There is a good deal of talk about a
 fast mail train that is soon to be put on
 between Chicago and Portland, but no
 official announcement has yet been

 sure go, and the eagle eyes are won-
 dering who will be assigned to the runs
 on the new train.

 then become an important one as it
 will make a direct route to Salt Lake

 have to go out to Minidoka and around

 Malad Valley was now enjoying deli-
 cious spring weather and when he

Mrs. Francis Bacon died at her home
 in Georgetown Tuesday morning at
 the age of 63 years. The deceased was
 stricken with paralysis about thirteen
 years ago, and has been helpless a great-
 er portion of the time since. A husband
 and five grown children survive her.
 Two children—a son and daughter—
 reside in Canada. The funeral was
 held yesterday afternoon from the
 Georgetown meeting house, and was
 largely attended.

City Clerk Harris received word yester-
 day from the firm in Chicago that
 purchased the water works bonds, to
 the effect that their attorney had ap-
 proved all of the proceedings relative to
 the issuance of the bonds. They further
 stated that the bonds were being printed
 in Chicago and would be forwarded here
 in a few days for the signatures of the
 mayor and treasurer. The money is
 ready as soon as the bonds are signed.

Ben Bergman was over from Preston
 several days the past week. He reports
 that Preston is forging right to the
 front. The contract has been let for
 the erection of a \$12,000 dance pavilion
 and a number of new brick business
 blocks will be erected this season. The
 Commercial Club, which was recently
 organized there, is doing much good for
 the town. Already the club has induced
 the Short Line to agree to erect a new
 depot there this year.

I. E. Duffin and family removed to
 Ogden Wednesday, Mr. Duffin having
 accepted a position as traveling sales-
 man for the Deseret Implement Com-
 pany of the Junction City. Mr. Duffin
 has been with the Studebaker Bros. Co.
 here for the past two years or more and
 has proved to be valuable employe.
 Being thoroughly familiar with the im-
 plement business, Mr. Duffin will no
 doubt make a success as a traveling
 salesman. His territory will embrace
 Idaho and Utah.

Work of Dog Poisoner.
 A number of valuable dogs were sent
 to dog heaven the past week by the
 poison route, and it is quite evident
 that the poison was put out by some one
 purposely. Among the dogs killed
 were Jim Coughlan's big New Found-
 land, Pete McDermott's hunting dog,
 and Henry Spidell's dog Tige. Of these
 three, Tige was probably the most high-
 ly prized. Although he was not a
 blooded dog, he was possessed of intel-
 ligence that was almost human and for
 aunting there wasn't a dog in the coun-
 ty that was better. He had been a
 member of the Spidell household since
 the days of his puphood, four years ago,
 and his death caused much sorrow and
 many tears in the Spidell home.
 We can think of no more cowardly or
 dastardly act than that of deliberately
 placing poison where it can be secured
 by dogs that are valuable and highly
 prized by the owners. It nearly al-
 ways happens that the valuable dogs
 are the ones that get to the poison first.
 Inasmuch as there is a law providing
 that a tax must be paid on dogs, it
 seems to us that dog poisoning ought
 to be made a crime, punishable by a
 heavy fine.

Episcopal Services.
 The hour of evening service at the
 Episcopal church has been changed to

 Pocatello, will possibly be present and
 preach at both services. All are wel-
 come. Special services of prayer in
 commemoration of the Savior's passion
 and crucifixion will be held next
 Wednesday and Good Friday at 7:30 p.
 m.
