

GLEANINGS

Mrs. Robert Barber of Lewiston, accompanied by her grandson, Wayne Herres, arrived in Kendrick Wednesday. Mrs. Barber is visiting her daughter, Mrs. L. J. Herres.

Adair Pemberton went to Lewiston Wednesday to visit relatives.

Leonard Sturdevant bought 18 head of sheep this week, bringing them from Cedar Creek ridge. He turned them out on his hillside pasture and they came in at night perfectly contented, as the feed is still green and quite abundant on the warm slopes of the hills. Mr. Sturdevant is doing a considerable amount of clearing on the place which he purchased from J. I. Mitcham last spring and expects to get about twenty acres more land under cultivation this winter.

O. S. Fletcher, county agent for Latah county, was in Kendrick Thursday on his way home from a meeting at Linden. He was on Cedar Creek ridge two days in the interest of the farm bureau organized in this county.

Mr. and Mrs. A. C. White and Roger are ill at their home in Spokane with influenza. Last reports were to the effect that they were getting along nicely. Miss Vivian recovered from a siege of the flu shortly before Thanksgiving.

Mrs. Rose Nelson and Mrs. George Leith spent Tuesday in Moscow.

Laurel Boyd has written to his parents since the armistice was signed stating that he was safe and well. His name published in the casualty list several weeks ago was among those reported missing in action. It was probably an error.

R. D. Newton was in Moscow on business last Saturday.

John Woody and Dr. Moser returned Monday evening from the woods in the vicinity of Boulder Creek where they had spent several rainy days hunting deer. They had a considerable quantity of luck but not of the right kind. They expect to go out again before the season closes.

John Reid was a Moscow visitor the first of the week.

E. P. Atchison and children returned from Lewiston Monday where they spent the week end visiting relatives.

W. J. Snowden, former manager of the Madison Lumber Co., was in Kendrick Monday on business.

Ed Petrick left Monday afternoon for the mountains near Park where he and Fred Crocker expect to spend a few days hunting deer.

John Michaels of Cedar Creek ridge sent two monster turnips to the Gazette office, where they are now on exhibition. They were raised in the splendid soil on that ridge and their size and appearance are truly remarkable. Turnips wouldn't be a very profitable crop on Cedar Creek ridge because so few could grow on an acre. It is said they have to slice them in that country with a cross cut saw and split the slabs with an ax in order to reduce them in size sufficiently to cook them for food.

H. Munsterman, a former resident of Potlatch ridge, writes from Paradise, Cal., as follows: "I notice a few weeks ago in the Gazette, a letter from Mr. Oldfield, writing from Chico, Cal., saying they had been out to their orange grove. As we are only 14 miles from Chico, living on our thirty-acre olive and orchard tract, would be pleased to know the address of Mr. Oldfield and would call on him for a chat." Mr. Oldfield's address is 1173 S. Broad, Chico, Cal.

Rev. Gregory left Tuesday for Newburg, Oregon, where he has business interests that require his attention. His daughter, Miss Ellen Gregory, has sold her millinery store there and will return here with her father and make Kendrick her home.

J. E. Gibbs went to Spokane Sunday where he and his family will make their home. He shipped his household goods Saturday. William Rogers will handle the barber business here alone for a time at least.

Dr. Herrington spent Sunday in Moscow, returning to his practice here Sunday night. As soon as Dr. Rothwell is able to resume his duties here Dr. Herrington will return to Moscow, where he is permanently located.

Frank Benscoter, who has been a member of the S. A. T. C. at the California State Normal School located at Los Angeles, returned to Kendrick Wednesday, having received his honorable discharge from the army. He was looking exceptionally well and his appearance was a good recommendation for the army training.

The Potlatch Electric Company is wiring the school house throughout.

Mrs. Frank Bunker of Southwick went to Toledo, Ohio, Sunday where she will visit relatives.

E. E. McDowell, C. G. Compton and M. V. Thomas are in the woods this week hunting deer.

Ensign J. W. Wade of the U. S. Navy, arrived in Kendrick Wednesday to visit at the Gregory home for a few days. He came here from Norfolk, Va., where he has been taking special training for the navy.

