

A QUESTION OF PLACE

HAVE you ever tried to find out what was the greatest service you could get out of \$15 in a suit or overcoat? Of course, you can get them from any kind of a clothier, but the point we would make is how good a suit can you get for this amount, and how much difference will you find between offerings of two or more stores. We are so well fortified in our line for \$15, that we can well ask this question, and suggest comparisons. \$15 buys a mighty good suit of clothes if you get it at the right place, and if the clothes are of the right make. We know exactly whereof we speak when we say that for this amount we give you values equal in every respect to such clothes as would be offered for \$18 and \$20 elsewhere. You will find one of ours at this figure full or style, first-class materials and A1 workmanship.

handling lumber from this yard. Note how he seems to get along so much faster and better. There is a reason.

He doesn't have to stop to pick out a good board or beam. Doesn't have to figure how to get around a soft spot or an ugly knot. Our lumber makes it unnecessary. Thus he saves time and money.

News of the death of Mrs. George Wisely at Laredo Texas was received with surprise by the many friends in Twin Falls of the deceased; The death notice is the only information available at present and merely tells of her death on the 23rd of this month. While a great many have wondered at Carl Meigs long absence in the east yet few ever thought for a moment that he would go and get married and for that reason nearly all of his friends were surprised to get announcements of his marriage to Miss Louise Dorow, of Ann Arbor Michigan. The wedding was solemnized on Easter Sunday, April 19th at the home of the brides parents Mr. and Mrs. William Dorow. Mr. and Mrs. Meigs started immediately for the west and reached Twin Falls on Saturday where they will be at home their friends after July first. While Mrs. Meigs is a stranger to Twin Falls and its people, there is no doubt that the hospitality of this city will soon make her feel as one of the old timers. Carl chased jack rabbits with the rest of the pioneers and to vouch for his standing in the community is unnecessary where every man is his friend and admires him for his manly character and business ability. The Times extends congratulation to the bridal couple.

The Milwaukee road is making great time in its effort to reach the coast and have their line into Butte, Montana at present, and may be able to send out a branch from there to strike the coast at Coos Bay if the territory will support the venture.
