CHILEAN CELEBRATION

Centennial Anniversary of Chilean Independence Being Observed By All Classes.

(Herald Special.)
Santiago, Chile, Sept. 12.—The Chilean centennial celebration is now at its height. Throughout the length of the republic cities and towns are en fête for the occasion. The most elaborate exercises are being conducted in this city, the capital, and in Valparaiso, where warships representing the navies of the United States, Great Britain and other nations are assembled to take part in the festivities. The occasion of the national rejoicing is the centennial anniversary, and for a long time Chile was under the dominion of the Incas of Peru, though it was not held without difficulty. Then it became a Spanish province and finally declared its independence of Spain in September, 1810, not actually winning it, however, until several years later.

A CLEANLY AGE.

Twentieth Century Ideas Incline Toward Sanitation and Preventatives.

Nowadays scientists believe that in cleanliness lies the secret of prevention of diseases.

To prevent a disease, remove the cause. Just as unclean habits breed many diseases, so careless habits will breed dandruff. Impure use of another's brushes, combs, etc., will surely cause dandruff, and, in time, will just as surely cause baldness.

It's microbes infection, nothing more nor less. Newbro's Herpicide kills the dandruff germ, and causes hair to grow luxuriantly. Herpicide is absolutely free from grease or other injurious substances.

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

One dollar bottles guaranteed. Bratton Drug Co., Special Agents.—Adv.

TRADE CONGRESS MEETS

At Fort William, Ont.—Need of Amending Immigration and Other Laws Will Be Discussed.

(Herald Special.)

Fort William, Ont., Sept. 12.—The City Hall auditorium was crowded today when President Wm. Glockling called to order the twenty-sixth annual session of the Trades and Labor Congress of Canada. All the delegates, representing labor organizations in every part of Canada, were in their seats and all available space outside was utilized by visitors. The presentation of the credentials and other routine business occupied the morning of the day. The sessions will continue for a week or longer, and will be divided between Fort William and Port Arthur.

The chief subjects to receive the attention of the delegates this year are the need of amending the immigration laws, and the act respecting co-operation; the need of labor unions combining to secure the enactment of an eight-hour law; the effect of the amendments to the Industrial Disputes Act; the desirability of amending the Election Act, to provide that all election days shall be declared public holidays, and the necessity of bringing pressure to bear on the railway companies to compel them to pay wages to all employees at least every two weeks.

"Can be depended upon" is an expression we all like to hear, and when it is used in connection with Chamberlain's Colic, Cholera and Diarrhoea Remedy it means that it never fails to cure diarrhoea, dysentery or bowel complaints. It is pleasant to take and equally valuable for children and adults. Sold by Bratton Drug Co.