Mrs. L. J. Herres and children returned last week from a few days' visit with relatives in Lewiston.

Clarence Bechtol has had charge of the Madison Lumber Yard this week during the absence of the manager, H. C. Brammer.

Mrs. Joe Ivy and Edith went to Nez Perce Sunday to visit relatives for a few days.

The railroad company has again changed its plans and will build, or rather is planning to build, the stock yards in the lower end of town. The company had decided to construct the yards just above the Sturdevant Lumber Yard but for some reason abandoned this site and is looking with favor on the lower end of town for the yard. It isn't so much a question as to where the yard is to be located as it is whether it is to be built at all.

Lloyd Strong of Spokane is now keeping books for the Kendrick Store Co. Mr. Strong arrived last week and was joined here Wednesday by his wife and little daughter. They expect to move their household goods here as soon as they are able to find a suitable residence.

Mrs. Alfred Crow returned to Moscow Tuesday after visiting her mother-in-law, Mrs. S. E. Crow.

Claud Stanton returned to his home in Everett, Monday after spending a short time with relatives here.

H. C. Brammer, manager of the Madison Lumber Yard, went to Herrington, Wash., last week to assist his family in moving their household goods to Kendrick. The Brammer family have rented one of the Freytag houses and will make their home here.

Mrs. Albert Palmer of Spokane is visiting her mother, Mrs. E. M. Million.

Mrs. D. R. White and Shirley went to St. Johns, Wash., the first of the week to spend Christmas with Mrs. White's parents.

Wade Keene of American ridge went to Peck Thursday to spend the holidays with relatives.

LOST: On American ridge, auto chain. Finder please notify John L. Woody. 51-1t.

The Potlatch Products Store (Stanton Bros) is beginning to look scrumptuous. The boys are working on the theory that the best in groceries is none to good for Potlatchers, and their method of doing business insures the lowest possible cost to consumers. 46-1t.

Stop with the only Guy in town—at the Guy Hotel. 46-1t.

For Croup

"Chamberlain's Cough Remedy is splendid for croup," writes Mrs. Edward Hassett Frankfort, N. Y. "My children have been quickly relieved of attacks of this dreadful complaint by its use." This remedy contains no opium or other narcotic, and may be given to a child as confidently as to an adult.

Get a good, home-cooked meal at the Guy. Good service and courteous treatment. 46-1t.

MIXED NUTS

For Christmas, specially priced so that you can fill the kiddies stocking, at the Kendrick Store Co. 51-1t.

The great war has thoroughly demonstrated the wonderful durability and dependability of the Ford car. No other car was in such general use on every front and no other car gave such universal service; it could be relied on when the faithful army mule was down and out and many feats performed by this wonderful car are now being told by the soldiers returning from the front. Next spring will bring a great demand for Ford Cars and there may be delays in deliveries. Place your order now, we will be able to make deliveries about March first. Spiker & Jeffreys, Lewiston, Idaho. 51-1t.

Christmas candy and nuts—plenty and then some, at Stanton Bros. 51-1t.

RESOLUTION

Be it resolved, that Cavendish Lodge No. 127, I. O. O. F. extends a vote of sympathy to J. N. Armstrong and family of our deceased Brother, B. S. Armstrong, who on November 6th, 1918, was killed while fighting for his country on the battle field of France.

Be it further resolved, that in the departure from our midst we have lost a friend and brother whose life was a demonstration of the teachings of the principles of Odd Fellowship. And, the family, a son and brother who was loved and respected by all who knew him.

Be it further resolved, that we send a copy of these resolutions to each member of the family, have one copy printed in the Kendrick Gazette and one copy spread on the minutes of the Lodge.

C. M. Blackburn, N. G.
F. H. LeBaron, Sec.

POULTRY FACTS

VEGETABLES IN FOWLS' DIET

Feeding Tests Made With Laying Hens by United States Department of Agriculture.

(Prepared by the United States Department of Agriculture.)

Scarcity of beef scrap, together with its high price, has led poultry specialists of the United States department of agriculture to conduct feeding tests with laying hens in which cheaper and more plentiful kinds of protein feed are tried. In these tests feeds rich in vegetable protein have been used in connection with beef scrap to make up the laying ration.

