

TEMPLE GOVERNORS 'DEFEAT ATHLETICS

OUTHIT AND OUTPLAYED AT EVERY POINT OF THE GAME VISITORS WIN.

Game Featured By Home Run, the Second of the Season at Jungle Park, and Many Errors.

With Mike Finn, big league scout, looking 'em over Pitchers Compere and Francis waged a terrible battle in yesterday's game at Jungle park. The local lad had all the better of the argument when the fine points in the game are considered but lost the game in the eighth when a pass, an error, a hit and home run netted the visitors three scores. In all Compere yielded only five hits, struck out eleven men and passed only two men, while Francis was passing four, striking out seven and yielding eight hits. Up to the eighth the game stood one and one. In this inning Temple scored three runs and Waxahachie came back with one. Again in the ninth Waxahachie scored but could not tie it up again.

The game was a most erratic one, only one earned run being made. Allison's home run was a scratch, the ball being relayed here and there in an effort to catch him.

But two more games will be played at Jungle park this season, the game this afternoon and the closing game tomorrow. Effort will be made to have 1,000 people in the grand stand on farewell day. It may mean the life of baseball in Waxahachie to provide such a crowd.

The score:
Temple— ab. h. po. a. e.
Allison, ss 4 2 2 3 1

Waxahachie 010 000 011—3
Runs—Allison, Brown, Scott 2.
Kerr, Mack, Wesley. Stolen bases—Allison, Scott. Sacrifice hits—Edmonds, Wesley. Three-base hits—Gardner, Allison, Mack. Earned run—Waxahachie 1. First base on balls—Off Compere 2, off Francis 4.
Struck out—By Compere 11, by Francis 7. Left on bases—Waxahachie 12, Temple 2. Double plays—Reed to Gardner, Reed to Griggs to Gardner, Francis to Bogus. Passed ball—Jordan. First base on errors—Waxahachie 5. Time of game—1 hour and 40 minutes. Umpire—Lawson.

CENTRAL TEXAS LEAGUE.
MARLIN, Texas, July 11.—Ennis won the first game of the series by a score of 7 to 5, batting Andrews out in two innings.

TEXAS LEAGUE.
SHREVEPORT, La., July 11.—Hill went to pieces in the eighth inning when Knaupp batted at a wild pitch for his third strike and four successive hits with two out netted Shreveport three runs and gave them a 5 to 3 victory over Waco.

BEAUMONT, Texas, July 11.—Dodd's sacrifice fly scored Martina in the ninth yesterday and gave Beaumont a 4 to 3 victory over Houston.

FORT WORTH, Texas, July 11.—With the battery, Sparks and Smith, working for the Giants, the Panthers hit and ran bases at will, making a farce of the first of a two-game series yesterday afternoon, winning by the top-heavy score of 12 to 1.

WESTERN ASSOCIATION.
SHERMAN, Texas, July 11.—Six

Sherman	81	38	43	.469
Fort Smith	81	37	44	.457
Muskogee	83	36	47	.439
Oklahoma City	81	34	47	.420
Paris	82	33	49	.402

innings were required to find Robertson for the winning run yesterday, after Sherman tied a four-run lead in the ninth. In the fifteenth with none out, Mackey singled and scored Sorey, who had doubled, clinching the game from the Twins, 5 to 4.

PARIS, Texas, July 11.—Although out-hit, the breaks of the game went to Denison and Paris was defeated, 5 to 3.

McAlester, Ok., July 10.—Ability to hit Haag in the pinches while Naylor was keeping Senatorial blows pretty well scattered enabled McAlester to take the opener of the Oklahoma City series, 6 to 3.

TULSA, Ok., July 11.—Clyde Geist was the star in yesterday's contest. He blanked Muskogee, 1 to 0, doling out but four hits and made Tulsa's only score.

NATIONAL LEAGUE.
CINCINNATI, O., July 11.—Cincinnati took the last game of the series from Brooklyn, 6 to 3.

PITTSBURGH, July 11.—Pittsburgh batted Schauer and Schupp freely and defeated New York, 7 to 1.

