The World's Approval

of our Flour proves that a really good article is quickly appreciated. There is flour and flour. What the housewife wants is flour that is easily kneaded, rises quickly, bakes all through and has that rich brown top crust which delights her heart. So much for looks—the head of the house thinks more of the taste. Magnolia flour fills all these requirements.

COL. TRICE AND DALLAS

Company Owns Valuable Property on Commerce Street.

Dallas Times-Herald.
The International and Great Northern railroad will build into Dallas at an early day. This much is certain. Colonel Leroy Trice, third vice president and general manager of the road, gave this assurance to the Dallas business men at Palestine yesterday, as told in the telegraphic columns of the Times-Herald last evening. Mr. Royal A. Ferris is a member of the railroad committee. He assisted in the work of raising the bonus and in procuring the right of way for the Rock Island as well as the International and Great Northern railroad. Mr. Ferris is a member of the Dallas business men's excursion party and Mr. Alex Sanger, another active member of the committee, is in New York City on business. The cheering news from Palestine was well received in Dallas, as the International and Great Northern is certain to prove a big acquisition, as it will open up a new trade territory for Dallas jobbers and manufacturers. The International and Great Northern owns valuable property on Commerce street, just west of the Terminal station, but it is believed in local railroad circles that Colonel Trice will elect to use the Terminal passenger station. His plans include a large freight depot on the south side of Commerce street.

In County Court.

In the county court yesterday Henry Williams, colored, entered a plea of guilty to a charge of aggravated assault and was fined \$25.00. He has been sent to the county farm to work out the fine.

The following new suits have been filed:

John A. Wallace vs. Southern Fire Insurance Company, damages.
Eunis National Bank vs. Mamie F. Boynton, debt.

Ladies, Learn to Embroider.

Just now you are very fortunate if you can embroider as this art is all the rage. If you cannot, and want to learn, call at Woman's Exchange, 206 W. Franklin street and discuss the matter with a competent teacher. d37w15

Chautauqua Booklet.

Those who have contracted for space in the Chautauqua program are requested to send copy for their ads to the Enterprise office at once. Rev. J. C. Smith, who had the program in charge has gone to Alabama to visit his father and you will greatly facilitate publication by complying with this request at once.

SPRING AILMENTS.

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit, and its tonic effect, fully restore wasted tissues and give strength in place of weakness. See at Hood & Martin's.

It Has Arrived.

Conde Mosley has received another car of the celebrated Purina Feed. Good for horses and cows. If your cow don't give as much milk as she should, order a sack of Purina Feed from Conde Mosley at once.

Weather Forecast.

Tonight and Friday increasing cloudiness; warmer.

Say!

- Have you a house for rent?
- Have you rooms for rent?
- Have you a cow for sale?
- Do you want to buy a cow?
- Do you want to rent a house?
- Do you want to buy, sell or exchange anything?

The quickest and cheapest way to let all the people of Waxahachie know is to place an "ad" in THE WANT COLUMN. It will be read by everybody.

At the Auditorium.

The accompanying cut is an excellent picture of Miss Jennie Elmer, as she will appear Monday night at the auditorium as Lady

Audley with the Farrell and Nelson Stock Co. Lots of good specialties and fine music, both band and orchestra. Go Monday.

Place of Picnic Changed.

On account of failure to secure a special train the Sunday school picnic of the Cumberland Presbyterian church that was to have been held at Sardis Saturday will be at the Chautauqua park on same date. There will be plenty of cars for conveying the crowd to the park and all Sunday school children are requested to be ready by 9 o'clock and assemble at the church at this hour, as the cars will be waiting there.

Rural Delivery Routes.

The six delivery routes to be established out of Waxahachie July 1 will cover an area of 100 square miles. There are 600 houses on the routes and a population of 3000 will be served. The postoffices at Ike, Oak, Nash and Maloney will be discontinued and the office at Howard and Rockett will be supplied by rural carrier mail to Waxahachie.

AT THE TEMPLE OF JUSTICE

Business Has Been Quiet Since Court Adjourned.

Since the adjournment of district court everything has been quiet around the court house. The commissioners' court is in session this week, but outside of routine business, nothing has come before that body to attract any special attention.

In the district clerk's office Clerk Burleson and his efficient assistant, E. P. Kemble, have been transferring the cases continued from last term of court to new dockets and getting things in shape to begin making transcripts in the cases which will be appealed. Out of the six convictions in the criminal department of the court five have given notice of appeal, and an effort will be made to get them before the court of criminal appeals at Austin before the court moves to Tyler, June 1.

The case that was not appealed is that of Lavina Washington, the negro woman who was convicted of manslaughter and given three years in the penitentiary. She has accepted sentence and is waiting to be taken to the pen. If the case of Brozier Smith is affirmed when it goes up it will be some time next fall before his execution will take place, as sentence cannot be passed on him until district court convenes the fourth Monday in next September. In the meantime Brozier will spend his time in the county jail where he appears to be making the best of the situation. He is at all times in a jolly mood and feels confident of a reversal of his case.

CHRISTIAN BAPTISM

The Subject of Pastor McPherson's Sermon tonight.

Mr. McPherson will preach tonight at the Main Street Christian church on "Christian Baptism." In announcing it last night he said that sometimes this subject is very much avoided, but that the messenger of the Lord said to the disciples "Go and preach to the people ALL the words of this Life" and that we had as much right to keep silent on any other word of our Master as on this. He said that the sermon would be an earnest, honest investigation as to what the Word of God says on this subject, and invited all to come and give it an impartial hearing.

Last night the theme was "Repentance." Tomorrow night it will be "The Church of the New Testament," or, as announced on the card, "The Church of the Old Time Religion." Mr. Brower sang last night "The Palms." His solos as well as his leadership in congregational singing have been features of much interest in the meeting.

The song service will begin tonight at 8 o'clock and the sermon a half hour later.

WANTED.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of Indigestion, Dyspepsia, and Liver Troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, dispondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver?
