summon G. S. McDaniel by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Ellis County, to be held at the Court House thereof, in Waxahachie, on the first Monday in December, A. D. 1922, the same being the first day of December, A. D. 1922, then and there to answer a petition filed in said court on the 22nd day of April, A. D. 1922, and first amended original petition filed June 17, A. D. 1922, in a suit, numbered on the docket of said court No. 6231, wherein Emma McDaniel is plaintiff and G. S. McDaniel is defendant, and said petition alleging in substance that plaintiff and defendant were married in Dallas County in 1907, and lived together as man and wife until on or about the 1st day of May, 1922, when the defendant left the bed and board of plaintiff, with intention of permanent abandonment, since which the plaintiff has not heard from him, and knows not his whereabouts. Wherefore she prays for divorce and general relief.
Herein fail not, but have before said court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.
Witness: W. A. KEMBLE, Clerk of the District Court of Ellis County.
Given under my hand and the seal of said court, at office in Waxahachie, this 23rd day of June, A. D. 1922. W. A. KEMBLE, Clerk of the District Court, Ellis County.
By E. P. KEMBLE, Deputy.
I certify this to be a true copy, G. C. SWEATT, Sheriff Ellis County.
By BEN F. ABBOTT, Deputy.

Summer Vacations

Should be arranged for with the view of securing a maximum of pleasure and diversion. This can be done by the exercise of judgment in selecting the route you use. The Houston and Texas Central is selling round trip summer excursion tickets to points in the north, east and southeast. Through standard Pullman sleepers to Colorado points, as well as to summer excursion points reached via Houston, Sunset Route and New Orleans.
Try Cloudercroft, 9000 feet above sea level, in the heart of the Sacramento mountains. It's delightfully cool. For literature and rates, write M. L. Robbins, T. J. Anderson, G. P. & T. A., A. G. P. A., Houston, Texas.

CONDITION OF COTTON

Acreage Is Placed at \$1.9, Which Is Considered Good.

IMPROVED IN TEXAS

The General Condition Is Just a Shade Under a Ten-Year Average—Oklahoma and Indian Territory Lead in Per Cent.

Washington, Aug. 5.—The monthly report of the statistician of the department of agriculture shows the average condition of cotton on July 25, was \$1.9 as compared with \$4.7 on June 25; 77.2 on July 25, 1901; 76 on Aug. 1, 1900; 84 on Aug. 1, 1899, and a ten-year average of 82.8.

Except in Texas and Oklahoma, which report of averages of the condition on July 25 was four points higher than last month; the Indian Territory, where there has been an improvement of 6 points, and Missouri, where there was no appreciable change, more or less deterioration is reported from the entire cotton belt, the decline amounting to 1 point in Virginia, 2 in Arkansas, 4 in Louisiana, 5 in Mississippi, 6 in Tennessee, 7 in North Carolina, South Carolina and Alabama, 8 in Georgia and 12 in Florida.

There is a marked absence of uniformity of conditions even in states making the most unfavorable showing, not a few counties reporting the condition far above the average and some even reaching the high figure of 100. The condition in the principal states is reported as follows: North Carolina, 86; South Carolina, 83; Georgia, 83; Florida, 84; Alabama, 77; Mississippi, 80; Louisiana, 81; Texas, 77; Arkansas, 92; Tennessee, 92; Oklahoma, 94 and Indian Territory, 95.

DAMAGE TO COTTON.

Recent Flood in Texas Destroyed Most of Fields in Low Lands.

Terrell, Tex., Aug. 5.—Very discouraging reports are being received in this city from the overflowed sections of this county. W. F. Danner, a farmer living near Hetty, 10 miles north of this city, was here Monday and stated that 45 acres of his cotton that was overflooded was already dead. He said hundreds of acres of cotton in the same vicinity was dead as a result of the overflow. When the waters receded a sediment was left on the cotton which seems to have had a serious effect on the life of the plant.

W. C. McCord of this city is in receipt of a letter from his brother, J. M. McCord at Courtney, stating that his entire crop of 1600 acres of cotton has been so completely ruined by overflow that he does not expect to get a bale from the whole farm.

Loss Great in Burleson.

Caldwell, Tex., Aug. 5.—The damage done to cotton in Burleson county by the recent overflow has not been overestimated. Of the cotton raised 2500 acres is a conservative estimate. The already short corn crop was also made less. On top of all this comes the boll weevil to destroy what is left. He is putting his deadly bill into nearly all sections of the county. In the edge of the Brazos bottoms, which escaped the overflow, are hundreds of acres with scarcely a bloom on the plants. The squires are punctured and fall off. The prospects for a cotton crop are very gloomy.

Damage Along the Sabine.

Big Sandy, Tex., Aug. 5.—The overflow in the Sabine river and Big Sandy bottoms near this place is reaching an alarming stage now. Farmers along the Sabine river bottom are suffering great loss. Crops of all kinds are entirely inundated. The water in Sabine river bottom south of this place is estimated to be three miles wide and the water is running very swift through the bottoms. The high water mark reached by Tuesday. It is believed that hundreds of head of cattle and hogs have perished in the floods.

Wall of Water Came Down.

Terrell, Tex., Aug. 5.—A. H. Dashiell, assistant general attorney of the Texas Midland railroad, has just returned from a trip to his farm on the East Fork of the Trinity river, near Scurry, in the southern portion of this county. He states that the East Fork rose ten feet in forty-five minutes at that place last Friday afternoon. Men who were at work in the bottom saw the wall of water coming and ran for the hills, but were obliged to wade water to their necks before they got out of the bottom.