CHICAGO, July 11.—Frank Allen allowed only one Cub to reach third base and none to get beyond it and Boston through timely hitting off Prendergast made it three out of four from the Cubs, 4 to 0.

ST. LOUIS, July 11.—With St. Louis two runs in the lead at the opening in the eighth inning, Philadelphia made three runs on two bases on balls, a sacrifice and two singles, and then counted two more in the ninth and won, 5 to 2.

AMERICAN LEAGUE.
BOSTON, July 11.—The Boston Americans were shut out twice by Chicago yesterday, the visitors making four runs in the first game and three in the second. In both contests the White Sox batted vigorously.

NEW YORK, July 11.—Cleveland reduced New York's lead to one and a half games by defeating the Yankees, 3 to 2, in the second game of what was to have been a double-header. The first game was called off on account of wet grounds.

The Daily Light gives the news

DIAMOND TORPEDOES.

Mike Finn sat in the grand stand at Jungle park yesterday to look both Compere and Francis over. Mike is scouting around for recruits to the Detroit Tigers team and he had heard much of these two pitchers. He was right well pleased with the way the youngsters performed.

Mike Finn, Detroit Tigers scout, who was here last night, announced that he had purchased Leslie, first baseman, from Ennis and that the youngster would report to the Tigers at the close of the season for a try-out. Leslie is a hard-hitting youngster and is at work every minute of the game. The purchase price was not made known.

"Smithy" set the Dallas fans wild Sunday when he hit a long one to the left field fence and brought home a needed score. Smith is a coming youngster, although he did not show to an advantage in Monday's game at Fort Worth.

The ball team that picks up Left Fielder Jordan is going to get a good ball player. This youngster has his eye on the pill and is pounding it unmercifully. His batting average for the last thirty days ought to be over the 300 mark.

The locals failed miserably to support Compere in the game at Jungle park yesterday and it affects his pitching record. Compere ought to have won the game 1 to 0.

Gober, who jumped the Athletics in mid-season, writes from Crockett asking for a few days back pay. He was fined \$25 for jumping a contract, so the secretary will figure the difference and ask him to "please remit."

Fans should remember that Wednesday is the last day of the baseball season in Waxahachie and make it a point to attend the farewell game. The players will be glad to see you and the management needs the patronage.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says a glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue left coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant. Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have a stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.—(adv.)

A cheerful liar is often better company than the man who tells the plain truth.

COLUMBUS, O., July 11.—With no charge other than "being a tramp" against him, Owen Hadley is serving a sentence from one to three years at the Ohio penitentiary here. He is the only convict in the pen under that charge.

A bulldog proved his undoing. He entered a house at Wapakoneta where the housewife was alone. The dog backed him up against a wall and kept him there until the sheriff came.

SALESMEN MEET TO FIND OUT WHETHER THEY'RE BORN

DETROIT, Mich., July 11.—Several hundred regular, go-getter salesmen from all over the world met here yesterday to find out whether they're born.

"Are we born or made?" is the burning question.

This is the first annual World's Salesmanship congress. The selling brains of Europe and the Americas are here. They have for very serious consideration an international commercial preparedness plan calculated to protect their interests and their industries throughout the world when war sales cease. Then, they expect, will come a very trying period of international commercial and industrial readjustment.

But they also are very anxious to know whether they're born. They will have experts on the point discuss it for them at length.

"Keynote" addresses of the congress, delivered at the opening session yesterday, served to emphasize the world-wide scope of the meeting. The speakers included Hugh Chalmers, president of the Chalmers Motor company, of Detroit; L. A. Young, of Des Moines, Iowa; Secretary of Commerce, William C. Redfield; Sir Thomas Lipton, of London; Norval A. Hawkins, general sales manager of the Ford Motor company, of Detroit; Arthur Brisbane of New York and Gordon Selridge, of the Selridge stores of London, Eng.

Later sessions of the congress will be given over to departmental discussions by experts.

Subjects to be treated include: "Are Salesmen Born?"; "Can Psychology Make Them?"; "What It Costs to Make a Salesman"; "The Price Cutting Manufacturer"; "The Discounting Jobber"; and "The Bargain Sale Retailer."

