## Timely Precaution

A man may carry fire insurance on his property always and never need it, or he may not carry it for one day and need it very badly. Fire Insurance is simply letting the other fellow carry your risk. If you do not need it you only lose the premiums paid. If you do not have it and need it you lose your property. Better take chances on losing the premiums, hadn't you?

I am in position to interest you in real estate, too. If you are in the market to buy or sell see me. I can help you.

### BREEZY

Skeleton-Lined Shape Keeping Suits.

Our skeleton-lined suits are not intended for skeletons, but are warranted to make a skeleton look like a man. Good for those tropical days when a man wants to take off his flesh and sit in his bones. The skeleton, or half-lined idea, applies to Blue Serge as well as Outing Suits, and you do not know that you have one on unless you look or somebody tells you. Extra trousers can be ordered with every suit. Over one hundred different patterns to select from. Trousers shrunk, cut and made in Palestine.

## OVER A SCORE WERE KILLED IN A WRECK

White River Junction, Vt., Sept. 15.—A fearful head-on collision between the south bound Quebec express and a north bound freight train on the Concord division of the Boston & Maine railroad occurred four miles north of Canaan Station early today, due to a mistake in train dispatchers' orders, and from a demolished passenger coach there were taken out twenty-four dead and dying and twenty-seven other passengers, most of them seriously injured. Nearly all of those who were in the car were returning from a fair at Sherbrooke, Quebec.

The conductor of the freight train was given to understand that he had plenty of time to reach a siding by the night operator at Canaan Station receiving, according to the superintendent of the division, a copy of a telegraph order from the train dispatcher at Concord, which confused the train numbers 30 and 34. The wreck occurred just after the express had rounded into a straight stretch of track, but owing to the early morning mist, neither engineer saw the other headlight until too late.

The dead identified up to tonight were as follows:  
Mrs. Shaughnessy.  
Miss Annie St. Pierre, Isle Verte, Quebec.

Fred M. Phelps, Ochiltree, Texas.  
Mrs. A. E. Warren, Haverhill, Mass.  
Mrs. F. O. Blake, South Corinth, Vt.  
Mrs. Margaret Lamy, Manchester, N. H.  
Miss Barrett, Manchester, N. H.  
Mrs. Philip Gagnon, Sherbrooke.  
Miss Alvina Goron, Nashua.  
Mrs. Webster, a dressmaker living in Massachusetts.

J. L. Conger, Somerville, Mass.  
Infant child of Irving Gifford, Concord, N. H.  
Mrs. E. L. Briggs, West Canaan, N. H.

John C. Duncan, Methel, Vt.  
The unidentified include a boy 4 years old, a man forty years old, a woman thirty years old, a man thirty-five years old, a man fifty-five years old, a man thirty-five years old, and four others.

Twenty-two of the bodies were removed to Concord during the day. The most seriously injured, who were taken to the Margaret Hitchcock Hospital at Hanover, N. H., include an unknown man, a woman, a child, and a man.

The train left White River Junction at 3:50 today, forty minutes late, and was followed twenty minutes later by the Montreal Express over the Central Vermont railroad. The Quebec train is known as No. 30 and the Montreal train as No. 34.

In the meantime the north bound train, known as No. 267, had arrived at Canaan, eighteen miles down the road, at 4:10 a. m., on time, according to the division superintendent W. R. Wray, Jr. J. R. Crowley, the night train dispatcher at Concord, sent a dispatch to John M. Crealey, the night operator at Canaan, that No. 34 was one hour and ten minutes late. The order which Conductor Lawrence of the freight train showed after the accident distinctly states that No. 30, instead of No. 34, was one hour and ten minutes late. Conductor Lawrence, believing that he had sufficient time in the hour and ten minutes to reach the sidetrack at West Canaan, four miles beyond, before No. 30 reached it, ordered his train ahead. The superintendent declared that the accident was due to the mistake in placing a cipher after the three in the number of the train instead of a four.

**Death List Grows.**  
Special to the Herald.  
Concord, Vt., Sept. 16.—The unidentified dead list has reached twenty-two, identified dead fifty, and the injured twenty-seven, and this is believed to be the total of the casualties of the Boston & Maine railroad wreck of Sunday, near Canaan Station.

