

COUNTRY FORCES ARE IN CONTROL

THEY MEET THIS MORNING AND ORGANIZE

Resolutions Are Passed Indorsing Governor Gooding and Opposing the Naming of a Senator in State Convention

With the administration forces in control of the Nez Perce county convention, Kootenai opposed to the nomination of Borah in the state convention and Latah county opposed to the same scheme, the situation at Pocatello next Tuesday begins to take on a new aspect.

The republican politics of Nez Perce county are in the hands of the delegates from the country, and the country will absolutely control the meeting of the republican convention to be held here tomorrow.

Delegates from thirteen precincts came in on the Clearwater train this morning, and they are organized to a man. They have decided to take the political situation into their own hands and control the convention.

As soon as the train arrived this morning the country delegates went in a body to Woodmen hall where they proceeded to perfect their organization. Resolutions were passed indorsing Governor Gooding for re-nomination, and opposing the nomination of a United States senator in the state convention.

Elmer Waldrip in the Chair.
The meeting was called to order by Elmer Waldrip of Nezperce. B. C. Barbour of Nezperce was elected chairman and Fred Hinkley of Orofino secretary. The chairman then explained that this was a meeting of country delegates alone and all not delegates or elected from any of the city precincts were asked to retire. Motions were then called for to express the sentiment of the meeting and some addresses were heard. The vote was unanimous to indorse Governor Gooding and oppose the Borah plan of indorsing a senator in state convention.

"We are not especially opposed to Borah," one of the delegates said after the meeting was over, "but we are opposed to any man having an indorsement in convention."

Will Meet Again Tonight.
Plans of work were talked over, and the meeting was adjourned to meet again tonight in Woodman hall. None but country delegates will be admitted at the meeting this evening. The meeting for the purpose of organizing further and agreeing upon plans which are satisfactory to all of the country precincts.

"We do not mean to leave Lewiston out of representation," said the country people in discussing the matter. "We do not propose, however, that anyone is going to have control of this convention. It must be an expression of the will of the people."

Assured No Indorsement Tomorrow.
This action absolutely assures that Nez Perce county will be against the plan of indorsing a senator in state convention. While all of the country precincts were not represented there are enough to control with the anti-indorsement sentiment in the three Lewiston precincts, and the other precincts that will arrive tomorrow in time for the convention.

A number of precincts not represented were pledged for at the convention by people who had seen the delegates, making a total of over 80 votes opposed to the indorsement plan without the assistance of a single Lewiston precinct.

Near the close of the meeting the country delegates were assured by representatives from Lewiston that the delegations from precincts 3 and 4 would be with them in their effort to establish clean politics in the county.

RED HOT FIGHT ON IN MOSCOW

Sharp Contest is Being Waged for Sheriff and Auditor

NO BORAH RESOLUTION.

Special to Evening Teller.
Moscow, Idaho, July 25.—(2:30 p. m.)—Resolutions adopted by the convention indorse Theodore Roosevelt for the presidency in 1908; commend the administration of Governor Gooding and the congressional work of French and Heyburn and indorse the re-nomination of French and Judge Steele. No reference was made to the senatorial situation.

Special to Evening Teller.

Moscow, Idaho, July 25.—(4 p. m.)—The administration forces are in complete control of the Latah county convention. In the contest for auditor Axel B. Ramsted, the incumbent won out by a vote of 118. John M. Thompson, the anti-administration candidate received 91 votes. One vote was cast for Pauline Morder.

Six extra ballots got into the count, as only 202 delegates are in the convention.

French Names State Delegates.

A committee of two was named to call upon Congressman French and Judge Steele to permit these men to name the delegates to the state convention subject to the approval of the county convention. The committee is now in session with French and Steele.

Special to Evening Teller.

Moscow, Idaho, July 25.—The Latah county republican convention is in session here today, and a red hot fight is on over the nomination of candidates for the offices of auditor and sheriff.

Out of respect to Congressman French, it appears to be mutually agreed that there shall be no mention of the senatorial question in the convention.

All night long caucuses were held behind closed doors and on the street corners and many of the delegates never went to bed, so warm has grown the contest over county offices. The delegates began arriving early yesterday, and the local aspirants have been working without cessation in efforts to line up the delegations.

Administration Force in Control.

The administration forces are in control of the convention their strength being shown by the fact that they have three out of every five members on the committees named by the temporary organization.