Purposes of the congress, as outlined yesterday by its officers, are of wide scope. It is proposed that the congress shall emphasize the ethics of salesmanship by adopting of "standards of practice," to be universally recognized as necessary for the maintenance of strict honesty in business. These "standards of practice" are to be formally set forth in the report of the resolutions committee, which will be submitted for adoption Thursday.

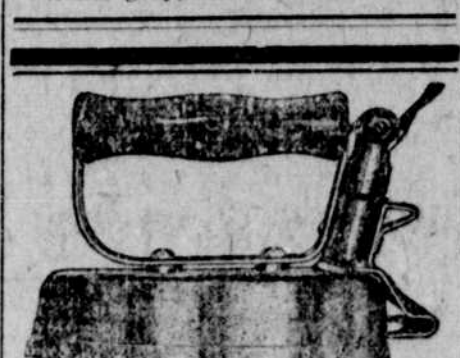

Further, it proposes to contribute to the science of salesmanship through the general and technical addresses of experts; to encourage salesmanship education in schools and universities; to cause elimination of fraudulent exploiters of salesmanship doctrine; to promote "Open Forum Salesmanship Clubs" throughout the world, and to organize salesmen into an international body for their own benefit and the benefit of their firms.

A dozen or so of the country's biggest magazines contributed thousands of dollars worth of advertising space to advertise the movement and help insure success of the congress.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss. While gray, faded hair is not sin-

the chairman of the county executive committee not later than 10:00 a. m., July 29, 1916, for the purpose of making up the roll of delegates and to certify the primary vote for county chairman.

The election laws provide that no person may participate in any precinct, county, district or state convention who is not a qualified voter and only republican electors and others who believe in the principles of the republican party, endorse its policies and will support its nominees in good faith are entitled to participate in such primary conventions.

B. F. CREWS, Chairman
Republican State Executive Committee of Ellis County, Texas.

"WEEDS USED IN MEDICINE."
Is the title of a very interesting pamphlet recently circulated by the U. S. Department of Agriculture. It illustrates and describes the medicinal qualities of roots, leaves and flowers of our most common weeds, which are nature's remedies for disease. From the roots and herbs of the field Lydia E. Pinkham's Vegetable Compound was originated more than forty years ago, and the demand for it has increased until it is now recognized as the standard remedy for female ills.—(adv.)

NO BREAD TICKETS FOR AMERICANS IN CASE INVASION.

There will be no necessity for bread tickets or meat diet restrictions in the United States, in case of invasion by any foreign foe, because the American farmer is prepared for emergencies. This is the lesson drawn from an agricultural preparedness survey just completed by Rock Island lines, as a voluntary contribution to the movement for

industrial preparedness, inaugurated by the naval consulting board.

Emergency increases of from 10 to 50 per cent in the supply of breadstuffs and pork are possible in most of the central Mississippi valley states, according to statements made by directors of a dozen state experiment stations, and published in the July issue of The Southwest Trail, the Rock Island's official farm magazine.

Mr. L. M. Allen, passenger and traffic manager, who had supervision of the work, states that the outstanding fact is the ability of the wheat, corn and cotton states not only to sustain themselves, but to furnish the bulk of the nation's food supply and to make quick changes in the farming program, should necessity arise. It appears, further, that the nation has available peculiarly efficient and convenient channels for reaching the farmer. These include state agricultural colleges and experiment stations, which are supported in part by the government and the county farm adviser system. The latter is provided for in the Smith-Lever act, which insures appropriations of over \$40,000,000 for a nine year period, with an annual continuing appropriation thereafter. Through these arms the government reaches out to the individual farmer to enable quick changes in crops when emergencies arise.

In a summary of the survey, attention is directed to the economic leaks in American agriculture, such as the losses from animal diseases estimated by Secretary of Agriculture Houston at \$212,000,000 annually; the shortage of potash due to temporary shutting off of the German supply, the necessity for more live stock on every farm to conserve soil fertility and relieve the world-wide shortage of beef.
