FALSE CHINCH BUG SHOULD BE CHECKED

BELOW WILL BE FOUND A FORMULA FOR EXTINCTION OF FALSE CHINCH BUG.

STRAWBERRIES, RASPBERRIES

BY CLAUDE WAKELAND, ENTOMOLOGIST OF THE UNIVERSITY OF IDAHO.

Numerous reports are being received from all parts of Idaho concerning the great abundance of false chinch bugs and the injury they are doing. Reports indicate that they are most injurious to strawberries, raspberries and potatoes, although they are found on practically all green cultivated plants and on weeds. They are sucking insects and extract the sap from plants by inserting their beaks. Injured plants are checked in growth or wilt or curl. It is supposed that the insects insert a poison with their beaks which occasions the severe injury they are capable of doing.

At times they cluster in large numbers on raspberry or strawberry fruits and berries so attacked remain small and misshapen. Affected potatoes leaves curl and wilt and the vitality of the entire plant is soon effected.

The adult false chinch bug has a gray body which is darker beneath and the rear portion of which is covered by the light gray wings. It is about 1-20 inch in length and half as broad as long. The young are wingless, more robust and are characterized by the more reddish color, especially on the front part of the body.

These insects feed naturally on such common weeds as pepper grass, Russian thistle and sage brush, especially in the young forms. They occur generally throughout Idaho, but become numerous only on certain years. The most important preventive steps are to destroy all weeds and to practice thorough, clean cultivating.

Both adults and nymphs of the false chinch bug can be killed by spraying them with a solution of one pound of soap in ten gallons of water to which is added nicotine sulphate at the rate of one part to 1000 parts water, or 12 1-2 teaspoonsful to 10 gallons of water. The spray must come in contact with the insects to kill them and the need of thoroughness cannot be over-emphasized. Best results are obtained by making spray applications in the early morning while the insects are less active, or during cool damp days.

A very fine mist spray with abundant pressure is best and should be directed sideways as well as downward in the rows. When injury is extremely severe and relief is expected at once, the use of nicotine sulphate spray alone. Where this combination is used, add 12 1-2 teaspoonfuls of nicotine sulphate to each 10 gallons of 4-5-50 Borden mixture. This combination both kills the insects it touches and serves to repel them so they will not remain on the plants. Upon request, the Bingham County Agricultural Agent will furnish necessary instructions for preparing Borden mixture. It is not expensive and is easy to make. When nicotine sulphate and Borden mixture are used in combination the soap must not be added.

Dr. and Mrs. W. E. Patrie returned Wednesday from the Jackson Hole country, where Mrs. Patrie was injured by the glass in the windshield of the doctor's car when the doctor, who was driving slowly along an unused road with weeds growing in the center, struck a stump, throwing Mrs. Patrie against the windshield. Mrs. Patrie suffered a deep cut on the lower jaw. An X-ray photo was taken this morning to see whether the bone had been fractured. The many friends of the family hope for an immediate recovery.

Modernized.

CHRISTIAN CHURCHES TO MEET AT BLACKFOOT

Union Meeting of the Christian Churches of Idaho Falls and Pocatello will be held at Blackfoot next Sunday, July 30th, through the kind invitation of the Baptist Church to hold the services there. The morning service and the Sunday School will be held in the Baptist church. The dinner and afternoon service will be held in the City Park. The Sunday School will meet at 10 o'clock and the Communion service at 11 o'clock and the morning sermon at 11:30. The subject will be "Loyalty to Christ and His Church in Christian Living." Everybody bring well filled baskets and we will all eat our dinners together in the City Park. The afternoon service will be about 2:30 or 3 o'clock. The subject of the sermon in the afternoon will be "The Glorious Church." All former members of the Christian Church and friends are cordially invited and urged to meet with us. We hope to make this a very profitable day to all in attendance. Idaho Falls was successful in running ahead of Pocatello in the contest, and Pocatello will furnish the ice cream for the day. The churches at Idaho Falls and Pocatello have made splendid progress during the last year and it will be a very happy thing for them to meet together. All friends invited. "Come thou to us and we will do thee good." J. ELLIOTT SLIMP, Pastor.

U. S. VETERANS' BUREAU.

Because of the fact that the five year period given disabled World War Veterans for filing compensation claims has nearly expired in many instances, disabled former service people of this city were urged today to secure certificates of injury from the United States Veterans' Bureau before August 9 by S. F. Evans, manager of the government agency here. In case a slight disability not compensable now becomes aggravated after the five-year from discharge limit, the certificate of injury which must be secured before August 9 will make it possible for the veteran to make application for government compensation, he stated. The local office of the bureau will assist veterans in securing this important certificate, it was stated.