The convention was called to order this morning by County Chairman Judge Trullitt who made an address to the convention for half an hour or longer, the feature of which was the failure to once mention the names of Congressman French, Governor Gooding or Judge Steele. Judge Trullitt referred eloquently to the work of the republican party and pointed out the

MAKE APPEAL TO THE PEOPLE

Government Seeks to Counteract Effect Viborg Address

St. Petersburg, July 25.—Count Heyden, Prince Ivoff and M. Stakovech, three members of parliament who refused to sign the parliamentary address to the country at Viborg, on July 23, today issued separate addresses appealing to the people quietly to submit to the imperial decree to dissolve parliament and to prepare for the elections of members to the new parliament, and pointing out that the emperor acted within his constitutional right under the fundamental law, and that it would be a crime at this time to attempt to shake the power of the sovereign.

The address continuing says that the emperor only exercised his legal prerogative in submitting the issue again to the people to decide whether the views of parliament actually coincided with the sentiment of the nation. It then appeals to the people to prove their calmness and fitness for self government.

"The government," the address adds, "is compelled to maintain the integrity of the state and the safety of the citizens at any price. Resistance with force not only means an enormous number of fruitless sacrifices, but will also bring Holy Russia to final economic and political ruin."

IS STEP TOWARD WORLD PEACE

Interparliamentary Union Adopts Resolution on Arbitration.

London, July 25.—The interparliamentary union yesterday adopted the following rider to the arbitration treaty which is recast in the model of the original with W. J. Bryan:

"If a disagreement should arise which is not included in those submitted to arbitration, the contracting parties shall not resort to any act of hostility before they separately or jointly invite as the case may necessitate, the formation of an international commission of inquiry or mediation, of one or more friendly powers. This requisition is to take place, if necessary, in accordance with article VIII of The Hague convention providing for peaceful settlement of international conflicts."

The adoption of the above amendment will have the effect of widening the scope of the arbitration so as to include the questions of national honor and is looked upon as a long step in the direction of peace.

PLENTY OF FUNDS IN AMERICA

Red Cross Appeals to Japanese to Keep Their Money at Home.

Washington, July 25.—Through the state department the Red Cross has sent a dispatch to the Japanese government asking that no further contributions be made by the Japanese to San Francisco relief funds.

The Red Cross officials believe that all the funds necessary for the relief of the California earthquake sufferers can be raised in this country among persons better able to give than are many of the Japanese who contributed to the San Francisco funds. A total of \$146,000 has been received by the American Red Cross from Japan.

WANTS DIVORCE—Attorney A. J. Green of Culesac filed suit in the district court this morning on behalf of Mrs. May Moore of Winchester, who seeks divorce from William Moore on the grounds of cruel and inhuman treatment. Mrs. Moore asks for the custody of one minor child, a 4-year-old boy. The couple were married five years ago.

GREAT INTEREST AROUSED IN EVENING TELLER CONTEST

There are now fourteen candidates in the Evening Teller's contest.

The way nominations are being received, shows what interest is being taken in this event. No popular contest ever conducted on the Pacific coast has had such fruitful results.

The prize is the greatest ever offered its readers by any paper in the northwest. It involves a greater expenditure of money than any other paper but the Teller would have undertaken the trip to the end, and as the different candidates become acquainted with the arrangements and learn something of what has been planned for them, they go away with a stronger desire than they ever had before to capture the prize for their district.

Naturally in the first district which comprises the city of Lewiston the largest vote will be polled, although in the other districts the contest is being waged vigorously. The friends of the various candidates mean to make a hard fight to win the prize for their favorite, which is shown by the indorsements the different candidates have received.

The main question, is who will be the queen of the Lewiston-Clarkston Inter-State fair. This is a very hard question to determine, it's the verdict of the readers of this paper as to who the queen will be. Urge your friends to subscribe for the Evening Teller and get the special votes that go with paid-in-advance subscriptions.

McFadden Now Faces Charge of Man Slaughter

UNDER \$1,000 BONDS.

Special to Evening Teller.
Asotin, Wash., July 25.—Charles McFadden was this afternoon placed under \$1,000 bonds to answer trial at the November term of court.

Special to Evening Teller.

Asotin, Wash., July 25.—The case of the state of Washington vs. Charles McFadden is being heard in superior court this afternoon before Judge Miller. The defendant is charged with man slaughter, it being alleged that through malpractice he is responsible for the deaths of Mrs. Bishop, the 9-month-old child of Mary Ann Robinson and William Robinson. It is alleged that McFadden deliberately starved to death the patients under the fasting treatment, the defendant posing as an osteopath.

McFadden was brought before Justice Snoderly, July 3, on the same charge and was released. He went to Pomeroy and was arrested at that place after a new warrant had been sworn out by the superior court. Marshal J. S. Warren of Clarkston brought him to this city this morning.

