THAT TRIANGLE.

And after all these months we still have the triangle with all its decorations (?). We want the triangle, all right, but how we long to see the debris cleared away! But, why be in a hurry? The owners of those shacks are not worrying.

IMPORTANT ORDINANCE.

The sweet (?) fragrance of the neighbor's corral is soon to leave us for good. The city fathers the other day passed an ordinance prohibiting persons from maintaining within certain prescribed limits of the city, corrals, barns, sheds, etc., where two or more cows are kept, and also makes it compulsory to keep thoroughly clean all places within the prescribed limits where less than two critters are kept.

The new ruling may work a hardship temporarily on a few, but all the rest of us will enjoy more fragrant surroundings.

GOVERNMENT TRUCKS.

We are informed that the government still has a large number of trucks on hand. Many communities all over the country have been furnished trucks for their highway departments, and if Bear Lake county is entitled to an allotment, the officials should certainly get them. A great saving in road work could be effected by the use of trucks in hauling good road material, which is now too far away to haul by team, and a more efficient system could be inaugurated. Why not the city of Montpelier also put in a bid for a government truck?

THE CITY ELECTION.

The time is drawing near when the people of Montpelier will assemble in either mass or party convention to nominate men for the mayorship and councilmanic positions to be voted for April 26. This is one of the most important matters to be presented to the citizens of Montpelier this year, and there should not be a lack of interest in performing the important duties incident to selecting men to whom we can turn over the reins of municipal government.

Mayor Hoff has stated definitely that he will not be a candidate for re-election. The mayor feels that he has rendered good service to the city during the past two years, so it is up to the citizens to get busy and select another able man to guide the destinies of this growing commonwealth.

With much important public work to be done during the coming year, the position of mayor is one that should be filled by the ablest man in the city, and he should have as his assistants the most capable men to serve in the council.

Nominations are now in order.

CHURCH MEMBERS DONATE \$109,834 TO STARVATION FUND

Two big checks sent east will show a remarkable result of the Fast day drive undertaken Jan. 23 by the Church for the benefit of starving children of Europe. The returns of the drive were completed today and show donations from all but one ward of the church. The total receipts are \$109,834.42. Of this amount Utah Church members contributed \$81,886.44, which includes a donation of \$4,230.28 given by the Primary association.

Statistics show that it took \$50,000 to powder the noses of the women of America last year. But it was worth it.
