When in doubt build sidewalks and boost for better roads.

The mere mention of "pros at San Antonio" is calculated to make a fellow smile.

Houston's annual carnival is fast reaching the proportions of a New Orleans mardi gras.

Don't forget the flower show. It is an appeal to every man who has good in his nature.

This is the kind of weather that makes pigs squeal. Our allusion is to the four-footed variety.

Do all you can—angels can do no more—then kick at the fellow who has not done his part.

Without charging that remissness of action is responsible for a lack of public improvement in Waxahachie we repeat that there is room for and need of improvement.

Wednesday was the anniversary of the death of St. Martin and those who are versed in weather lore say that the conditions prevailing on that date presaged a severe winter.

New York makes the announcement that an insurance company in that city has been sued by a fellow named Dampskitsactiesclskabet. No wonder New York went republican.

Everything in the due course of time. Last week Waco was agog on account of the races. This week that city is jumping sideways and endwise on account of the Methodist conference.

William Hatfield, who, because of a close resemblance to Dunham, the California murderer, has had notoriety thrust upon him, now threatens to bring suit against the state of Texas and officials of California. Some men never know when they have had enough.

President C. S. Barrett, in his address before the National Farmers' Union in session at New Orleans, said: "The south can raise the price of cotton." Perhaps so, but it will take something more than resolutions to accomplish it. And after the south has raised the price it is still an open question whether the other fellow will pay the price. In all successful deals there must be a buyer as well as a seller.

#### HIGHEST PENALTY FOR OWENS

Defendant Is Convicted of Incest and Given Ten Years in Pen.

J. W. Owens, who was arraigned for trial in the district court Wednesday morning on a charge of incest, was convicted by the jury late that afternoon and given the maximum penalty provided by law, ten years in the penitentiary. It required only a few minutes for the jury to agree upon a verdict. After finding the defendant guilty the jury proceeded to ballot on the penalty to be assessed. On the first ballot eleven jurors favored giving the defendant the extreme penalty, and on the second ballot a unanimous agreement on the verdict was reached.

Lige Willford was placed on trial this morning on a charge of burglary with intent to commit criminal assault.