Ninety Per Loss About Navasota.

Navasota, Tex., Aug. 5.—W. M. Milroy, one of the most prominent cotton men of this city, estimates that at least 90 per cent of the cotton in the bottom tributary to Navasota has been destroyed by the flood.

The Brazos is still falling, but as yet very slow.

Street Railway Strike Settled.

Ironton, O., Aug. 5.—The street railway strike has been amicably settled. An agreement was effected by the recognition of the union and the reinstatement of discharged union men who are considered honest and efficient servants.

Drowned in Skunk River.

Oaklahoma, Iowa, Aug. 5.—A. G. Cromer, thought to have resided at Batesville, Ark., was drowned in Skunk river northeast of Fremont while bathing. The body is held at Fremont unclaimed.

KILLING IN KENTUCKY.

One Man Charged With Murdering His Wife Near Wickliffe.

Louisville, Aug. 5.—Thomas Edwards of Nashville is in jail at Wickliffe on a charge of killing his wife, Ida Edwards, and placing her body on the Illinois Central railroad track. He and the woman had a fight near Wickliffe and had resumed their journey, her body being found later. Edwards claimed death was due to an accident, but marks on her neck showed she had been choked to death.

In a quarrel about a woman near Trenton, Mose Tyler, a farm hand, advanced with a drawn pistol on Thad Coleman. Coleman hurled two stones at Tyler. The first stunned him and the second struck him on the head and killed him instantly. The coroner's inquest verdict exonerated Coleman.

At Cumberland Gap George Williamson, deputy sheriff, shot and killed Charley Vaughn, who resisted arrest. Vaughn was charged with a small offense. Considerable excitement was caused by the killing. Vaughn belonged a prominent family.

Dan Scott was shot and killed by Bill Tink Mullins near Mullins station, near Mount Vernon. Mullins and his brother came in and surrendered. Mullins and Scott had had trouble before.

HUGE FLOATING DOCK.

One Will Be Built and Sent to the Philippines by the United States.

Washington, Aug. 5.—The navy department will soon call for bids for a huge floating dock to accommodate a 16,000 ton battleship, to be built by the United States and floated over to the Philippines. This will be one of the largest floating dry docks ever constructed. The amount available is \$1,250,000, and Admiral Endicott of the bureau of yards and docks has about completed the specifications upon which the huge structure will be built. Whether it will be towed across the Pacific or across the Atlantic through the Suez canal will depend upon the place of its construction, but in any event the towing of this gigantic steel structure such a distance will be a formidable undertaking.

Cattle Train Wrecked.

Temple, Tex., Aug. 5.—A bad wreck occurred on Santa Fe at the stockyards one and a half miles west of town. A train crew was out there switching and left a string of cars on the trestle over Bird's creek while they were placing some empties on the stockyard switches. From the stockyards toward town there is a very heavy grade and all trains coming in from the west gain all the speed possible in order to pull up the grade. Beyond the trestle is a sharp curve, which cuts off the view of the trestle until within a few hundred yards of it. While the string of cars was standing on the trestle a double-header freight train under full head of steam came around the curve and only saw the standing cars when it was too late to stop.

Six of the cars on the trestle were knocked off. Some of them were loaded with cattle, and about twenty-five or thirty head were killed. One of the engines was badly damaged. The crews of the two engines jumped and none of them was seriously hurt.

Asks for State Troops.

Cattlettsburg, Ky., Aug. 5.—Superintendent Gathright of the Camden Railway company Monday night asked Governor Beekham to send troops here, as the property of the company was in danger of being destroyed.

Sheriff Haney also telegraphed the governor saying that the civil authorities were unable to cope with the strikers and asked that state troops be sent here at once.

The governor stated that he would take no action until he had sent a representative here to investigate.

The sheriff is busy swearing in deputies.

Returns With His Prisoner.

Marlin, Tex., Aug. 5.—Sheriff Carlton has returned from near Oakwood in Leon county, where he went for Will Henderson, colored, wanted in this county on three charges, one for murder and two for assault with intent to murder. The crimes were committed at Highbank, near Marlin, on the 15th of March, this year, where the prisoner is charged with shooting and killing his child, attempting to shoot his wife and shooting his father-in-law. He had been at large until arrested recently by Sheriff Jim Reed of Leon county. Henderson is now in the Falls county jail.

Three Holdups Near Comanche.

Comanche, I. T., Aug. 5.—Three holdups occurred west of here on the Walters road between 10 and 11 o'clock Sunday night. The first victim was George Pulsifer of Dallas, Tex., the second W. N. Williams of this place and the third were two strangers in a hack. From the description it seems the same two men did it all. They secured 75c from Mr. Pulsifer, but overlooked \$75, and they got \$25 from Mr. Williams.

Was Probably Murdered.

Guthrie, Okla., Aug. 5.—Franklin Cooley, an aged farmer, living four miles southeast of Jennings, Okla., was found dead in his home, the body being in a decomposed condition and partly eaten by coyotes. He was last seen three days before the finding of the body and must have died suddenly, as his team was found harnessed in the stable nearly starved for food and water. It is thought to have been another case of murder for money.

Strike at Pullman.

Chicago, Aug. 5.—Six hundred and fifty blacksmiths, blacksmiths' helpers and body builders in the car shops of the Pullman Palace Car company at Pullman went on strike Monday for an increase of 50c a day. About 400 more men are considering the advisability of walking out. Should they do so a general strike is expected. This would affect over 4000 men.
