TO RETAIN POSITIONS

ABERNATHY AND PORTER WILL CONTINUE AS MARSHALS.

President Pleased With Records of Noted Wolf Catcher and of Cowboy-How Former Secured His Job.

Guthrie, Ok.-The good records as wolf catcher and cowboy that first se-cured for John R. Abernathy and Grosvenor A. Porter their positions as United States marshals have proved sufficient to retain for them these positions after statehood. Both men came into these positions untried, but both have had clean records, and recently in Washington were both assured by President Roose velt that they would be reappointed,

JOHN R. ABERNATHY. (Wolf Hunter Who Will Retain Job as Federal Marshal.)

Abernathy for the western or Oklahoma district for the new state, and Por ter for the eastern or Indian territory

It was while on a lobo wolf hunting trip in the "big pasture" in southwest-ern Oklahoma that President Roosevelt first met John Abernathy. The hunting trip had been engineered by Colonel Cecil Lyon of Texas and at the suggestion of President Roosevelt that some good man be procured to

look after the details of the trip Col onel Lyon recommended "a hunter by the name of Abernathy living down in Oklahoma, who with his hands could catch the lobo alive."

This description pleased the presi-

dent and instructions were given to secure Abernathy's services for the occasion. This was done and Mr. Abernathy arranged the details for the hunt in the "pasture." To the president's delight Mr. Abernathy per-formed the feat of catching a lobo wolf alive with his bare hands.

The week's hunts in the "pasture" were very successful, the president was highly pleased and as a result Mr. Abernathy was later appointed United States marshal for Oklahoma, a position that pays an annual salary of \$5,000.

Following the appointment of Abernathy as marshal the facts of his exploits as a hunter and trapper were published widely, not only in the United States, but even in England France and Germany.

"Grove" Porter, a youth attending the St. Paul military school at Garden City, L. I., caught the cowboy fever as a result of the tales of adventure that drifted back to civilization in connection with the cowboy experiences of Theodore Roosevelt, at that time in the West.

The disease proved incurable as far as Porter was concerned and he went to Cheyenne, Wyo., a tenderfoot and at a time, too, when it took nerve for tenderfoot to remain in that lo-

Preparations for another dash toward the pole have been well under way all winter, but Commander Peary and his associates of the Peary Arctic club have been keeping secret their action, as it was felt that it would be a breach of courtesy, if not of discipline, for the naval officer to announce his voyage until his superiors made at possible by their approval. order granting the leave of absence stipulates that the time is to be devoted to arctic exploration.

Funds necessary for the next trip to the pole have not been obtained in adequate quantity, but it is stated that there is no uneasiness as to that Morris K. Stern Laws of Business Come First, Says Austrian Court.

An interesting case at law, which centered on the observance of an old Jewish custom, was decided in Vienna can Israelite, discharged a clerk on ac count of neglect of duty. Among the charges against him was that he came to the store late in the morning be-cause he attended service at the synagogue in order to say Kaddishprayer for the dead—for his father. The clerk argued that it was his privilege and his duty to say the prayer for his departed father, while the merchant, who was also a religious man maintained that "if Moses had known that a man had to pay 8,000 gulden a year rent he would have made differ-ent laws." The judge would not allow such an argument, but decided in fa-vor of the merchant, "because the daily attendance at the synagogue could not be considered the right of the clerk without the consent of the employer.'

FAMILY'S SKIN TROUBLES.

Eczema, Heat Rash, and Scalp Affections Afflict Different Members, But Cuticura Cures Them.

"My wife had eczema for five or six years. It was on her face and would come and go. We thought we would give the Cuticura Remedies a trial. We did so and she has never had a sign of eczema for four years. I myself used Cuticura Soap and Cuticura Ointment some time ago for falling hair. I now have a very heavy head of hair. We used Cuticura Remedies for our baby, who was nearly bald when young. She has very nice hair now. She is very fleshy, and we had so much trouble with heat that we would bathe her with Cuticura Soap and then apply Cuticura Ointment, it would dry the heat up so much quicker than any thing else.
