COW TESTERS TO MEET ON MONDAY

Gathering To Be Held At The Kunze Factory

AUTOS TO BE PROVIDED FOR THOSE INTERESTED.

Noted Speakers Will Attend—Hope Expressed That Membership Will Be Doubled.

A meeting of the Buhl Pioneer Cow-testing association to which everybody interested in kind is invited, will be held at the cheese factory of Gustav Kunze Monday evening for the purpose of discussing the question of doubling the membership of the association and securing the services of an additional tester. County Agent W. N. Birch is trying to get everyone who has an auto and is interested, to go and bring his folks and to get everyone who has spare room in his car to take neighbors who are interested. He also suggests that if those who have no means of going will communicate with him, he will try to furnish means of getting to the ground. It is believed by Mr. Birch and by O. T. Foster, the official tester, that the association can be doubled in membership immediately.

Professor E. V. Ellington of the university extension department, and W. E. Meyer and J. E. Dorman of Salt Lake City, who are connected with the United States agricultural department, will address the meeting while the members of the parent association will explain the result of a year's trial.

TWIN FALLS HANDS GAME TO BURLEY

Though Visitors Are Out-Hit, Locals Drop Game, Filled With Errors, Four to Two.

STANDING OF TEAMS.

	Won.	Lost.	Pct.
Twin Falls	8	2	.800
Jerome	7	3	.700
Rupert	6	4	.600
Burley	6	2	.600
Shoshone	3	7	.300
Kimberly	0	10	.000

Sunday was off-day for the Twin Falls team. The local boys out-hit the visiting team seven to five, made twice the number of errors, and dropped the game at the end of a somewhat disappointing nine innings, four to two. The loss of the game, however, does not greatly dim Twin Falls' chances at the leadership of the second series, for Jerome, her closest competitor for honors, went down to defeat at Rupert Sunday, three to two, which leaves Twin Falls still in first place. But to completely clinch a chance to play the post-series games with Shoshone, Twin Falls must capture the next game with Burley. If the local team loses and Jerome should win her game with Rupert next Sunday it will be necessary to play off the tie between Twin Falls and Jerome before the post-series can be played.

Though the playing in Sunday's game was ragged, no scoring was done by either side until the seventh inning. Burley tallied one and came back for three more in the eighth. Twin Falls began showing signs of life in the eighth, and brought in a single run, repeating it in the ninth but the rally was too late and Burley was given the game.

Considerable interest should be manifested in the games scheduled for the coming Sunday. Twin Falls plays on the Rupert diamond and a good game is assured. A local victory puts Twin Falls in the finals and it is expected that a good crowd will accompany the team to Rupert to help capture the game.

The box score follows:

THOMAS A. EDISON WILL WORK AND VOTE FOR WILSON

Saratoga, N. Y.—Thomas A. Edison, the electrical wizard, Republican supporter of Theodore Roosevelt for the presidential nomination, today announced that he would vote and work for Woodrow Wilson. He said:

"Not since 1860 has any campaign made such a direct call on simon-pure Americanism. The times are too serious to talk or think in terms of Republicanism or Democracy. Real Americans must drop parties and get down to big fundamental principles."

"More than any other president in my memory Woodrow Wilson has been faced by a succession of tremendous problems, any one of which decided the wrong way would have had disastrous consequences. Wilson's decisions so far have not got us into any serious trouble, nor are they likely to. He has given us peace with honor. Hughes' talk about the United States being despised is nonsense. Neutrality is a mighty trying policy, but back of it are international law, the rights of humanity and the future of civilization."

"Roosevelt was my choice. He has had experience and is one of the best of Americans, but the machine-controlled Republican party would not have him. Therefore I am for Woodrow Wilson."

REPUBLICANS FRET OVER POLITICS

(Continued from page 1.)

ous boards through which the state is governed.

Another body blow was delivered to Republican hopes of success in Idaho when the state board of equalization fixed the tax levy for state purposes for the year 1916, at \$565,000. The levy under the second year of the Haines' administration provided for raising \$900,000. The total tax levied during the two years of the Haines' administration for current expense purposes was \$1,800,000 as against the total levy for the same purposes under the Alexander administration of \$1,265,000. This shows a reduction in state taxes under the Alexander administration of \$535,000. Here is one saving that no amount of explanation that may be made by the Republicans and no amount of opposition which they may urge against Governor Alexander can brush aside. It represents that amount of money actually saved and left in the pockets of the people by reason of Governor Alexander's election two years ago. This, however, does not represent the entire saving of the Alexander administration. His veto of appropriation bills saved in addition to this \$267,000. The amount of money raised for state purposes has also paid approximately \$350,000 of what is commonly known as floating indebtedness. A floating indebtedness in Idaho means that warrants are drawn against the general fund in payment of expenses of administration, whether there is money on hand to meet these warrants or not. At the close of the Haines' administration, there were outstanding approximately \$350,000 worth of such warrants without funds to meet them. These warrants have been taken up and paid under the Alexander administration and it is now believed he will be able to end the current year without the issuance of any warrants which there is not equivalent money in the treasury to meet. The Alexander administration has also paid off more than \$350,000 indebtedness of the state.

SOCIALISTS BUSY AND SAY THEY WILL COMPROMISE WITH NONE

The Socialists are already working in the county campaign and say that while diverted so much by the county division fight two years ago that they lost their standing on the primary ballot, they will not run after false gods again, but will "vote 'er straight."

H. H. Freedheim says that a suggestion has been made for some sort of compromise on part of the county ticket, but whether authorized, or by whom made or for whom made, he has not learned, but adds that no compromise will be thought of.

The Kimberly local reports forty-eight members. It will meet again at the M. E. Eden home on September 20.

WILSON BROTHERS TO OPEN ON SATURDAY

Music and Refreshments Will Be Features of First Day in Commodious New Store in Kimberly.

With sweet music and toothsome refreshments, Wilson brothers will entertain their guests at the grand opening Saturday in the splendid new store building in Kimberly. The opening will begin at 10 o'clock and continue throughout the day. The proprietors say that they will plan so that nothing will be lacking to make the guests comfortable. The ladies' rest room will be arranged so that women and children can enjoy themselves watching the crowd while resting after viewing the new store and new stock. The firm announces that it has decided to open with new and not with old goods, and that for that purpose has installed a complete line in every department, clothing for men and women and children, dry goods, groceries and other articles carried in a general store.

The commodious brick store itself has been previously described in THE TIMES, and with a new display of goods tastefully arranged and with the dainty decorations in the windows and throughout the building, it is planned to make the affair as pleasing to the eye, as to the ear and the taste.

The music for the occasion will be furnished by the Kimberly band.
