

WITH BAND AND BOOSTERS CHICKASHA WILL GO HARD AFTER THE OZARK TRAIL

No Time Lost in Reaching Conclusion at Enthusiastic Meeting at Farm Bureau Last Night

HUNDREDS OF BOOSTERS AT MEET

Hordes of Public Spirited Men Will Reach Chickasha Nov. 20 to Capture Great Good Roads Prize

Chickasha is going after the Ozark Trail with a big bunch of boosters and a band.

This was the decision reached in a jiffy at a meeting held at the Commercial and Farm Bureau room Tuesday evening, presided over by County Commissioner J. A. Robinson.

It was planned to send at least 100 cars to the Ozark Trail convention in Oklahoma City next week and a list of volunteers for the expedition was started. Ed Burton was the first man to suggest taking the band, doing so by subscribing \$3 to help defray the expenses of the same, and others present quickly followed suit.

Word was received by Mr. Robinson that over a hundred cars of boosters from towns all the way west to Mangum will reach here Monday, November 20, and through Secretary Stingleberry of Mangum, Chickasha was invited to join the procession.

A committee consisting of Ed Burton, L. C. Hutson, M. F. Courtney, J. P. Wolverton and Earl Barton, was appointed to line up the largest possible delegation of car owners and get up the crowd that will accompany them, the same committee also being instructed to raise the remainder of the fund necessary for employing the band.

Mr. Wolverton was not present at the meeting but he sent word that he was ready to donate \$100 toward improving the proposed road in Grady county and would take one or more cars to Oklahoma City. Mr. Barton said he would do the same thing. "I have recently traveled over one of the national highways through New Mexico and Arizona," he said, "and I have seen what such a road means to the country. One who has not seen it can have no idea of the amount of travel over these roads. Tourists are going and coming all the time and every one of them leaves more or less money in every town through which the road passes." Dr. E. L. Dawson, who traveled over the same section recently, concurred in what Mr. Barton said, and urged that Chickasha should lose no time in getting the Ozark Trail, if possible.

Col. Harvey, the head of the Ozark Trail association, announced that Chickasha would be passed up, following his trip here a few weeks ago, but it was the consensus of opinion that he would change his mind when confronted by the arguments advanced by the Chickasha boosters, backed up by the delegations from towns to the west.

It was agreed that the chances for routing the proposed road southwest from Oklahoma City would depend largely upon the bridging of the South Canadian. This matter was discussed at some length, and the view was expressed that Oklahoma City should carry out her plan to build a bridge at New Castle. It was also brought out that Mingo is busy with plans for a low-water bridge at Union City. The bridge matter will be taken up by the delegation going to the Oklahoma City convention and it is thought that a solution of the problem will be worked out.

GERMAN SUB LINGERS OFF COAST
By United Press.
Providence, R. I., Nov. 15.—Captain Ryan of the liner Howard arrived here today with reports that he received wireless advices from a British warship stating that a German submarine was "waiting" off the southern New England coast.

WEATHER FORECAST.
For Oklahoma.
Tonight fair; not so cold.
Thursday fair; rising temperature.
Local Temperature.
Maximum, 44; minimum, 20.

LOOK TO WILSON FOR PEACE

Unhampered by Election Worries President Wilson May Now Wave Olive Branch

By United Press.
Berlin, Nov. 15.—"With his campaign worries past and his election assured, President Wilson may prove altogether a different president and may see the opportunity when the moment arrives to obtain peace," says Count Apponi, the foremost Hungarian leader who is here to make a special speech before the reichstag.

CONTINUES ROUNDS OF COUNTY SCHOOLS

Pursuing his rounds of the county schools County Superintendent M. H. Shepard left this morning for the sunflower, Harold Parrish, Hill and Fairview district, where he will spend the day. Tomorrow, in company with O. C. Cooper, county agent, he will leave for schools in the south end of the county, visiting the county schools on Thursday and Friday and both speaking at the Pursey school house on Friday night.

