Since Taking

PAINE'S CELERY COMPOUND

The prompt, effective and honest results that are always obtained by the users of Paine's Celery Compound, call forth the grateful and unstinted praise of clergymen of all denominations. In every parish and district of our land, clergymen are quietly but surely spreading the joyful intelligence that Paine's Celery Compound banishes ill health and makes sick people well.

Like men and women in other professions and in the ordinary callings of life, church ministers are victims of the same ailments and diseases. When oppressed by sufferings and agonies, it is cheering to note that our clergymen have implicit confidence and faith in Dr.

Phelps' life-giving prescription, Paine's Celery Compound. Rev. A. L. Brantley, Summertown, Ga., tells how he was raised from a condition of suffering and great danger: "Before using Paine's Celery Compound I was continually suffering with sick and nervous headache and it was a common occurrence for me to sleep little or none at night. Often have I arose in the morning with a severe headache and inactive mind, prostrated with nervousness from the loss of sleep. Now I can sleep well at night, have an active mind, and can study ten hours a day, while before I could study but a short while at a time. I certainly feel grateful for such a medicine as Paine's Celery Compound."
