

An Explanation.

I have been informed that the opinion prevails quite generally that in order to secure the nomination for sheriff I promised Walter Hoge, if elected, that I would make him my deputy. I deny this charge most emphatically. I have made no such promises to Walter Hoge or anyone else. This falsehood, in my opinion, is circulated wholly for political gain. JOHN OLSEN. *

A Good Scheme.

The republicans are making a tremendous howl because they see that they haven't a ghost of a show to elect a majority of the next legislature. The fight then for United States senator is between the democratic candidates, why should not the republicans help in insuring the vote of this county for the favorite of all the people for that office—James H. Hawley?—Advance.
