Chinamen Into the United States Existed—Two Sailors Given Preliminary Hearing Today.

(Herald Special.)
Boston, Mass., Aug. 23.—William Hackett and James Evans, members of the crew of the Cunard liner Saxonia were given a preliminary hearing before United States Marshal Darling today on a charge of aiding and abetting the unlawful smuggling into this country of Chinamen. The two were arrested about ten days ago following the confession of a Chinaman who declared that he and seven of his countrymen had been landed unlawfully from the Saxonia through the connivance of Hackett and Evans. The revelations have led the immigration authorities to believe that a systematic traffic for the importation of Chinamen exists. It is thought that the system has agents on both sides of the water and that the stowaways are being sent over in charge of men on the liners. Captain Benison of the Saxonia has also been arrested on a technical charge of being "knowingly implicated in the transaction."
