Given Up to Die.

B. Spiegel, 1204 N. Virginia street, Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago I had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured."

What's

worth doing is worth doing well. If you wish to be cured of Rheumatism, use Ballard's Snow Liniment and you will be "well cured." A positive cure for Sprains, Neuralgia, Bruises, Contracted Muscles and all the ills that flesh is heir to. A. G. M. Williams, Navasota, Texas, writes: "I have used Snow Liniment for sprained ankle and it gave the best of satisfaction. I always keep it in the house." Sold by Bratton Drug Co.

Children's

favorite tonic is White's Cream Vermifuge, the cure for worms and all children's diseases. It not only kills the worms, but removes the mucous and slime in which they build their nests. Its action on the child is mild and leaves him in a healthy condition. Joe Daniel, Surmac, Tenn., says that he gave one of his children White's Cream Vermifuge when the doctor thought it had colic, and from the first dose the child passed 73 worms. Sold by Bratton Drug Co.

Danger in Asking Advice.

When you have a cough or cold do not ask some one what is good for it, as there is danger in taking some unknown preparation. Foley's Honey and Tar cures coughs, colds, and prevents pneumonia. The genuine is in a yellow package. Refuse substitutes. Avenue Drug Store.

Osteopathy in La Grippe or Influenza.

As I promised in last week's article to take up some disease this week, have decided to take La Grippe. It is a highly contagious disease and many take on complications.

It is a disease of many sequelae as chronic gastro-intestinal catarrh, phthisis (consumption), chronic bronchitis, acute Bright's disease, rheumatism, neuritis and neuralgia.

Some of the nervous sequelae are persistent headache, insomnia, melancholia, mania, meningitis and locomotor ataxia.

There must be a cause for these complications and sequelae as well as the disease. Let us see if we can locate and remove the cause, thereby preventing or lessening the serious results of same.

Having stated in the outset a normal amount of pure blood to any tissue is health, and that can only be attained through a proper nerve distribution.

The irritation to the nerves produces a contraction of muscles, and tendons, thereby producing compression upon the nerves, blood vessels and lymphatics through or intervening between the muscles.

Osteopathy claims that by certain mechanical manipulations upon the contracted muscles relaxing same, enabling these life elements to pass before certain of important organs become devitalized that no sequelae can set up.

Another advantage in same by Osteopathic treatment is that the attack is shortened by from one-third to half of the time.

The above are facts, which can be verified by living witnesses in Palestine or elsewhere, wherever Osteopathy has had a trial.

Next article will mention of rheumatism, neuralgia and neuritis.

Come and consult me about your chronic troubles as it is free to consult. Respectfully,

A. A. Speegle, D. O.