## HASKELL PREDICTS DEMOCRATS WILL WIN

Special to the Herald.  
Tulsa, I. T., Sept. 16.—C. H. Haskell, the democratic nominee for governor, today forecasted the election of tomorrow, and predicts the entire democratic ticket will be elected, two-thirds of the senate will be democratic, and a good majority in the lower house, and the entire congressional delegation will be democratic. He says at least 220,000 votes will be cast of which 60,000 will be against the state constitution.

**Heir to a Fortune Killed.**  
Washington, Sept. 15.—C. Berry Winship, 21 years old, a member of a prominent family of this city, was almost instantly killed in Rock Creek Park today by being thrown from his horse, which slid at an object in the road. One foot of the rider was held fast in the stirrup and he was dragged for some distance and killed to death. The young man had just come into a large inheritance.

## BODY EXHUMED FOR MEDICAL EXAMINATION

Special to the Herald.  
Lawrence, Kas., Sept. 16.—The body of I. H. Perkins was today exhumed by a Federal marshal. The stomach and other parts were removed for examination at the request of insurance companies in which Perkins had taken out \$100,000 in life insurance. The companies are of the opinion that Perkins committed suicide instead of meeting death accidentally. The widow of the dead man entered a strong protest against the proceedings of the marshal and insurance companies.

## COTTON IS HAULED BACK HOME.

Fayette County Farmers Won't Sell at Present Prices.

Flatonis, Texas, Sept. 15.—Up to Saturday night one thousand bales of cotton had been weighed, about half as many as last year up to the same time. Since decline not many bales being sold, mostly hauled home to be held for advance.

Cotton seed are being freely disposed of at \$18 per ton. Many farmers are now picking their last cotton and should the weather remain good October will find very little left in fields. Some few have gathered their corn and run stalk cutter over ground; would be plowing if it was not so dry.

## HIT THE UMPIRE WITH POP BOTTLE

Special to the Herald.  
St. Louis, Mo., Sept. 16.—A warrant charging an assault with intent to kill was served on Hugo Dusenburg, age seventeen years, who has been arrested. Dusenburg threw a pop bottle at Umpire Billy Evans during the St. Louis and Detroit game Sunday, knocking him unconscious. It was at first thought Evans' skull was fractured, but he is improving and will recover.

## GROVER NOT SO FAT

But Daniel Says He Is Serious.

Princeton, Sept. 16.—Ex-President Cleveland, notwithstanding that he has lost many pounds of flesh, denies emphatically that he is seriously ill.

## PITTSBURG, TEXAS, MAN ATTACKED BY ITALIANS

Special to the Herald.  
Pittsburg, Texas, Sept. 16.—Last night a drunken Italian shot and perhaps fatally injured Garland Gardner, and seriously wounded Gardner's sister, Mrs. George Rexford. Two Italians were also probably fatally injured in a pistol fight which followed. The Italians attacked Gardner and his sister, who defended themselves.

**Interest Is Intense.**  
Guthrie, Okla., Sept. 16.—Interest in the election tomorrow is statewide. Indications point to the election of the state ticket and the legislature by the democrats, with a fighting chance of Frantz, the republican, being made governor. Indications also point to the ratification of the constitution by the popular vote.

## CANADA FOR WHITES IS THE NEW SLOGAN

Special to the Herald.  
Winnipeg, Sept. 16.—"We are white men, and Canada is for us," is the cry of the five thousand delegates here for the twenty-fifth annual lumber congress today. Anti-Oriental troubles on the Pacific is the sole and all-absorbing topic among the delegates. There is avowed hostility to further Asiatic immigration.

## GOOBER RAISING.

No Part of Texas That Isn't Adapted to Peanuts.

Austin, Texas, Sept. 15.—Since Commissioner Milner said a good word about the possibilities of peanut raising he has received several letters showing that the goobers can be raised in many parts of the state, South Texas, East Texas and North Texas. A man at Calvert reports that peanuts are raised in Robertson county, one in Johnson county, one in Cooke county, another in Jackson county, besides Van Zandt and other East Texas counties. A writer at Wills Point reports that there are between 2,500 and 3,000 acres in peanuts in that county this season, with a peanut factory just twelve miles away and the promise of another eighteen miles distant, provided the acreage is doubled. Reports come from Panola county that there are some 5,500 acres in peanuts, and that it will be more than doubled next season and a peanut factory installed. Peanut fields and peanut factories will soon be common sights in Texas, judging from promises for the future.