GOOD RECORD MADE BY GRADY COUNTY AGENT

The summary of the annual report of the county agent which was submitted orally last night to the meeting of the Commercial and Farm Bureau, presented some interesting facts and figures relating to the progress of Grady county farmers and the work that is being done by the county agent, O. C. Cooper.

The present year has been a prosperous one in boys and girls' clubs circles and 321 members were enrolled in the seven clubs, corn, cotton, pigs, kaffir corn, foterita, milo maize and peanuts.

During the year besides the boys and girls demonstrators there were fifty-three adult demonstrations in different parts of Grady county, including those in alfalfa, corn, cotton, kaffir corn, sweet clover, barley, rye, wheat and oats.

Grady county had the largest club rally this year in the southwest and photographs were shown where 319 members of boys and girls clubs were lined up on Chickasha avenue preparatory to going to Shavano Springs, the line reaching from the Farm Bureau to the Geronimo hotel. On this occasion the admission of ninety-six members was paid into the swimming pool and five street cars were engaged to take them to the grounds.

Grady county this year had the largest number of township exhibits at its free fair of any county in the state, eighteen competing for prizes. Of the fourteen county fairs in the state of Oklahoma which State Superintendent R. H. Wilson had judged he declared Grady county's to be the best. A great improvement was made in the stock and other exhibits over the preceding year. Every dollar has been paid for premiums awarded.

R. R. MEN WILL FIGHT FOR RIGHTS

Will Oppose Efforts of Big Roads to Reorder Null New Adamson Eight Hour Law

RAILROAD ATTORNEYS NOW FILING ACTION

Though One May Be Used in Test Case All Railroads Want to Be Involved at Finish

By United Press.
New York, Nov. 15.—Leaders of the brotherhoods of railway trainmen here insist that they will go through with their strike threat in January if court decisions emasculate the eight-hour program.

Railroad attorneys are rapidly filing actions. Though one test may be used, all the roads want to be involved, so that the penalty clause will not react against them.

It is reported that the unions may lay their side of the matter before President Wilson next week.

RECENT CHANGES IN CO. TEACHERS

Several changes in teachers for the county schools have been made in the past few days as announced by County Superintendent M. H. Shepard before his departure for the north end of the county today. In the Old Trail district the teacher of the one-room school resigned after a week's service on account of finding no suitable place to board. His place was taken by P. W. Robbins of that district who has been attending the University of Oklahoma.

In the Harris district the teacher resigned and O. W. Reed was engaged to take his place.

There is a vacancy in the Starr district which may be filled by an applicant who left yesterday afternoon for that vicinity.

BANKER AND ATTORNEY ON TRIAL

Sensational Liquor Case Takes Up Day in Federal Court With Sam Houston's Son a Witness

SWIFT JUSTICE IS METED TO BOOTLEGGERS

Juries as Yet Have Returned No Acquittals on Liquor Charges and Several Convictions

The federal petit juries are making short shrift of the prisoners who are being brought before them on liquor charges.

On the first day Sam Clark, formerly of Chickasha and later of Commerce, was found guilty of introducing and yesterday afternoon two more defendants met with the same fate, being joint defendants in a single cause. These were Len Harris and Gilbert Harris of Ryan who were also charged with introducing. The jury returned a verdict of guilty at about 4 o'clock while the trial of the United States vs. Bill Dossett on the same charge was in progress.

Dossett attempted to make capital out of an alleged infirmity. While under examination at his preliminary before Judge Hamilton in Chickasha he pretended to be so lame that he could scarcely walk but when, in his belief, he was out of sight of the deputy United States marshal he proceeded to sprint in the most approved fashion.

The same means of defense, in order to have his trial stayed, was attempted this week but it proved to be unavailing. The report reached the ears of the attorney and the court that Dossett was in such a pitiable condition that he had been taken to El Reno for an operation. The judge, however, had had evidence to the contrary and Dossett was forced to appear for trial.

Bill Dossett was found guilty as charged in the indictment, the jury returning the verdict this morning.

