There is undoubtedly merit in the growing store these days of sharp competition. When a new concern "butts in," and successfully weathers the storm, gaining new customers every day, it is an apt illustration of the "survival of the fittest." The Green & Maffitt store is a store that has achieved this success to a very marked degree. This store is gaining customers every day, and it holds all that are attracted to it. If you have not already done so, you are invited to get acquainted with the Green & Maffitt store.

Probably no physician is better known in all parts of the United States than Dr. Hart, as he has been a great traveler and knows the best people wherever he has been. For years he has suffered with catarrh in its worst form.

Although he resorted to the latest scientific treatment, and consulted many of his brother physicians, Dr. Hart finally said, "I might just as well have thrown my money in the river for I grew worse and worse. It is really due to my wife's good judgment that I tried Hyomei." The doctor, in his emphatic way added, "Thank God that I did, for Hyomei cured me completely. My wife and I will swear that Hyomei cured me of the worst case of catarrh that ever existed. I used to cough constantly at night, and had a dropping in the throat, which kept me awake a great deal. I raised thick phlegm and was in a horrible condition. However, I am entirely cured,
