

## "You're the Man to be Satisfied"

says the Good Judge

You get a whole lot more satisfaction from a little of the Real Tobacco Chew than you ever got from the old kind.

The good, rich tobacco taste lasts so much longer. You don't need a fresh chew so often. That's why it costs you less.

Any man who uses the Real Tobacco Chew will tell you that.

Henry L. Land, Defendant.

The State of Idaho Sends Greetings To Henry L. Land the above named defendant.

You are hereby notified that a complaint has been filed against you in the District Court of the Second Judicial District of the State of Idaho, in and for the County of Latah, by the above named plaintiff, of the nature in general terms as follows:

To obtain a decree of divorce from defendant on the ground of desertion.

And you are hereby directed to appear and answer the said complaint within twenty days of the service of this summons, if served within said Judicial District, and within forty days if served elsewhere. And you are further notified that unless you so appear and answer said complaint within the time herein specified, the plaintiff will take judgment against you as

CHICKENS NEED GREEN FEED

Greatest Value Is Succulence, and Salts It Contains are Great Assistance to Digestion.

In nutritive elements, green foods contain so little strength that if their only claim to poultry favor was on that account they would have been discarded long ago. Their greatest value is their succulence, and the salts they contain, which promote digestion. Green feed in the winter poultry ration helps to keep a laying stock in good 'tone. It assists digestion, and many poultry keepers use it for that reason and because it increases egg production.

## SUPPLY MATERIAL FOR EGGS

No One Kind of Grain Will Furnish All of Different Food Elements Required by Hen.

There is no one kind of grain that alone will furnish all of the different food elements required to maintain the body of the hen in good condition and also furnish the material of which eggs are made. Certain kinds of food combinations are required to make the yolk of the egg, certain other kinds are required to make the whites, while still other kinds are needed for building the membranes which surround the yolk and the white and the shell which contains all.

## Old Age Postponed

The appearance of old age can be postponed by having your teeth properly looked after. Registered Dentists using the E. R. Parker System are especially capable of doing this by making fine crowns, bridges and artificial teeth.

Some men and women look ten years younger after these dentists have done the necessary work. So much depends upon making artificial teeth look natural that you should be glad to know where to go for the right kind of work.

Another thing about E. R. Parker System Dentists: They make a specialty of saving time for out-of-town patients, so these patients won't have to come in so often. You will be surprised to learn how reasonable the prices are, too, and also to find out that you need have no fear of pain.

There are 24 E. R. Parker System offices, the nearest being at

521 Main St., Lewiston, Ida.
