## SCHOOL BOARD LETS CONTRACTS

### Bids on Building Vary Greatly, With Winning Bid Very Low.

A. White of Twin Falls, Gets  
Contract for Building, Berry  
& Swank the Plumbing.

The school board pursuant to the call for bids on the construction of the new \$60000 school building opened the bids on Monday evening of this week and awarded the contracts. The bids on the building were rather surprising inasmuch as they varied greatly in the totals, the bid receiving the award being about ten thousand dollars lower than the highest bidder. Instead of the contract being let as a whole it was let in four bids: excavation already let and finished; heating; plumbing, and the building proper and in every case a large number of bids were received together with the certified checks required by the board.

The building was awarded to A. White of this city, formerly in business with Paul Kartze of Burley, at \$3,800. Mr. White is now in the city and will push the work as fast as possible. Fitch Ball will be superintendent of the construction and has been in conference with the contractor this week.

The plumbing went to Berry & Swank of Twin Falls for \$3,725 which pleases the citizens in that a Twin Falls firm gets a slice of the money.

W. J. McPherson company of Portland, Oregon received the contract for the heating, the price being \$5250.

The board endeavored to get the very best result from the bids possible and have full protected the district with regards to the class of workmanship put into the construction and they are to be congratulated upon the figures at which the work was let.

Wanted the address of a good building contractor. Edw. Andrew, Caribell, Ida.

Zamona violin recital Fridsy evening at High school. Seats \$1.00.

wish them a safe journey and a pleasant home among their new surroundings.

N. F. Munger is putting in a number of fine cisterns in and around Hansen.

Mrs. Arthur Babcock who has been suffering from an attack of typhoid pneumonia is convalescent.

R. H. Taylor was called east last week by the serious illness of a brother.

Rev. W. H. Bowler preached at the school house on Monday evening.

## NEW SEWERAGE AREA VOTED

### City Council Vote to Put in Sewer District Number Two.

Estimates of Probable Cost set at \$55,000--District Will Cover all Outside of District 1.

The city council at a meeting held Monday evening unanimously voted to proceed with the laying out of a lateral sewer district. The plans for the sewer have been under discussion for some time and a committee of the council have been investigating and making estimates of the expense. At the meeting last Monday night the committee reported the expense to be about \$55,000.

H. T. Shurtliff, a pioneer of Utah, and a prominent citizen of Salt Lake county, died at his residence, 3675 South Fifth East, in Mill Creek district at 6:30 o'clock Sunday morning of nephritis, aged 68 years.

Mr. Shurtliff came to Utah with his parents in 1849. When he attained manhood he married and settled upon the farm where he died, and upon which, with the exception of a brief residence in Rush valley, he has since lived.

He was one of the first subscribers to the Salt Lake Tribune and during the years it has been printed it was a regular visitor to the Shurtliff home.

He was a member of the Constitutional convention and the office of supervisor of highways were the only offices he ever held. He was a good citizen and the world is better that he lived. He leaves a widow and six children, the latter all grown. They are H. S. Shurtliff, guard at the Utah penitentiary; E. D. and Arthur E. Shurtliff, who are in Twin Falls, Ida., L. R. Shurtliff, clerk of the Idaho hotel at Boise; Mrs. Nellie Shurtliff Morgan, of La Belle, Idaho, and Mrs. Charles Bell, of Mill Creek.—Salt Lake Tribune.

### TAKE RUPERT BY STORM.

The members of the Pythian Dramatic club are very enthusiastic in their praise of the hospitality of the Rupert people, who not only packed the opera house and generously and heartily applauded the club, but after the drama had been presented, invited the club to a reception and banquet, and in fact gave them the very best kind of a time from the minute they reached Rupert until they took their departure the next day.

## IN HONOR OF THE TRACT'S PATRON

### Celebrtion Planned for Next Tuesday for F. H.

Buhl Day as Planned by the Commercial Club to be With any Ostentation

Upon learning that F. H. Sharon, Pennsylvania was to visit Twin Falls the coming week, the members of the Commercial club thought it a fitting time to express in some way their regard for Mr. Buhl. Mr. Buhl is held by the settlers as the patron of the tract. While it is the desire to make the celebration general one on the tract, yet out of respect for Mr. Buhl's well-known dislike of play and ostentation the day will be given solely to a quiet meeting in all may have an opportunity of acquainted with the man who has made possible by his money the opening of many homes on this tract.

Mr. Buhl will arrive on Sunday and will be busy all day Monday with business, but on Tuesday the people over the tract are invited to come to Twin Falls and help to show Mr. Buhl that we are not ungrateful for the amount of good he has accomplished on the tract.

The committee on entertainment, Messrs. A. N. Sprague, F. E. Chamberlain, E. M. Sweetley, C. H. Mull and H. H. Seebeck have mapped out the following simple form of entertainment for the day, feeling that it would be more acceptable to the guest of honor than an elaborate banquet and talk feast. In the afternoon from four o'clock on, the men will meet Mr. Buhl in an impromptu smoker at the K. P. hall, and all long speeches will be barred. In the evening from eight until 9:30 the ladies and gentlemen will mingle in a social time at the K. P. hall where young and old will have a chance to meet Mr. Buhl. Light refreshments will be served during the evening.

The entertainment committee has passed the advertisement of the day over to the proper committee who will have posters and programs sent out to every town on the tract. If possible the railroad will be asked to arrange for special trains in both directions in order that the people may reach Twin Falls and return home the same day.

### Lost.
