## SIX PAGES.

We have that turkey engaged for Thanksgiving day, and we didn't buy it on the installment plan either.

The allies over in Europe do not want any advice from outsiders, still we feel it to be our duty to offer a few suggestions occasionally.

Waxahachie is greatly in need of that new sanitarium building. Be ready when the committee calls to put your name down for a good round sum.

Yes, Ellis county dirt is pretty high, but not as high in proportion as a great many other things. Better get hold of fifty or a hundred acres of it.

Only two months until the meeting of the legislature and we predict in advance the unanimous and enthusiastic passage of the mileage and per diem bill.

Waxahachie merchants are right there with the goods. Extra clerks are required in all the houses in order to handle the large business which is being done by all.

It would please us greatly to be at the queen's ball at the Cotton Palace to see our managing editor there arrayed in a scissor-tail coat and patent leather slippers.

The continued absence of George Bailey from the columns of the Houston Post brings over us a feeling of great uneasiness, still we hope that nothing serious has happened.

The improvements being made in the district court room did not come before they were needed. Hereafter the business of the court can be transacted in a manner more satisfactory to all concerned.

Ellis county farmers are wearing a broad and happy smile these days. Eighteen cent cotton and fifty dollars for cotton seed is enough to put any fellow in a good humor.

Let our new commissioners remember, as soon as they are sworn in, that our pike roads are in bad condition, and that something must be done at once to save them.

Another thing: Our farmers have expressed themselves as highly pleased with the brand of weather that "Old Pros" has dealt out to them during the crop gathering season.

While everything else is going skyward the poor baseball player has to be satisfied with the meager salary paid him. It is wrong to re-

quire him to do so much hard work for the pitiful sum of \$15,000 to \$20,000 a year.

Royal street got in line last night on the paving proposition. Who's next?

The meeting at the Main Street Christian church continues to grow in attendance and interest. Brother McMurtry is a strong and earnest preacher, and you should go and hear him.

The Dallas News gives a number of pictures of the Daughters of the Confederacy now in session in that city. Some of them look like they might be grandmothers of the Confederacy.

The English now begin to think that the Germans are taking a very underhanded way in doing business with this country. They should look beneath the surface for the cause.

Don't miss the great football game Friday between Waxahachie High and Sherman High. Our boys are going into that game to win, and you should be there to cheer them on to victory.

The Germans seem to have an inexhaustible supply of trenches. The English and French have been taking two or three of them each day for the past six months, and still the number does not appear to be materially reduced.

Handsome residences are being built, street paving is under way and improvements going on in every direction. Waxahachie seems determined to hold her place at the top of the column as the prettiest and best town in Texas.

## MILKING COWS ON SUNDAY STARTS AWFUL ROW MONDAY

MINNEAPOLIS, Minn., Nov. 8.—Ever since Monday there has been a terrible awful row at Minnesota University's agricultural school over milking Prof. T. L. Heckler's ten thoroughbred Jersey cows on Sunday.

Desk farmers returning to the land via the sheepskin, balked on doing it. One of them said he came to the college to learn to be a better Christian. But the cows must be milked and the authorities have been asked to decide the wrangle once and for all by making a flat rule covering the point.

**Accidentally Shoots Himself.**  
FORT WORTH, Texas, Nov. 8.—Mrs. O. F. Bourque, aged 25, accidentally shot herself in the breast with a revolver which she was examining at her apartments, 507 Taylor street, at 7:15 o'clock yesterday evening. She died in a few minutes as a result of the wound.

## SALTS FINE FOR ACHING KIDNEYS

We Eat Too Much Meat Which Clogs Kidneys, Then the Back Hurts. Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You supply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—(Adv.)

CHICAGO, Nov. 8.—With 23,707 members, the Chicago Y. M. C. A. leads the world in size, according to W. E. Hypes, president, today. In a recent membership campaign 7,071 new members were gotten. New York's association has 22,530 members.

## ATHLETICS, HORSE RACES FEATURED

Texas Universities and Colleges Will Battle at the Cotton Palace.

## SOLID WEEK OF HORSE RACING

Track Has Been Put in First-Class Condition—Generous Purses Are Offered by the Exposition Management.

Waco, Texas.—No exposition in the country can boast of as many high class football games as the Cotton Palace. The finest athletic field in the country has been constructed at the exposition grounds. The field is beautifully sodded and is declared by gridiron stars to be the finest in the land.

The first game will be played on the afternoon of the opening day, Saturday, November 4, between Baylor University and Southwestern University of Georgetown. It will be a scrap between the Baptists and the Methodists.

The next battle will be between Meridian Normal of Meridian and the Alexander Collegiate Institute of Jacksonville. Alexander won last year. Meridian will try to get even this year. It will take place on Monday, November 6.

On November 10 the Waco and Austin high schools will play for the State championship. These teams are evenly matched and a terrific struggle is bound to be the result.

The biggest battle of all will be staged on November 11. It will be between A. & M. College and Baylor University. It will attract visitors from all over the State. Special trains will be run.

## Six Days' Horse Racing.

Waco, Texas.—There will be six days of the finest horse racing in the South at the Cotton Palace. The races will commence on November 13 and will continue every day until November 18 inclusive.

The Cotton Palace track is admittedly the fastest track in the Southwest. No expense has been spared in getting it in a condition second to none.

