## IMPORTANCE OF A FULL VOTE.

While there is no contest connected with the coming election next Tuesday, so far as this section is concerned, still it is very important that a full vote be cast. The basis of representation in the state convention and other party meetings is based on the vote cast by a county in a general election for governor. This full convention representation is of much importance under certain circumstances, and is a desirable thing to have. For this reason every man entitled to a vote in the general election should go to the polls and cast his vote.

In addition to the election of state and county officers, Anderson county will vote on a road tax and this issue should bring out a full county vote. Those who are opposed to the tax will likely vote against it, and those who are friendly to the proposition should be at the polls and support it.

Certain influences and certain newspapers in Texas continue to talk much about the political demagogue and what he has done to Texas, and

some of them comment that the demagogue is passing away. There are several kinds of demagogues in this fair Texas. And not the least of the tribe is the business man or newspaper that yells demagogue every time a law is passed that makes the big interests take the same treatment accorded the common people. Some of these fellows think the special interests should ride the state and have a free right-of-way without any kind of restraint, and because the Texas laws will not stand for it they yell demagogue. This bunch of business frauds have done the reputation of the state more harm than the politicians have ever done.

Roosevelt is charged with misrepresenting the democratic candidate for governor of New York, and when his attention was called to the fact he answered by saying he was retracting nothing. That is the answer of a bully; any one can refuse to retract, and the bully usually does, and adds to this the question "What are you going to do about it?" It takes a full-sized man to admit his error and make retraction, and Roosevelt does not seem to measure up to that height. The people are finding out quite a bit about this man Teddy here of late, and to some it is not a matter of special pride that he is the only surviving former president.

No man should go into the democratic primary and vote in the selection of the nominees of the party unless he expects to abide by the pledge and support the ticket in the general election. It is a bitter dose sometimes to have to take what the party offers, but there is no other way. A man may stay out of the primary, but little can be done without organization. The time to fight is before the primary, and the way to fight is by a close organization.

It so happens that every now and then some fellow with a grievance against some other fellow or concern hands in a communication to the Herald with a nice, warm roast in it, and with the request that it be published as a matter of public interest. And it so happens every time such a paper is offered that the Herald very promptly turns it down. The Herald is a newspaper and not a club swinger.

Is it the case of being suspicious of too big a bargain? A gentleman who has studied the situation carefully says the biggest drawback to selling East Texas lands is that they are offered too cheap. He argues that a man from one of the older states, who is accustomed to hearing land priced at a stiff price gets suspicious when the East Texas lands are quoted to him at their present prices.

The reason the politicians control affairs so easily is because so few people of the masses take the trouble to inform themselves and are able to form any definite opinions about state questions. Most people get their information from the politicians and depend on them for instructions and advice.

The world's altitude record was broken Monday by Ralph Johnstone, who flew nine thousand, seven hundred and fourteen feet high. What Mr. Johnstone did was nothing compared to what the democrats are going to do to the G. O. P. on next Tuesday.

The chief of police at Denison is making arrests of men who persist in spitting on sidewalks. Good. There is an ordinance in this town against spitting on sidewalks, and some people have a way of not respecting it.

Bank robbery seems to be a reasonably safe avocation in this part of the moral vineyard. It is much more hazardous to steal a Trinity river bottom hog.

The man who has his neckties selected by his wife is convinced that love is really blind.

A groceryman in McKinney is named Price Stiff. He is in the right business, all right.

## NEGRO RAN INTO AN OFFICER'S HANDS

JODIE WELLS SHOT ANOTHER NEGRO AT OAKWOODS, AND OFFICER W. H. ROTHROCK ARRESTED HIM TODAY.

Jodie Wells, a negro with a reputation not good, is reported to have shot another negro at Oakwoods last evening, and this morning he walked right into the arms of Policeman Rothrock, who placed him under arrest. On being searched a pistol was found on the prisoner, which was carefully wrapped in a newspaper and stuffed into a coat pocket.

The city marshal of Oakwoods came up on the same train this morning on which Jodie rode to town. The marshal did not know his man, but was tipped off that he was on this train. Arriving at Palestine he accosted Rothrock, asking him if he knew Jodie Wells. Rothrock pointed out the negro as he stepped from the train. Together they laid hands on the negro, and told him he was under arrest. Rothrock up to this time did not know of the reported shooting. It is said the negro shot is in a serious way, and will die.

**Prisoner's Brother Arrested.**  
A brother of Jodie Wells was arrested here later. He also came in on the early morning train from the west. It was discovered on examination that the pistol taken from Jodie was minus the cylinder. On being searched this cylinder was found in possession of the brother.  
The Oakwoods officer left via the 10:40 train with both men, carrying them back to Oakwoods.

## WEATHER BULLETIN.

Published By Authority of the Secretary of Agriculture.

For Palestine and vicinity until 7 p. m. Thursday: Tonight fair, colder; Thursday fair, warmer.  
Temperature: Lowest last night, 58; highest yesterday, 80.

**Weather Conditions.**  
A disturbance of moderate energy which overlies the eastern lake region and the St. Lawrence valley has caused showers in the Ohio valley and the lake region. Light rains have also occurred in Iowa and South Dakota, and it is snowing this morning at Kansas City. The western high pressure area is moving rapidly eastward and is now central over the Plains states. It has caused much colder weather as far east as the Mississippi valley. There has been a decided fall in pressure in the northwest as a result of the southeastward movement of a disturbance over western Canada. The indications point to fair and colder weather for this vicinity tonight, and fair and warmer weather Thursday.

## TRUTH CROPS OUT.

Why Pile Sufferers So Often Fail to Get Relief.

Science is getting to the bottom of everything, including the cause and cure of piles. The brightest doctors now admit that piles are caused internally and can be cured only by internal treatment. Dr. J. S. Leonhardt some time ago perfected a remedy in tablet form—Hem-Roid, which cures the cause of piles, and therefore cures permanently. It is sold by Bratton Drug Co., Palestine, Texas, under money-back guarantee. \$1 for 24 days' treatment. Dr. Leonhardt Co., Station B, Buffalo, N. Y. Write for booklet.