Cosgrove & Cosgrove, Pomeroy lawyers, arrived in the city this morning in an automobile and will conduct the defense. County Attorney George S. Rummens will appear for the prosecution. The case is set for 2 o'clock this afternoon. McFadden is a man of medium stature, dark complexion and about 28 years of age, claiming to have come to this section of country from Iowa. FRANK BROWN FOUND GUILTY

BROWN GETS 3 YEARS

Special to Evening Teller.
Asotin, Wash., July 25.—Frank Brown was sentenced this afternoon to three years in the state penitentiary. He will be taken to Walla Walla in the morning.

Special to Evening Teller.

Asotin, Wash., July 25.—After being out but a few minutes last night the jury in the case of Frank Brown, charged with complicity in the Clarkston robberies returned a verdict of "guilty."

The trial was concluded yesterday afternoon. Attorney C. H. Baldwin of Lewiston appeared for the defense while County Attorney Rummens conducted the prosecution.

While on the stand in his own defense Brown made the attempted alibi that he was in Culesac at the time of the robbery and went to bed with Stand and Burns the night preceding their capture. Burns has lately been adjudged insane and was too weak to appear for trial.

Sentence will be passed on Brown by Judge Miller tomorrow.

Other Cases Before Court.

Two other cases are scheduled to appear before the court before adjournment, the mandamus proceedings against Justice Clear and Judge Neelands, both filed on different occasions by County Attorney Rummens, the former in the Shaefer case and the latter in a suit for damages in a sheep herder affair.

SHE SAW THAW BEAT EVELYN

Sensational Evidence is Given by Miss Crane

New York, July 25.—The Evening World has published an interview from Miss Annie Crane, a masseur of this city, whose statement was taken yesterday in the district attorney's office.

According to the World interview, Miss Crane was sent to Paris by White in 1904 in response it appears to a call from Mrs. Nesbit (now Mrs. Holman) and brought the woman back to New York. Miss Crane knew the Nesbits before the young woman and her mother went abroad in 1904 and were followed by Thaw.

How They Lived in Paris.

When she arrived in Paris she found Thaw Ely and Evelyn Nesbit and the girls living in a beautiful apartment near Camps Elisee and Thaw had been a constant caller on Miss Nesbit. "The day before I got there," said Miss Crane, "a terrible row had taken place and Mrs. Nesbit had been put out of the apartment by Thaw who acted like a maniac. Mrs. Nesbit was nearly destitute and but for the timely arrival of a woman newspaper writer who had gone abroad with the Nesbits would never have gotten back to the United States."

Miss Crane told of the beatings administered by Thaw to Miss Nesbit and that she, Miss Crane, saw Thaw beat Miss Nesbit and that when she interfered Thaw struck her also.

Showed Her Bruised Arm.

Miss Crane said that Miss Nesbit showed her the bruises on her back and arms which were inflicted by Thaw, and the finger marks on her neck where he had choked her.

It was Thaw's habit, said Miss Crane when he went out on the Paris boulevards to stroll with other women and to lock Miss Nesbit and Miss Crane in their apartments. Miss Nesbit considered an appeal to authorities, but refrained for fear of ruining her stage career. Thaw constantly raved over men whom Miss Nesbit knew in New York and often spoke of Stanford White in a threatening manner. Finally Thaw consented to allow Miss Nesbit to return to New York and they sailed after a violent scene in London.

Decided to Sue Thaw.

On the way across the ocean, Miss Nesbit declared her intention bringing a breach of promise suit against Thaw and charging him with assault. When they arrived in New York, White's automobile was awaiting them and Miss Nesbit went direct to White's office.

A family conference, Miss Crane declared, ensued, and several days later Miss Nesbit when in Abe Rummels' office, made a statement confirming Thaw's conduct; the suit Miss Crane said, was to have been for \$50,000.

RESTRICT CONTRABAND GOODS

London Conference Would Have Hague Court Revise the List.

London, July 25.—The Interparliamentary union after prolonged debate, adopted the following resolution:

"The interparliamentary union now assembled expresses a view that the Second Hague conference should:

First—By treaty define contraband of war as being restricted to arms, munitions of war and explosives;

Second—Reassert and confirm the principle that ships carrying either contraband of war or other goods aboard such ships, not being contraband, may not be destroyed;

Third—Affirm that even being belligerents, private property shall be immune at sea as it is on land."

The conference also adopted a resolution favoring a discussion by The Hague conference of a means to cut down the "intolerable expenditure on armaments."

The conference concluded its sessions today.