The indications are that more horses will be entered than last year. Horse owners in all parts of the country have signified their intention to make a try for the generous purses that have been offered by the exposition.

The people of Texas love good, clean horse racing and they will find that kind of sport at the Cotton Palace.

## MAMMOTH NAVAL EXHIBIT WILL BE BROUGHT TO TEXAS.

Texas Cotton Palace, at Waco, Will Show Uncle Sam's Sea-Fighting Paraphernalia.

Waco, Texas.—The United States government at Washington has a high opinion of the Texas Cotton Palace. They realize that it is one of the best patronized expositions in the country, and that its educational value is unsurpassed. The naval department has therefore arranged to have a large naval exhibit at the Cotton Palace. It will be the first time that this exhibit has been shown at any inland city in the country. This is, indeed, a remarkable compliment to the Cotton Palace.

There will be three perfect battleship models in the exhibit, valued at from \$12,000 to \$20,000 each. These were the original models in building the ships at the naval yards.

The directors of the Cotton Palace were required to give a bond of \$100,000 to obtain the exhibit.

In addition to the models there will be new shells, used in the 18-inch guns, samples of smokeless powder, and other interesting articles.

Six hundred and thirty-five square feet of floor space will be required for the exhibit.

## RAILROAD MEN'S DAY.

Officials and Employees to Visit Cotton Palace November 18.

Waco, Texas.—An entirely new day has been added to the many attractive features of the Cotton Palace. It will be known as railway and express men's day. It will be held on Saturday, November 18. All railroad officials and all railway and express employees in the State will be invited to be present. Committees from the employees will be requested to make a program for the day.

## LOW RAILROAD RATES.

Texas Carriers Expect Large Crowds for Cotton Palace at Waco.

Waco, Texas.—No exposition in the State has been granted lower excursion rates than the Cotton Palace. Railroad officials look upon the Cotton Palace as the best patronized exposition in Texas, and have therefore arranged the rates accordingly. Every ticket agent in the State will be prepared to give full and complete information to all persons desiring to visit the Cotton Palace. Be not fail to ask him for full particulars about the rates for every day of the exposition.

Large parties desiring special trains are requested to get in touch with Ralph McLendon, director of transportation for the Texas Cotton Palace, Waco, Texas.

Hens, per lb 12c  
Sweet potatoes, per bushel 1.00  
Hogs, on foot 9.50

## Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how we, easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little, but is sufficient to make anyone a pronounced crank on the subject of inside-bathing before breakfast.—(Adv.)

The Daily Light want column will buy, sell or exchange anything. If

# The 2-IN-1-IDEA Did It!

Think of it! Twenty-one thousand miles actual wear from one tire! It is true the casing was worn through. No tire, by itself, could stand up under such continuous service.

But the (2 in 1) idea gives you the strength and the wear of two tires in one. That is why Mr. Allen's tire, after it had traveled two and one-half times the diameter of the globe, was still capable of service.

Double the life of your tires  
Double their strength  
Make them 90 per cent puncture proof  
Eliminate all blow-outs  
By getting next to this

The 2-in-1 Idea

What would it be worth to you to feel perfect comfort and safety in the use of your car—to know that you can drive out into the country as far as you like, any time, and always be sure of getting back?

Barring engine trouble, you can have that assurance now and always. Thousands of (2 in 1) users never think of tire trouble.

For the (2 in 1) idea is guaranteed to prevent ninety per cent of all punctures. Nothing can prevent nails or glass or jagged rocks from getting through your outer casing at times; but it's a long nail, and a sharp one that gets through both your outer casing and your (2 in 1) Red Innershu.

The (2 in 1) idea is guaranteed to prevent blow-outs absolutely. It makes no difference how much you overload, or how imperfect the fabric of your casing may be, when your tires are equipped with the (2 in 1) Red Innershu they can't blow out.

Further, when installed in new tires according to directions, the (2 in 1) idea is guaranteed to double tire mileage—to double the manufacturer's guarantee for mileage.

A numbered Certificate of Guaranty, covering all these points, is delivered to the buyer with every (2 in 1) Red Innershu sold. This guarantee gives you the assurance of a product that is all that we claim it to be.

## FALLS.

There were only a small attendance at Sunday school Sunday. We hope every one will come out Sunday and be on time.

Rev. Howell will fill his regular appointment here Sunday.

There will be singing Sunday afternoon. Everyone is invited to come.

Several from this place attended the singing at Buena Vista Sunday afternoon. Prof. Huffstutler was there.

Mr. Carter and family attended church at South Prong Sunday night.

Mrs. Annie Borders attended singing at Buena Vista Sunday afternoon.

Rev. Prestridge spent Sunday night with Harvey Pigg and family.

He delivered a fine sermon Sunday night at South Prong.

Mr. and Mrs. McCalister and Mr. Hubert Ledbetter and wife spent

Sunday with Misses Ada and Myrtle Kidd.

Everybody come out to church

and Sunday school Sunday.

## LANDITS ROB MINE

AGENT OF \$50,000.

EL PASO, Texas, Nov. 8.—Sixty-

seven bars of silver belonging to an

American mining company at Par-

ral, Chihuahua, are reported to have

been taken from Edgar Koch, an

agent of the company, by Villa band-

its at Santa Rosalia, on October

27. The silver was said to have

been valued at \$50,000 and was be-

ing brought from Parral to the bor-

der. Koch is said to be the German
