Keep this before the people: "Honor is better than gold."

St. Patrick would not have recognized this as his day in Waxahachie.

Harris county has received ten thousand silver dollars and does not know what to do with them.

John W. Gates has started a poultry farm. Gates is always in line when it comes to taking easy money.

With the consent of Governor Campbell the secretary of state will, as soon as copies can be compiled, make a free distribution of the election laws. That is not a bad idea.

Commissioner of Agriculture Miller is out on a tour to inspect the cotton mills in Texas. He will see something to fill him with inspiration when he goes through the mills at Waxahachie.

Our Jack wants the Elks well cared for. He has asked the government to loan 2500 tents for the Elks grand lodge sessions at Dallas. We are pleased to know that Representative Beall is not too entirely absorbed in political matters to remember his Dallas constituents.

Emperor Joseph is reported to have a bad cold but a recent bulletin cabled across the waters announces that he passed a satisfactory night. This is consoling, and if we could only print like pacifying intelligence as to the condition of President Roosevelt's corn the people would be happy.

It is stated that Attorney General Davidson has announced his intention to open his campaign for reelection as attorney general at Waxahachie, which will be attended by an immense throng of true blue democratic supporters.—Brenham Banner. Colonel Rankin of the Banner was jailed by E. J. Davis' ruffians and his office sacked away back in the dark days of Texas history. He is on the Davidson firing line now. Perhaps Rankin is not a democrat.—Dallas Times Herald.

POWER OF THE NEWSPAPER IN DEVELOPING BUSINESS.

The advertising columns of the newspaper is the bedrock of all business. Your capital may be invested, but who knows it?

The newspaper has seen hundreds of advertising schemes enter the field of publicity and depart has seen advertisers misuse their appropriation in an unwise scatteration and then come back to the newspaper sadder, wiser, but more experienced and appreciative of the true worth of sure enough advertising. In the face of all this, the newspaper has remained as true and strong as the rock of Gibraltar.

And why? Because the people support the newspaper as they do nothing else licensed in the business field.

More different kinds of commercial interests are exploited in the newspaper every year; larger sums are expended and why? No head of a business has the insane vanity to advertise just to see his business written, or his name kept before the public. It is solely a question of dollars, for no house can long remain in the commercial arena that does not advertise.

Advertise steadily in the newspapers if you want the worth of your money; go at it in a systematized manner, with the determination to let no one else get first place in your particular field. Don't go into the newspaper one day and out enough times to ease up the finance part; advertise so that large sales cover up all leaks; and there is no leak so pernicious as spasmodic advertising—being forgotten in between times sends the people to the man who doesn't give 'em a chance to forget his business.

Let us suppose that it were permissible for a newspaper to suspend issue every now and then because it thought that the public did not need to get the news all of the time. Would the excuse be plausible? Would the people accept it? And, honor bright, isn't your business every bit as important to you as the news of the country is important to the newspaper?

There can be but one vital point to cover in questions of this kind. No one is in business for health or pleasure; it is not a matter of pleasing one's friends or of "spreading" it, the outcome is just a question of making money.

Will you advertise in the newspaper and forge ahead or retire through want of being known?—Houston Chronicle.

Hon. Joseph D. Sayers has neglected to send a congratulatory letter to the Hon. Richard Wynne. Sayers is a Confederate veteran, with a record for bravery second to none. What was it Wynne said of Sayers at Grand Prairie?—Dallas Times Herald.

Building good streets with gravel is no new thing, and the cities and towns that have thus invested money are not dissatisfied with the results obtained. The Uvalde News-Leader has this to say on the subject: "This paper desires to commend the city administration for the extensive improvements it is making on the streets. The graveling of Main street is especially gratifying. In two or three places where the street is low the course of graveling is fourteen inches thick. Such work is permanent and when continued, as the administration intends it shall be, it will give us the best lot of streets of any city of our size in the country."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

A HUMANE SOCIETY.

Preliminary Steps Toward Organization Are Taken in Meeting.

Quite a number gathered at the Sims Library Monday evening in response to a call for a mass meeting for the purpose of organizing a Humane Society, which had been announced through these columns for the past few days. Mayor Perry S. Robertson was master of ceremonies. His remarks were to the point and well received.

The following program was splendidly rendered:

Selection, Wise Orchestra.

"Violet Song," Kindergarten children.

Response to Encore.

"Shoemaker's Song," Kindergarten children.

Selection, Wise Orchestra.

Response to Encore, Wise Orchestra.

Address, Mr. J. M. Eskridge.

Selection, Wise Orchestra.

The program was a most enjoyable one. The ever-popular and pleasing Wise Orchestra and the sweet, pretty little kindergarten tots of Miss T. L. Walker, were so vigorously applauded that they were forced to respond with encores which, likewise, received hearty ovations. Mr. J. M. Eskridge delivered a masterly address along humane lines with his usual pleasing eloquence, and at its close, was heartily applauded.

The business meeting followed, Mayor Perry S. Robertson presiding. On the motion of Hon. J. Lea Gammon, Rev. Leonard Gill was made temporary chairman of the meeting and Miss Ora Miller, secretary pro tem.

The following committees were named:

Committee on Constitution and By-Laws: Mrs. M. B. Templeton, chairman; Mrs. W. L. Acker, Miss Ora Miller and Messrs. J. Lea Gammon and Perry S. Robertson.

Committee on Address to the Public: Mrs. J. Lea Gammon, Mrs. H. W. Leeper, Mrs. J. S. Herring, Mrs. Musa Dunn, and Miss Irene Gallo-way.

A meeting will be held at the Sims Library Tuesday evening, March 24th, at which time the report of the committees will be heard, officers elected and a permanent organization will be established.

Much enthusiasm was shown at Monday night's meeting and it is felt that this Humane Society will supply a long-felt need.

W. H. Allen, a farmer who resides near Rankin, was brought to Waxahachie Monday night by Constable Wilson of Ennis and placed in jail on an alleged charge of theft. Allen was indicted by the grand jury last Friday afternoon on a charge of theft of over \$50, which is a penitentiary offense. It is claimed that Allen sold some cotton to Max Schneider at Ennis last fall, and that when a ticket was made out for the cotton Allen was paid \$128 too much. After the error was discovered Allen was asked to return the money, which it is claimed, he refused to do.