"For instance," stated Mr. Evans, "a man was discharged from the army or navy December 1, 1917, and filed claim for compensation December 15, 1922. His claim must necessarily be disallowed because he failed to apply for compensation within the five-year period unless he has a certificate of injury which he must get before August 9. The Veterans' Bureau is eager to have every veteran know the rulings on this important matter in order that no former service man or woman will lose his or her right to make application for government compensation because of failure to secure this certificate of injury within the short time allowed."

T. B. DALY
BLACKFOOT
Candidate for Nomination for
SHERIFF

Republican Ticket
Mr. Daly has had nearly two years experience as Deputy Sheriff of Bingham County, and is now Police Officer for the City of Blackfoot.

He invites you to investigate his reputation, and your support will be highly appreciated. adv.

ROYAL M. JEPPESON
Blackfoot, R. F. D. No. 3
Candidate for Position of
CLERK, AUDITOR AND RECORDER
Republican Ticket

If nominated and elected I pledge the people of this county an economical and efficient administration of the Clerk's Office.

I believe I understand the needs of that department, having had some prior experience in such an office, and am in favor of adopting a budget system in Bingham County. adv.

W. D. RISHEL FAVORS BLACKFOOT

FOR ITS EXCELLENT FREE CAMPING GROUNDS, HOTELS AND GARAGES.

DIRECT YELLOWSTONE TOURISTS

TO STOP AT BLACKFOOT'S CAMP. HAS THE FRIENDLIEST FEELING FOR BLACKFOOT.

W. D. Rishel, of Salt Lake Touring Bureau tells why he favors the Blackfoot Park in directing tourists to the Yellowstone. Mr. Rishel has been criticized for his attitude towards Blackfoot's Free Camp Grounds. His answer as well as the letter from the Pocatello Chamber of Commerce we are printing below:

The City of Opportunities
POCATELLO CHAMBER OF COMMERCE, POCATELLO, IDAHO.
July 13th, 1922.

Mr. W. D. Rishel,
Utah Automobile Ass'n.,
Newhouse Hotel,
Salt Lake City, Utah.

Dear Sir:—
It has come to our attention that in informing tourists of the parks between Salt Lake City and Yellowstone National Park, that you are advising them all to stop at Blackfoot.

We feel that this is a matter we should call to your attention, inasmuch as the Blackfoot Tourist's Park is unquestionably the one offering the best facilities to tourists that comes within the area that would be selected for an all night's stop.

And in full fairness, we want to say that we can assume only one attitude regarding that information, and that is, "that we commend you for giving the tourists this information." We do this even in face of our personal desire that we would like very much to have these cars remain over in Pocatello. Otherwise we have nothing further to say at this time.

Yours very truly,
(Signed) F. C. McGOWAN, President.

July 22, 1922.

Mr. F. C. McGowan, Pres.,
Chamber of Commerce,
Pocatello, Idaho.

Dear Sir:—
Your letter of July 13th received on my return trip from Jackson Hole. Am pleased to receive Pocatello's approval through yourself of my advising tourists to stop at Blackfoot.

Blackfoot is a splendid little city—they have a splendid camp ground, a fine hotel and excellent garage and repair shop facilities. I am therefore only doing my duty to the tourist when I give them these facts.

In addition—Blackfoot's attitude toward myself has always been one of friendship and is at present. As I am only human, I appreciate this attitude and friendship and always try to repay same in the most substantial way I can—that is, to recommend Blackfoot when and wherever I can as a good town to stop at on the way to and from the Yellowstone Park.

W. D. RISHEL,
Manager Touring Bureau.

JUDGE MORGAN TO SPEAK.

Judge Morgan, former Chief Justice of the Idaho Supreme Court, arrived in Blackfoot today. He was a guest at the Kiwanis club luncheon today and delivered a short address to the members. Tonight at the Court House, Judge Morgan will address the voters of this city and county. The judge is one of the state's gifted orators. The public is invited to this evening's meeting.

NOTICE.

There will be a meeting of the Progressive Party at the Court House, Saturday, July 29, at 2 p. m., for the purpose of perfecting the organization and discussing any other matter that may be of interest to the party. Everyone who is a Progressive in Bingham County is invited to attend. By order of Committee.

E. A. DOUD, Chairman,
JAMES PENDLEBURY, Sec'y.
