## 'I'M THRU-ENZA' GERM MAKES DEBUT

With the cessation of hostilities the Red Cross is called upon to combat a new epidemic, originating this time within its own ranks. The affliction is known as "I'm thru-enza."

The initial symptom is a sense of lassitude—a feeling of "What's the use? It's all over. Why should I work?" Steps are being taken to isolate the germ—also those who are carrying it.

The epidemic is not widespread; nevertheless an effort is being made to stem its advance. "Cold feet" is a marked symptom.

Another indication of the presence of the germ is forgetfulness (that the boys are still over there.)

The victim, as a rule, cannot concentrate the mind [on the knitting].

The sight becomes impaired [can't see to sew.]

The ears become affected [can't hear the appeals of hundreds of thousands of refugees who must be clothed, fed and housed.]

Heart doesn't beat as it used to, and in advanced stage that organ apparently turns to stone.

A vaccine consisting of equal parts of tincture of I won't quit and Red Cross spirits, a dash of patriotism and a peck of pep is effective.

The people of Oakley are asked to co-operate in destroying the "I'm Thru-enza" germ.

Read the Red Cross appeals in the space generously contributed by the business men of Oakley—then act.

Let's make it unanimous.

## BOULDER

Sgt. P. A. Nelson has returned home from the service. Sgt. Nelson is the son of Mr. and Mrs. H. P. Nelson.

Jack Belcher was up from Burley this week.

Mr. and Mrs. Albert Anderson have made several business trips to their ranch lately.

Mrs. H. P. Nelson, and son, Lloyd, have been visiting friends and relatives at Heyburn, and report that the flu situation is very much improved.

## Oakley Boy Writes From France

A letter was received this week from Parley Koch, who has been in active service in France with the 146 Field Artillery. According to this letter, the regiment has been moved some distance back of the old front.

Parley said that all the Oakley boys in his regiment are prospering and in good health. He wrote that he expects to be back home in time to help plant the crops next spring.

The Burley Sugar Factory is now running full blast. Many beets are being shipped in from Utah points. The flu epidemic has prevented many of the Utah factories from operating this season.

Burley had a jail delivery Sunday morning. Several convicts incarcerated in the city jail beat up a guard and made a sensational dash for liberty, after stealing a car from the street near by. They were captured later.

Mrs. Earl Card, who moved from Oakley to Nampa several years ago, died at Nampa this week from influenza. The burial was held at Oakley Tuesday. Mr. Card has been in military service in France, but is expected back soon.

## RED CROSS WEEK

The government has designated Dec. 16 to 21, as enrollment week for the Red Cross, during which each resident in the United States is expected to pay One dollar for membership for 1919, or they may pay one dollar, whether they want membership or not. As far as possible, Red Cross workers have called at the homes of the people in this district, but they could not see them all, therefore we urge those who have not already done so, to send or give a dollar to some Red Cross worker before the end of the week. It is designed that the funds thus contributed will maintain the work of this charitable organization for the year 1919, and that no other calls will be made.

## IDAHO BUDGET

The will of James E. Williamson, who died in California, was filed in the probate court at Boise, naming the widow as executrix.

With a bullet from a .38-caliber revolver through his brain and with the gun lying at his feet, members of his family Sunday morning discovered the body of Curtis E. Holderman, owner of extensive land interests, dead in his bed at his ranch, 12 miles southeast of Twin Falls.

The local draft board at Boise has been notified that the time originally set for the sealing of its records has been extended from December 10 to December 21. Chairman Edwin Harrington says he is also sending out several questionnaires to men who have recently arrived in Boise from Canada.

All but eight of the 56 Ada county schools have been reopened after having closed down on account of influenza. Eighteen more opened Monday. Only one-third of the students attended the first sessions of the Eagle school Monday, the county superintendent's office was informed. Attendance in most of the schools, however, is above normal.

Echoes of the age-old economic battle between the homesteader and the cattleman were heard last week at Boise in a contest brought before the state land board by Archie T. Winter, John Winter and Thomas N. Lynch, homesteaders, to obtain cancellation of a grazing lease held by George W. Hammond and F. M. Gondingo on lands in Elmore county, which the protesters claimed surrounded watering places vitally necessary to them as homesteaders and owners of small herds of cattle.

Cancellation of all former notices advertising lands of the Idaho Irrigation company in Lincoln and Gooding counties as being open for entry, and publication of a notice that the Carey project of the company no longer contains lands subject to entry, was ordered by the state land board as an aftermath of a recent decision by the state supreme court that so long as notices of availability of water were outstanding, entries must be accepted, regardless of the water supply on the project. W. T. Dougherty, secretary of the state and C. Van Dusen, auditor, voted against the motion, which was offered by T. A. Walters, attorney general.

