## ONE OF MOST DRASTIC

Order Intended For the Protection of the Red Men.

### RULE NOW AMENDED.

Proceeds of Sales of Inherited Lands Must Be Placed in Most Convenient Depository to Credit of Right Beneficiaries.

Washington, Sept. 21.—One of the most drastic orders ever issued by the government for the protection of the several Indian tribes against fraud and robbery has been promulgated by Acting Secretary of the Interior Ryan. The order in question amends the rule for the sale of inherited Indian lands so as to require that the proceeds to be derived in their sale shall be placed with the most convenient United

States depository to the credit of each heir in proper proportion, subject to the check of such heirs or their recognized guardians, for amounts not exceeding \$10 to each in any one month. Before being paid, however, it will be necessary for these checks to be approved by the agent or office in charge. For sums in excess of \$10 per month the money will be paid upon approval of the agent only when specifically authorized so to do by the commissioner of Indian affairs.

Acting Secretary Ryan said that heretofore the lands have been sold to the highest bidder and the proceeds paid directly over to the Indians, with the result that in many instances the Indians soon were deprived of their money.

### IN CLOSE TOUCH.

Judge Parker Received Telegrams All Tuesday From Saratoga.

Esopus, N. Y., Sept. 21.—Judge Parker was in close touch with political advisers Tuesday who are in attendance upon the state convention at Saratoga. Every few minutes messengers were to be seen climbing the hill from the telegraph office to the judge's house. The operator who handles Judge Parker's personal telegrams was busy most of the day, but in spite of the many messages the candidate found time to issue orders to his men concerning the harvesting of crops.

There were no political callers at Rosemont, and the judge took a long hawaback ride.

### GREAT STORM.

At Albia, Ia., Fall Said to Be Five Inches Deep.

Des Moines, Ia., Sept. 21.—A terrific wind, hail and rain storm has damaged many thousand dollars' worth of property at Oskaloosa. The building occupied by Spencer's wholesale grocery firm was demolished, the Illinois Central depot was unroofed and practically all the business houses were damaged more or less severely. ### HELD BY BRIGADE.

Japanese Have One Position Pretty Well in Their Keeping.

St. Petersburg, Sept. 21.—The following dispatch has been received from General Kurapatkin: "A reconnaissance made Sept. 17 established the fact that the Japanese position at Hantupute is strongly held by a brigade with guns. There are no enemy out of Hantupute, but Japanese reinforcements arrived Sept. 18 in the vicinity of that village. Large Japanese forces from Liao Yang have already crossed to the right bank of the Taiho river."

### New Hampshire Republicans.

Concord, Sept. 21.—John McLane of Milford was nominated for governor by the Republican state convention here and presidential electors chosen. There were no other nominations as all state offices except governor are appointive. The platform adopted praises the achievements of the national party.

### Old-Time Telegraphers.

Atlanta, Sept. 21.—The twenty-fourth annual meeting of the Old-Time Telegraphers' and Historical Association and the Society of the Military Telegraph Corps began here with an attendance of nearly 100.

## CENTER OF INTEREST

General Attack by Land and Sea Is Regarded Likely.

### ADVANCE ON MUKEN

Eight and Probably Nine Divisions of the Mikado's Forces Said to Be Healed in That Direction Now.

New York, Sept. 21.—Port Arthur is again the center of interest as regards the war in the far east. A general attack by land and sea is regarded as likely to follow the Japanese assault upon the redoubt protecting the water supply of the fortress and town and participation of the fleet under Admiral Togo is looked for. In this latter event it is expected that remnants of the Russian squadron in the port will rally forth to engage the Japanese ships.

Eight and possibly nine Japanese divisions are reported to be advancing on Mukden and another battle between the armies under Generals Kuroki and Kuropatkin is imminent. St. Petersburg has heard that the Russian's Baltic squadron has been reinforced by four warships purchased from Argentina.

### Expects More Vessels.

Berlin, Sept. 21.—The correspondent of the Lokal Anzeiger has telegraphed from Revel to his paper an interview with Vice Admiral Rejestvensky. In command of the Russian Baltic fleet, in the course of which the admiral declares that he expects three additional vessels before long and that with the augmented squadron, after necessary maneuvers, he will leave for the far east. The correspondent dimly intimates that the arrival of this squadron at Vladivostok need not be expected before spring.

### Dum-Dum Bullets Used.

Paris, Sept. 21.—The Matin's Chefoo correspondent telegraphs the following: "The use of dum-dum bullets by Russians is confirmed, a Russian having confessed to me that he brought 1000 such bullets with him, and used 300 of them. On the other hand, a witness affirms that Russian soldiers at Port Arthur have been killed by explosive bullets."

### Crossed the Hun.

St. Petersburg, Sept. 21.—The sensational announcement that General Kuroki has crossed the Hun river unopposed, and that the whole Japanese army is advancing upon Mukden is overshadowed by anxiety for Port Arthur.

### ODD FELLOWS' OFFICERS.

Following Were Chosen at Meeting of Sovereign Grand Lodge.

San Francisco, Sept. 21.—The following officers were elected by the sovereign grand lodge of Odd Fellows: Grand Sire—Robert E. Wright of Allentown, Pa. Promoted from the office of deputy grand sire by unanimous vote.

Grand Secretary—J. Frank Grant of Baltimore, re-elected without opposition.

Grand Treasurer—Richard Muckle of Philadelphia. Re-elected with no opposition.

The other officers will be appointed by the new grand sire.

After the election of officers it was decided by a unanimous vote that that Grand Sire-Elect Wright, who is in feeble health, might be installed in office at his home in Allentown, Pa.

### HID UNDER BEDS.

Members of One Company Said to Have Been Badly Scared.

Huntsville, Ala., Sept. 21.—Before the military court of inquiry relative to the conduct of officers and men of Company F in connection with the lynching of Howard Maples Jailer Giles testified that several of the men of the company were so badly frightened that they were worse than useless in the defense of the jail. Some of the men, he claimed, took refuge under beds and in closets of the building while the mob was besieging the jail. Sheriff Rodgers testified that he gave orders to the company to take care of the jail and guard the prisoner. He did not order them up stairs, he claims, but gave the command for them to assemble inside the building. Practically every man in the company testified that they considered themselves under the orders of the sheriff.

### LIFE AGAINST LIFE.

Couple Play Cards to See Which Must Die, and Man Loses.

Sedalia, Mo., Sept. 21.—Charles E. Bliss, alias Barlow, aged twenty-four, a painter from Peru, Ind., where his father is a Seventh Day Adventist preacher, committed suicide by swallowing carbolic acid. At the coroner's inquest a woman testified that an hour before the suicide she and Bliss played a game of cards, the stake being his life against hers, and Bliss lost.