Among the most sensational cases on the docket this term is that which is on trial this afternoon and in which William R. Houston, son of General Sam Houston of Lone Star fame, is the principal prosecuting witness. The case is that of the United States vs. Robert K. Warren and Wright Bonford for introducing liquor and comes from Choctaw county, where both men hold high positions. Warren is the county attorney and Bonford a prosperous and wealthy real estate and loan agent. The two men, it seems, while in an automobile, were arrested by Houston, who is a special enforcement officer in the department of Indian affairs, while returning from a trip to Arthur City, Texas, and having in their possession at the time, it is said, intoxicating liquor which both declared to be for their own use. Whether or not a man can "introduce" for his own use is the question which will have to be decided by the jury when the arguments are closed this afternoon.

Civil Cases.

Two civil cases were disposed of in the federal court yesterday. Both of these dismissals were for want of prosecution. They were for damages for personal injuries against the Atchison, Topeka & Santa Fe railroad company, the plaintiffs being Tracy Sweet and G. H. Deaton.

Why Grand Jury Meets.

The indications are that the federal grand jury, which began its labors in the federal building yesterday, will not conclude its deliberations until Friday or possibly Saturday. With good luck it may be accomplished by Friday.

The holding of the grand jury in Chickasha in November is an unusual proceeding made expedient and imperative in order not to do an injustice to the large number of prisoners who are now in jail awaiting its action and whose cases came up too late for the October panel in Ardmore. The work of the Ardmore grand jury was exceptionally arduous, over 200 cases having been investigated covering every violation of the United States statutes and including such offenses as counterfeiting, misappropriation,

WILSON IS CONSTANTLY GAINING

Though Difference Between First and Official Counts is Negligible Advantage is for President

HUGHES APPEARS TO CINCH MINNESOTA

Leads in Northern State by 223 Votes With Soldier Vote in 15 Counties Still Missing

By United Press.
San Francisco, Nov. 15.—The complete official count of the vote in more than two-thirds of the counties in California increases Wilson's plurality in the state.

In all 286 counties have not reported. In most cases the difference between the official and the unofficial count is negligible. In Los Angeles county Hughes made a net gain of 190 while Wilson made a gain of eleven votes in San Francisco county.

Still Counting in Minnesota.

By United Press.
St. Paul, Minn., Nov. 15.—With presumably ten precincts of the civilian and soldier vote in 15 counties still missing, Hughes has a lead today of 223 votes in Minnesota.

The total vote today stands 179,534 for Hughes and 179,311 for Wilson. The result will still be indefinite until the recount of the Hennepin county vote is completed tomorrow.

Eight Counties for Hughes.

By United Press.
Oklahoma City, Nov. 15.—The returns from the election last Tuesday show that Wilson carried all but eight counties in Oklahoma. Hughes carried Blaine, Ellis, Garfield, Kay, Kingfisher, Lincoln, Logan and Major. Benson failed to carry a county.

CARRANZA'S SCHEME TO GET MONEY

Arranges With Banco Nacional to Exchange Silver Reserve for U. S. Currency at 2 to 1

By United Press.
Mexico City, Nov. 15.—It was announced today that Carranza has arranged for the Banco Nacional to exchange the Mexican silver reserve at the ratio of two to one for American currency in order to pay his army and purchase supplies.

BRYAN TO FIGHT BOOZE

By United Press.
New York, Nov. 15.—William J. Bryan will spend the next four years in an effort to make the Democratic party dry, it is learned. He will start his campaign in Indianapolis Sunday.

BLACKMAIL CASE CONTINUED

By United Press.
Washington, Nov. 15.—The trial of Dr. Armand Graves, charged with attempting to blackmail Countess von Bernstorff, was today continued to December 6.

Impersonation of an officer, white slavery and liquor charges.

Among those federal prisoners who have been committed since the October sitting, may be some whom the grand jury may fail to indict. To these it would be an injustice to await the regular January term in Muskogee, when a special venire could dispose of their cases during the sitting of the federal court in Chickasha.

