PALESTINE, TEXAS, JANUARY 3, 1905.

REDUCE THE ACREAGE.

The following timely appeal has been made to the cotton growers of the south. The meeting suggested to be held on Wednesday, the 11th, has already been called for Anderson county. The official resolutions read as follows:

"Resolved, 1. That each vice-president of the National Cotton association call a meeting to be held in the county seat of each county in the cotton growing states and territories, on Wednesday, January 11, 1905, at 10 o'clock a. m., for the purpose of perfecting organization to reduce the cotton acreage for 1905, and that all producers of cotton, whether as land owners or tenants, be requested to attend said meeting."

"2. That said meetings elect a county president, secretary and one vice-president for each voting or school precinct in the county, and delegates to the inter-state cotton convention to be held at New Orleans, La., January 24, to 25, inclusive."

"3. That each of said vice-presidents call a meeting of the cotton growers of his precinct to be held at the voting place or school house in said precinct on Saturday, January 14, at 2 p. m."

"4. That said precinct conven- tions elect a committee of three on acreage and membership."

"5. That at said meeting all farmers present be asked to sign the following pledge:

"We, the undersigned farmers, residents in voting precinct No. —, — county, —, here- by pledge ourselves to reduce the acreage of cotton to be planted by us in 1905 25 per cent below the amount that we planted in 1904, unless permitted to plant more under the rules and regulations hereinafter set out."

"6. The committee on acreage shall call for volunteers, who will agree to reduce their acreage for 1905 25 per cent or more, who shall sign a written statement giving the acreage planted by them last year and per cent that they are willing to decrease their acreage for 1905."

"7. All members who sign this agreement, who do not voluntarily sign the statement provided for in resolution No. 6, shall file a written statement with the com- mittee on acreage, stating the acreage planted by them last year and what they think should be their fair per cent of decrease for 1905, on the basis of a general average of 25 per cent decrease, and they may give their reason therefor in writing, or they may state them orally to said committee on acreage."

"8. Said committee on acreage and membership shall, on Mon- day and Tuesday, January 16 and 17, visit all cotton growers in their precincts, who do not attend said precinct meetings, and re- quest them to sign these resolu- tions and furnish the statements provided for in resolutions Nos. 6 and 7, and take the names and ad- dresses of all cotton growers in their precincts who fail or refuse to sign these resolutions and fur- nish said statements, together with the number of acres of cot- ton planted by them in 1904 and the number of acres that they ex- pect to plant in 1905. Said com- mittee shall mail a written report of the work done by them to Os- wald Wilson, national secretary,

Fort Worth, Texas, on Wednes- day, January 18, 1905.

"9. When such interstate meet- ing is held, if it shall be made to appear by reports to the national secretary that 75 per cent of the cotton growers in the United States are obliged by definite written pledges to reduce the acreage of cotton for the year 1905 at least 25 per cent, these obliga- tions herein set out shall be bind- ing upon the signers hereto; otherwise said obligations to be null and void and of no further force and effect."

"10. We ask the co-operation of all business men and newspa- pers in the south in this work, and to this end we request all pa- pers in the south to immediately publish these resolutions, and to give their additional support to this movement; and we request all commercial clubs and business men's organizations in the South to meet at once and give this as- sociation their indorsement and moral support."

"11. We request every probate judge in the South to at once is- sue a call urging all cotton grow- ers to attend said county meetings on January 14."

SOME of those New Year resolu- tions need working on already."

JUST a little aggressive work will make Anderson county and Palestine move forward at a rapid rate now."

GEN. Nogi has been presented Port Arthur as a New Year's gift. Nogi will now uncork it and pro- ceed to enjoy himself."

For the next month or two there is going to be a strong flow of new people into Texas, and Anderson county should have out her sign."

THE quickest and most effec- tive way to raise the price of cot- ton is to plant more potatoes, more strawberries, more garden truck of all kinds, plant more peach trees, raise more hogs, more cattle, and less cotton."

Tonic to the System.
For liver troubles and constipation there is nothing better than DeWitt's Little Early Risers, the famous little pills. They do not weaken the stom- ach. Their action upon the system is mild, pleasant and harmless. Bob Moore, of Lafayette, Ind., says: "No use talking, DeWitt's Little Early Risers do their work. All other pills I have used gripe and make me sick in the stomach and never cured me. De- Witt's Little Early Risers proved to be the long sought relief. They are simply perfect." Persons traveling find Little Early Risers the most reliable remedy to carry with them. Sold by H. R. Moore, druggist."

GOOD BUSINESS IN RAISING HOGS

It Is Estimated the Texas Pack- eries Will Need 1,500,000 Hogs During 1905.

There was a big shortage in hogs raised in Texas the past year, and most of the hogs sold the past year to the Texas packeries were raised in and shipped from the Indian and Oklaho- ma Territories.

