- 1904—Liberals victorious in the Canadian elections.
- 1909—Commander Peary's polar records approved by the National Geographic Society.

NEGLECTED OPPORTUNITIES.

A large per cent of the hogs used by the Texas packing houses are raised outside the state, Oklahoma, Louisiana, New Mexico and other bordering states furnishing large quantities for consumption by the Texas packeries. With an area of 167,000,000 acres of land and with ideal agricultural conditions, it would seem as if the state would be able to supply the demand of her own packeries. It is a well known fact that those sections of the country which are known as the hog-raising districts are the most prosperous sections of the state, enjoying financial stability and prosperity the year round. Texas is neglecting great opportunities along this line and one that is costing her thousands and thousands of dollars each year.—Lufkin News.

JUVENILE COURT NEEDED.

From several recent occurrences the conclusion is forced that there is great need here for a juvenile court to correct the conduct of some of the smaller boys. This necessity is as much needed for the boys' protection as for the protection of those who are the victims of his misdoings. Many a boy could be set right and kept right if the right kind of influences were thrown around him. This matter should be thought on and the remedy applied.

The Colonel Does the Listening While Senator Beveridge Talks

Copyright, 1910, by American Press Association.

The camera does some wonderful things. It's unfortunate, but true, that the camera can be made to lie. Pictures can be pasted together and odd combinations and effects secured. But this picture is not a doctored photograph. It is just what happened. The man doing the talking is Senator Beveridge of Indiana, and the man with the quiet and peaceful look on his face is Colonel Roosevelt. It will be noticed that Senator Beveridge is giving a very fair example of talking. His mouth would seem to indicate that he is saying things, and saying them with real strenuous force. Now, what happened a few seconds later the camera does not show, but enough that here is a genuine picture of Colonel Roosevelt with a peaceful look and a fellow man laying down the law for once at least.

UNION REVIVAL WILL CLOSE FRIDAY NIGHT

ALL CHRISTIANS ARE URGED TO ATTEND THE LAST TWO SERVICES AND BRING UNSAVED FRIENDS WITH THEM.

Dr. James Kilgore, pastor of Centenary Methodist church, preached a forceful sermon at the union revival last night, which was listened to by a large congregation of people.

Coming after Christ, as recorded by Matthew, Mark, Luke and John, saying, "If any man will come after me, let him deny himself and take up his cross daily and follow me," was the theme and text for the evening.

Dr. Kilgore is a rare student of the scriptures and expounds them with marked ability. The deep and true meaning of the text in connection with denying oneself was first dwelt upon, showing that it does not have to do with things but with persons, as to their thoughts and their opinions, and until a man or a woman is willing to deny himself or herself and take Christ in humble submission to His divine authority, all of their denying of themselves of riches or of other things will not avail anything.

Then to take up the divinely appointed cross to every one that will come after Christ and follow Him was most helpfully emphasized. The emphasis being that the cross is not a crucifix, but for crucifixion purposes, putting to death the lusts and passions of the flesh, and entering into Paul's experience, saying: "I am crucified with Christ, and the life that I now live in the flesh I live by the faith of God, who loves me and gave Himself for me." (Gal. 2:20.)

The christians were all invited to go forward and responded unanimously, expressing a desire to follow more closely to the blessed Savior, by denying self and taking up their cross daily, to follow Him who died for them.

There will be only two more services and the union revival will close. It is earnestly desired by the pastors of the city that all of their members, as far as possible, be present tonight and tomorrow night and that they endeavor to bring others with them.

Mr. Shelton has been requested to arrange for a special solo and quartette music for the service tonight and for other special music for tomorrow night. Reporter.

HAIR SOFT AS SILK.

New Scientific Treatment Kills Dandruff Germs, and Makes Hair Soft.

It is an accepted fact, a proven fact, that dandruff is a germ disease; and it is also a demonstrated fact that Newbro's Herpicide kills the dandruff germ. Without dandruff falling hair would stop, and thin hair will thicken. Herpicide not only kills the dandruff germ, but it also makes hair as soft as silk. It is the most delightful hair dressing made. It cleanses the scalp from dandruff and keeps it clean and healthy. Itching and irritation are instantly relieved, and permanently cured. There's nothing "just as good." Take no substitute. Ask for "Herpicide."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. One dollar bottles guaranteed. Bratton Drug Co., Special Agents.—Adv.

SAWING W

Yes, but not laying low. Busy all the day. See me as I saw, for I saw as I see. Long wood made short; big wood made small. Phone 1091, and see me saw. Best power machine in town. Prices right.

JOHN COTTON.

THIS new lamp has recently been perfected and will now burn in almost any angle, and in any residence or business house in Palestine, and in order to introduce them into each home we are going to sell one to each of our customers, at absolute cost. This lamp will burn in any socket and needs no extra work to install it; any place where you now use an 8-candle power lamp you can install one of these new 20-candle power lamps which will operate at the same cost as the regular 8-C. P. lamp. You can burn a 50-candle power lamp at the same cost as the regular 16-C. P. lamp that you are now using. This kind of light will not consume the oxygen and will not leave any bad odors in your room. Your house plants will be perfectly safe if you use this type of light.

The leading oculists claim this to be the most pleasing light to the eye ever invented. We will be pleased to deliver such lamps to your home, or if you will call at our office we will explain further.