The docket of the federal court this session is not a large one only those cases being set whose witnesses reside largely in this district.

WIN WITH BOMB AND BAYONET

After Terrific Barrage Fire Canadian Troops Wrest From Germans Last Section of Regina Trench

GERMANS PUSH BACK RUSSO-ROUMANIANS

Heavily Reinforced Teutons Cut Way Through Jial Valley With Foe on Defensive in the Dobruja

By United Press.
London, Nov. 15.—With bomb and bayonet attacks, following a terrific barrage fire, the Canadian troops took the last section of the famous Regina trench from the Germans.

The capture of the trench was completed in half an hour, resulting in the gain of ground along a front a thousand yards in length.

Ancro Brook Battle Continues.

By United Press.
London, Nov. 14.—With no abatement of fury the British continue to storm metal and men against Germany's vaulted sub-surface fortifications on both sides of Ancro Brook.

German counter attacks have proved futile, dispatches from the front today say. It is believed that Gen. Haig has begun a flank movement having for its object the encircling of Miramont, an important railroad center.

Germans Reinforced.

Petrograd, Nov. 15.—Heavily reinforced, the Germans pushed back the Russo-Roumanian lines in the Jial valley, according to reports received here today.

The Russo-Roumanians are again on the offensive in the Dobruja, advices say.

Relief Hampered.

By United Press.
Washington, Nov. 15.—Grave fears are expressed here that American relief of the destitute in Belgium may be seriously hampered and perhaps actually ended by the German deportations.

It is reported that the German policy is to declare destitute any able-bodied Belgians who accept relief and to put them to work to relieve the strain on charity. This may lead England and France to stop relief work. Charge d' Affaires Crew at Berlin has taken the matter up with Chancellor Bethmann-Hollweg.

WILL CARE FOR WOMEN AND KIDDIES

Mission in Congress of Miss Jeanette Rankin Who Ran Ahead of Republican Ticket in Montana

NEW CONGRESSMAN IS WOMANLY WOMAN

Was Sewing When She Received News of Election But Failed to Become Excited Over Outcome

By United Press.
Missoula, Mont., Nov. 15.—"I am going to Washington to represent the women and children of the west—to work for an eight hour day for women and for laws providing that women shall be paid the same wages as men for equal amounts of work."

Miss Jeanette Rankin, newly elected Republican congresswoman from Montana, was sewing as she said this today. Even after entering politics she refused to forsake the old household arts, cooking and needle work. Miss Rankin failed to become excited when returns showed she was running ahead of the Republican ticket in Montana and later that she was elected.

"I'm glad of this chance," she said, when friends "broke the news."

"Of course," said Miss Rankin today, "I know I'll be the first woman member of congress but I won't be the last and I believe I'll be received with courtesy and as an equal by those eastern congressmen, even though they are enemies of suffrage. While working for suffrage in the east I found that no matter how strenuously our opponents fought us they were always ready to hear our side."

In addition to her eight hour day and equal wage laws, Miss Rankin intends to fight for woman suffrage from the moment she gets into the capital.

PATTERSON STOCK SALE

The following telegram was received by a local breeder from Lee Patterson, who will hold a sale of registered Shorthorn cattle in Chickasha on November 16th:

"The demand for the best in Grady county is so strong that I will bring a great deal better herd of Shorthorn cattle to the Chickasha sale than I at first expected; it is very likely you will find what you want in the bunch."

The telegram was an answer to a telegraphic inquiry as to whether or not the offerings to be sold on the 16th would be of the best blood strains.

FREAK SHEEP TO BE EXHIBITED

The illustration shows one of the greatest curiosities on free exhibition at the late Oklahoma State Fair. He was exhibited by the New Stat Serum company, and it required only one insertion in the Oklahoma City Times to attract thousands of people to view the freak. This sheep will be exhibited in Chickasha free of charge on Broeders Day—Saturday, November 18th, and the occasion will be the last chance to see one of the most puzzling abnormal "woolies" ever seen in the country.