Conservative farmers say there is no more profitable industry in East Tex- as than in raising hogs. Here in Ander- son county hogs can be raised at a small cost, and the market is a sure one, as we have a home packery that can consume all of the hogs that can be grown in this county.

It is estimated that the Texas pack- eries will need 1,500,000 hogs this year. These hogs should be raised in Texas, and Texas people get the profits.

Hogs are a more profitable crop than cotton, and a great deal of trouble.

SULPHUR SPRINGS.
Special Correspondence.

SULPHUR SPRINGS, Dec. 29.

Dear Herald:—Another week's doings have been recorded in the great journal of things under the sun. We find ourselves in the peaceful possession of flattering prospects, and the fairest of the earth as regards the extent of territory, fertility of soil and salubrity of climate. We find ourselves under the government of a system of political institu- tions conducting more to the ends of civil and religious liberty than any of which history of former times tells us. These fundamen- tal blessings have been bequeathed to us as a legacy from our brave patriotic, but now lamented and departed, ancestors. Their task (and nobly they formed it) to possess them of this goodly land to rear its hills and valleys a politi- cal, liberty and equal

"Tis ours to transmit these fane by an intruder and pared by lapse of time, to erations that shall come There is not much this week from this county. Health of the nity is generally good. ness prevails at present few bad colds."

Christmas is passing on. Have not seen anything of Santa Claus — think the boll weevils must have punctured him."

The young folks enjoyed a nice time at Mr. and Mrs. Walter Pat- rick's last Wednesday night. The event was a party. There was a large crowd present—too numer- ous to mention."

There was preaching at this place Saturday and Sunday last. There was a large audience pres- ent to hear the brethren expound the gospel in his usual way."

The Sulphur Springs school has a larger enrollment and a better attendance this year than it has had for two or three years."

Well, as news is scarce, I had better close for this time. Wish- ing all the Herald readers and its editors a prosperous New Year,

I remain, LITTLE GEM.

Speedy Relief.

A salve that heals without a scar is DeWitt's Witch Hazel Salve. No rem- edy effects such speedy relief. It draws out inflammation, soothes, cools and heals all cuts, burns and bruises. A sure cure for Piles and skin diseases. DeWitt's is the only genuine Witch Hazel Salve. Beware of counterfeits, they are dangerous. Sold by H. R. Moore, druggist."

No More Stomach Troubles.

All stomach trouble is removed by the use of Kodol Dyspepsia Cure. It gives the stomach perfect rest by digesting what you eat without the stomach's aid. The food builds up the body, the rest restores the stomach to health. You don't have to diet your- self when taking Kodol Dyspepsia Cure. J. D. Erskine of Allenville, Mich., says: "I suffered Heartburn and Stomach trouble for some time. My sister-in-law has had the same trouble and was not able to eat for six weeks. She lived entirely on warm water. After taking two bottles of Kodol Dyspepsia Cure she was en- tirely cured. She now eats heartily and is in good health. I am glad to say Kodol gave me instant relief." Sold by H. R. Moore, druggist."

Entertained.

Miss Iva Green entertained the members of the Baptist Young Peo- ple's Union last evening at her home with a New Year's entertainment. The evening proved a most enjoyable one, and all present report a delight- ful time. The evening's pleasure was interspersed with music. A large number of guests enjoyed the affair. At an appropriate hour delicious re- freshments were served. Miss Green is an ideal hostess, and her guests will anticipate with pleasure future invita- tions to be her guests."

Starts Out Well.

1905 has started out well with the hustling Green & Maffitt firm. They have been enjoying a constantly in- creasing trade month after month, and the beginning of the new year finds them with more satisfied cus- tomers than they ever had before. There's a reason. Good groceries, fair prices and prompt service are our winners, and these three virtues are getting us the business. Let us sell you your groceries, and help make this your happy new year."

Traded Homes.

Mr. J. E. Schelling and Mr. Dye have exchanged homes, Mr. Dye giving his home on Trinity street for Mr. Schelling's home and several acres of land and an orchard in the Moore Field. They traded even. Both seem to be well pleased with the deal. Mr. Dye says he is going to raise potatoes and other truck this year."

Opera House Tonight.

Mayme Taylor, the well known prima donna is the Mrs. Casey of the "Finnigan's Ball" company, which is due at the opera house tonight. Miss Taylor was the "Lady Gaffer" in Weber & Fields "Hoity Toity" last season, scoring a pronounced success in Lillian Russell's old part."

The Play.

The offering at the local theatre last night was "In Louisiana," a four act drama. Only a fair sized audience greeted the company, and opinion was divided as to the merits of the show and the presenting company. The specialties offered, however, were good and caught the audience. The company was unable to use much of its scenery on the local stage, which fact detracted from the performance."
