## THE KICKER

I am not able to name the credit for the following editorial, for the reason that it is unknown to me, but it is too good to lose. The kicker is a hard nut to crack, but this unknown editor hits him a square rap. He says:

A short time ago a wild ass from Persia was brought to the United States on the steamship "Messia." But just before he was unloaded from the vessel he took a notion to kick. The ass wore himself out trying to kick the ship to pieces, but all he succeeded in doing was to make a few dents on the vessel and in killing himself. Instead of burying the ass at sea, the captain had him dumped into the furnace. So the ass became fuel to help the vessel on its way. Every community has a human ass that kicks at everything. He feels called of God and commissioned of man to kick at everything in the community. Such a kicker has his mission. He does some good in the world, but it is after he is dead. The knocker or kicker builds up nothing. He is a parasite upon the community, feeding upon the rights and interests of others. But there is a cheerful thought connected with the kicker. He soon kicks himself clear out of the community. Give him a little time and he will kick himself to death like the wild ass from Persia.

There is no person less respected in the community than the kicker. He has but few real friends, and they are ashamed to have his name mentioned in connection with theirs.

The kicker stands in the way of all progress. He is met with in all phases of society, in business, in politics and in religion. So each community should remember that the kicker will be there. But be not discouraged, the kicker helps you after all—for he magnifies your faults, so you will be able to see them yourself.

## IN INTEREST OF THE HORSE

There is an interesting fight being waged in Washington that has a principle more vital than some involved in our politics. The capital has an organization for the prevention of cruelty to animals that is one of the most active in the country. In late years it has developed so much strength that it has become a menace to everyone who neglects or mistreats domestic animals. As might be expected it has made many enemies among those who have been brought to the bar of justice through its activities in the interest of our four footed fellow laborer, the horse, and a society has been formed known as the "Horse Owners Association" which is endeavoring to have a bill passed by Congress which will so cripple the "Society for the prevention of Cruelty to animals," as to practically annihilate it. The bill is essentially misleading as it endeavors to convey the idea that the Horse Owners Association wishes to engage in humane work under a new and better law while the actual purpose is to destroy the organization that has been doing this work effectively for many years. The case would be paralleled if the inmates of the penitentiary were to frame a law by which the courts would be nullified and the criminals were to be placed on the bench. Unfortunately in the rush of a closing session of Congress such a bill might escape the attention of Congressman and it would be well for constituents everywhere who are interested in a square deal for man's best servant, the horse, to write their Congressmen about it and draw their attention to the real purpose of the bill upon which they might be called sooner or later to vote.

Harriman is to have \$100,000 bar in his terminal station at Pittsburgh. Break the news gently to the prohibition wave.

**Go Direct**  
Tell the agent, "THE OVERLAND ROUTE as far as it goes." It means saving of time in avoidance of changing cars, broken connections, etc. "You'll Know When You Go." Ask any Short Line Agent for rates and particulars.

**Better Not Get Dyspepsia**  
If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.  
A great many people who have trifled with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it. Use Kodol and prevent having Dyspepsia.  
Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.  
When you experience sourness of stomach, belching of gas and nauseating fluid, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.  
Ordinary peptic "dyspepsia tablets," physics, etc., are not likely to be of much benefit to you, in digestive ailments. Peppin is only a partial digester—and physics are not digesters at all. Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.  
Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.  
**Our Guarantee**  
Give us your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say that it has not done you any good, return the bottle to the druggist and he will refund your money without question.  
We guarantee that our guarantee is good. This offer applies to the large bottle only and to bottles in a family. The large bottle contains six times as much as the fifty cent bottle.  
Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.  
For sale by Smoot Drug Co.