One pen of hens, fed a mash containing 20 per cent beef scrap, produced the greatest number of eggs, but a second pen, fed a mash consisting of 10 per cent peanut meal and 10 per cent beef scrap, produced an average of only 10 eggs less during the test period of 5½ winter months. Mash made with soy-bean meal, cottonseed meal, and velvet-bean meal, in combination with beef scrap, have been fed with fairly satisfactory results.

PLAN FOR POULTRY SUCCESS

Suggestions Sent Out From Washington for Benefit of Practical Chicken Grower.

Government poultrymen are appealing to the American people, both in the country and in the cities, to increase poultry production as much as possible. The following nine suggestions have been offered as a means to attaining this end:

1. Keep better poultry; standard-bred poultry improves the quality and increases production.
2. Select healthy, vigorous breeders to produce strong chicks.
3. Hatch early to produce fall and winter layers.
4. Preserve eggs when cheap for home use.
5. Produce infertile eggs, except for hatching.
6. Cull the flocks to eliminate unprofitable producers.
7. Keep a small back-yard flock to supply the family table.
8. Grow as much of your poultry feed as possible.
9. Eat more poultry and eggs to conserve the meat supply.

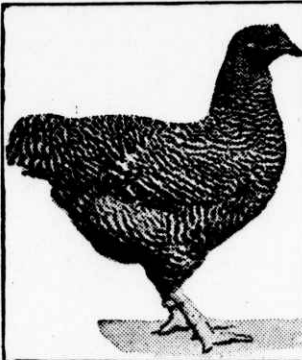

PULLETS FOR WINTER LAYERS

Weight of Fowl Is Sometimes Good Indication of Future Egg Producer—Use Scales.

(Prepared by the United States Department of Agriculture.)

Poultry keepers may plan to hatch all their pullets early, but it always happens that a good many pullets are not nearly grown in September, or even by the first of November. Obviously these will never make early winter layers. They may make profitable layers, though not likely to pay as well as the earlier-hatched hens. With the age of the undersized pullets known, and by the use of the scales, it is a simple matter at this season to cull out those that it will not pay to feed through the fall and early winter, unless waste feeds are so abundant that no feed need be bought for any of the poultry stock.

A Plymouth Rock pullet that is five months old in the early part of September and weighs less than four pounds is not promising material for a winter layer; a Wyandotte or Rhode Island Red pullet that is five months

Early-Hatched Mature Pullet.

old at this season and weighs under three pounds is not a desirable bird to keep; a Leghorn that is four months old and weighs less than two pounds should also be classed as a cull and used for the table. Birds having these weights with less age are desirable in proportion to their age. Many poultry keepers who do not mark their chicks when hatched and let broods of different ages run together in the growing season cannot tell the age of a pullet with certainty in the fall, and take it for granted that the small birds are the later hatched. This error leads to the holding of many pullets which, if their true age were known, would be discarded for poultry.

Have Wandering Spirit.

The young turkeys have a wandering spirit, characteristic of their kind, so be sure that the coop is tight around the bottom so they cannot get out and wander away from their mother.

Attention!

The Happiest, Merriest Christmas the world has ever known. But in the rejoicing of peace and freedom there is one note of seriousness that we must not forget, there is misery, distress and sickness all over the world. Get behind the Red Cross "all you need is a heart and a-dollar."

Let the Merry Christmas bells ring for every one this year. Make every child happy by doing a little extra for them to make their Christmas more enjoyable. Renew old friendships by remembering them with a little gift. It will please them and make you feel better for doing it.

We have a nice display of holiday goods this season, we are selling a great many useful things for both grown-ups and children.

Fall in line, buy your boy a mackinaw, suit, overcoat, sweater, gloves or something that he needs to wear. "Surprise him."

Your daughter may need a Crepe De Chine or a Georgette Crepe waist (a new shipment just arrived), a coat, a dress, shoes, slippers, or some other wearing apparel, this will make her Christmas more complete.

Lots of good suitable gifts for Father, Mother, Sister, Brother and Sweetheart.

Don't forget about your Xmas dinner!

Our Grocery Department

contains goods of "Everything to Eat." Get your order in early.

We wish you all a Very Merry Christmas.