Permission to move its shops and offices to Weiser from New Meadows, the present headquarters, has been granted the Pacific & Idaho Northern railway by the public utilities commission.

Idaho Farmers in the Snake river valley have an opportunity to make bids on 2400 tons of hay for the government, to be delivered at tide water at Seattle and Tacoma, according to O. O. Hagel, chairman of Boise committee of the war resources board.

Doctors report that there are no cases of Spanish influenza in Meridian. The last quarantine sign was removed Thursday morning. Churches and picture shows were given permission to open the first week, but decided to remain closed voluntarily.

The Red Cross will probably conduct no further campaigns for great funds, according to E. H. Dewey, Idaho chairman for Red Cross Christmas Roll Call, but the Christmas roll call is expected to bring millions of dollars into the treasury, though costing each individual only \$1.

Governor-elect D. W. Davis has announced that he will probably leave December 11 for the conference of governors and governors-elect to be held December 18 at Annapolis or Washington, D. C. After his return a conference of Republican leaders to discuss appointments will probably be held.

Passengers traveling in Idaho on the Oregon Short Line have been well protected during the epidemic of influenza, which is still prevalent in many parts of the state. The Short Line has operated a fully equipped hospital car over its lines on the west end as far as Boise. The car at first was in charge of two professional nurses, and the company's physicians at the various stations along the line are subject to call to board the car at any time it passes their station. Since the epidemic eased up there has been no necessity for two nurses, and at present one nurse is in charge. A regular day coach is used, the seats having been partially removed and replaced with beds. The car has handled about sixty cases of influenza without one loss on board.

"The closing of the war will add to the teacher supply," says Miss Ethel E. Redfield, superintendent of public instruction, in a letter to the county superintendents. "County superintendents will have many applications, so let us work harder than ever for higher and better professional standards." Miss Redfield called particular attention to the fact that now it would be possible to have only certificated teachers in Idaho schools.

Suits to order. C. Dahlquist, the Tailor.

## WAR HISTORY OF IDAHO SAILORS AND SOLDIERS

The parents or other relatives of all Idaho men, or boys, who have gone into the war service, military or marine, volunteers, drafted, are asked to send for, or call at the local Red Cross Rooms and get a card for the individual record of each person who has entered the service of the government. This card should be carefully filled out and returned to the Red Cross Room or to the undersigned at once, that they may be sent to Boise to become a part of Idaho's war record.

MRS. TINE E. JACK

## ORDINANCE NUMBER 94

By W. T. HARRER

An ordinance to provide against the spread of Spanish influenza, providing the time for the opening and closing of business houses, closing pool halls, picture shows, and other places of public assemblies, making other regulations to prevent the spread of the above named infectious disease, providing a time when this ordinance shall take effect, and providing a punishment for violations hereof.

BE IT ORDAINED by the Chairman and Board of Trustees of the Village of Oakley, Idaho:

WHEREAS there are a number of cases of Spanish influenza among the residents of the Village of Oakley, Idaho; and

WHEREAS it has been, and is deemed necessary, in order to prevent the further spread of the above named infectious disease, that certain regulations be adopted and enforced; and

WHEREAS immediate action is required to protect the health of the people of the said Village against the spread of the said disease; now therefore

Be it ordained by the Chairman and Board of Trustees of the Village of Oakley, Idaho:

Section One. From and after the passage and taking effect of this ordinance the following regulations shall be observed and enforced within the limits of the Village of Oakley, Idaho:

First. All school, meetings, and all other public assemblies are hereby prohibited.

Second. All pool and billiard halls, moving picture shows, theatres and all other places of public amusement are hereby closed and all operations shall be suspended.

Third. All stores and business establishments of all kinds shall be closed and all business suspended on and after 6 o'clock p. m. of each and every day, and shall remain closed until the following morning at 7 o'clock, provided that nothing herein shall prevent the filling of prescriptions at any time by drug stores of duly licensed physicians.

Section Two. Any person violating any of the terms or provisions of this ordinance, shall in conviction thereof, be fined in any sum not exceeding \$100, together with costs of suit. And upon failure to pay such fine and costs, shall be imprisoned in the Village jail at hard labor until such fine and costs shall be paid, allowing \$2 for every day so imprisoned.

Section Three. This ordinance shall be in force and effect from and after its passage, approval and the proclamation of the Chairman of the Board of Trustees thereof duly issued, as provided by law.

Passed and approved this 11th day of December, A. D. 1918.

W. C. WHITTLE

Chairman of the Board of Trustees

Attest:  
C. G. LARSON, Clerk.
