A FIRE CLAIMS EIGHTEEN VICTIMS

NEWARK PAPER BOX COMPANY'S PLANT ENTIRELY DESTROYED—GASOLINE LAMP EXPLODED.

VICTIMS MOSTLY YOUNG GIRLS

Who Leaped From Third and Fourth Story Windows to Their Deaths. Many Persons Injured While Attempting to Rescue Imperiled People.

(Herald Special.) Newark, N. J., Nov. 26.—Fifteen persons, many of whom were girls, perished in a fire which destroyed the Newark Paper Box company's plant here today.

The fire and its attending disasters was a terrible scene. Many of the thousands of spectators were stricken dumb by sight of the frantic girls leaping from the third and fourth story windows. The building was ablaze all over and the girls were forced to jump as a last and only means of escape.

Three priests from St. Patrick's Cathedral fought their way into the blazing building and gave conditional absolution to the afflicted.

One hundred and fifty persons were employed in the factory, and a large number are unaccounted for, and the death list may grow.

The fire was caused by the explosion of a gasoline lamp.

Eighteen Dead Accounted For

(Herald Special.) Newark, N. J., Nov. 26.—Eighteen persons are now known to be dead, and it is believed many others are buried under the mass of wreckage and machinery. The police and officers of the company are now taking a census of the employes as fast as they can be located. This is the only means of ascertaining the number of victims and their names.

The destroyed building was located in the heart of the factory district. Many persons were injured while engaged in rescue work. As news of the disaster spread thousands of people hurried to the scene, many of them frantic with grief, and their screams could be heard for blocks.

Quick Justice.

Alexandria, La., Nov. 25.—The quickest case of justice on record in this parish is that of Peter Barlinca, a white man who was caught, it was charged, while trying to break into a box car on the Texas & Pacific railroad near Boyce, La. Conductor Singleton, it was stated, caught the fellow in the act at about 8 o'clock this morning. He brought him to Boyce and turned him over to Deputy Sheriff Cleveland, who immediately took the south bound passenger train to this city with the prisoner. District court being in session, Barlinca was taken into the court room. He pleaded guilty at 10:30 a. m. and was sentenced to six months in the state penitentiary, two and a half hours after the attempted robbery.

BRAZILIAN MUTINEERS SAILED OUT OF HARBOR AND BACK AGAIN WITH THE RED FLAG STILL FLYING.

(Herald Special.) Rio de Janeiro, Nov. 26.—The Brazilian warships manned by mutineers, which steamed out of the harbor last night despite the promise of the crews to surrender, came inside the bar again today. The boats are still flying the red flags of revolution, but the government has sent an embassy to arrange for a formal transfer of the boats back to the government. High officials today assert that the revolt of the sailors is due directly to the influence of the successful Portuguese revolution.

AT THE GEM.

Large Crowds Enjoyed Good Pictures Last Night.

Manager's notice:
The Gem program last night was again a "real gem." The Imp film, Brothers' Feud, was a magnificent work of art from start to finish. The beautiful drama was laid during the civil war, and it led one back to those exciting times. Every one of the Imp pictures are good, and you will find them at the Gem every night. "Mother's Love," by the Eclair company, was just a work of art. "A Penny's Worth of Potatoes" was a laugh from start to finish. A big crowd enjoyed the three shows. Entire change of program tonight. (Herald Special.) Eagle Pass, Texas, Nov. 26.—With Madero's whereabouts still shrouded in mystery, Mexico's most recent revolution seemingly has ended after two weeks' attempt to unseat Diaz, according to dispatches received here today. From these reports quiet reigns throughout the republic again. General Villar, commanding the northern division of the Mexican troops, reported to the government today that the revolt had passed. Americans arriving from Mexican cities corroborate the reports that peace has been restored.
