A CLEVELAND gentleman remarked yesterday that he never saw a fire better handled for the size of the department than that at the hinge factory last Saturday evening.

It was not Mrs. George Ellis who was engaged in the fight on the upper end of the Island, mentioned of which was made in yesterday's issue of the REGISTER, but another lady of a similar name.

A BRILLIANT OPENING.

The Wheeling Club formally opened last evening.

The formal opening of the Wheeling Club opened, last evening, in the shape of a full dress hop, and it was a brilliant success in every respect. The elegant apartments of the club in the handsome new Rogers' Block on Main street, were ablaze with light, and the beauty and chivalry of the town had assembled to enjoy the occasion to the utmost.

The guests began arriving as early as 8:30, and the commodious ball room was soon a scene of animation, as fair ladies and their escorts swept gracefully over the waxed floor to the strains of waltz or polka rendered in the Opera House orchestra's grandest style. As the guests arrived they were received by the members of the Executive Committee, assisted by members of the club and their lady friends.

Those who visited the club rooms for the first time, last evening, were profuse in their expressions of admiration of the handsome style in which the rooms have been fitted up, and the convenient and comfortable manner in which everything has been arranged, some time being spent in inspection.

After the reception of the guests, those who desired spent their time in the ball room, while others occupied the card tables, scattered throughout the reception room, and pleasantly awaited the time when conversation and whatever game best suited their fancy. The presence of many married folks was noticeable, and this is an indication that they have taken as much interest in the success of the club as the young members of society. It may be stated here that the ladies were especially well pleased with the roomy apartment set aside for their use, and they were lavish in their praise of its furnishings and comforts, as they could hardly feel more at ease in their own homes.

The orchestra never played better and the dance programme was a splendid one. The toilets of the ladies were very elegant and the waiters were all looking their best, and the evening was a most successful one.

After the dancing was resumed and continued until 2 o'clock this morning, when the assembly dissolved, each and every member highly delighted with the successful day and doing, and with the anticipations of other events as enjoyable, which anticipations will not be unrequited.

Quite a number of visitors to the city were present and all were delighted with the club rooms. The attendance was from 175 to 200, and it was undoubtedly the largest event of the kind occurring in the city for a long time.

FATAL ACCIDENT.

A Young Man Killed at Benwood, Early Last Evening.

About half past five o'clock last evening, George Neidermeyer was struck by a train at Benwood, and instantly killed.

Neidermeyer, who was but thirteen years of age, was returning home from work at the Riverside plant, and was walking on the track, as is the custom of too many of the people of our southern suburbs. His head was crushed, and one leg cut off, death resulting instantly.

Seibert's Garden.

I hereby announce to my friends and the public that Seibert's Garden is now open for the season. Fine tepid alleys and pool room. The best of refreshments constantly on hand. GEO. SEIBERT.

Frank McAdams Captured.

Officer William Carney yesterday evening picked up Frank McAdams, a fellow who escaped from the Penitentiary about a year ago, and has been looking for many a day. Several times McAdams has been within an inch of losing his liberty, but each time happened to slip through the fingers of the police, and by keeping close during the day and doing his morning about town during the night, managed to preserve his freedom. Last evening about six o'clock Carney heard that McAdams was in the vicinity of the brick kiln, east of the city, and going around nabbed him. He was confined at the lock-up, and the authorities at the Penitentiary notified. He will be taken to Moundsville this morning.

Housed from Inaction.

The precursor of their disease and destruction, the kidneys and bladder healthfully stimulated and toned with Hostetter's Stomach Bitters, actively resume their functions. This bright disease, diabetes, catarrh of the bladder, and those unmitigated and fiery stimulants, which used even in moderation, excite both the renal and vesical organs, this is the best possible substitute. It is of blood-purifying, digestive, and healthful in its action, and its use is of such a nature that it not only does not remedy inactivity of the kidneys, but renews a regular habit of body, and the secretion of healthy fluid of bile into the proper channels, and expels from the circulation all principles productive of rheumatism and gout. It is also the leading specific for malarial complaints.

A NOVEL DISCUSSION.

THAT TOOK PLACE IN THE "REGISTER" COUNTING ROOM YESTERDAY.

Rev. Mr. Dryden, Rev. Father Boutlou and Others Conduct an Able and Highly Interesting Argument.

The readers of the REGISTER are familiar with the interesting controversy that has been waged in its columns on the subject of "Transubstantiation," by Rev. Mr. DRYDEN on one side and Rev. Father McELLIOTT on the other. The argument between the distinguished disputants culminated yesterday in a somewhat remarkable conference in the REGISTER counting room, in which the learned gentlemen conducted a warm and highly interesting discussion of one of the points at issue. The discussion originated in a question of the authenticity of certain quotations from the Fathers of the Church, that appeared in Rev. DRYDEN'S published lecture. In this lecture the following passages occurred: "And now we shall cite some of the early fathers of the Church on the nature and end to the Holy Sacrament. We ask at attention first the testimony of St. Justin, who was by birth and religion a Greek. In the eighty-fifth chapter of his first apology he tells us how the Eucharist was celebrated in his time. His testimony is especially valuable because he wrote about fifty years after the death of St. John. He says after the words of consecration had been pronounced by the bishop, 'those who call deacons distribute to every one present to partake of this Eucharistic bread and wine and water and then they carry it to the absent.'"

Upon which Mr. Dryden made the following comment: "Now St. Justin tells us that after consecration the bread and wine were changed. It is evident that this father regarded them as emblems of Christ's broken body and shed blood."

The reversed gentleman then quoted, in the same authority, the following: "The bread of the Eucharist was a figure which Christ the Lord commanded to do in remembrance of his passion."

Rev. Father McEllogg took exception to the quotation of St. Justin, and said: "In his criticism of Rev. Dryden's lecture that appeared in the REGISTER of the following day, he spoke as follows: 'In the continuation of Rev. Mr. Dryden's sermon of last Sunday published in the REGISTER of to-day, he still quotes the Fathers against the doctrine of Transubstantiation. The first quotation he cites against our doctrine is from the 85th chapter of St. Justin, one of the earliest Apostolic Fathers of the Church. I have looked over and over again for the chapter referred to in St. Justin's first Apology, and I have not been able to find it. The truth is, Mr. Editor, there are only seventy-one chapters in that Father's first Apology, and in proof of this assertion, I will leave St. Justin's work at the REGISTER office, where it may be seen and perused by Rev. Mr. D. and his friends between the hours of two and five o'clock p. m. to-morrow.'"

Rev. Mr. Dryden replied, stating that a typographical error had made him quote the 85th chapter of St. Justin instead of the 65th, and further proclaiming his readiness to verify all his quotations from approved authorities. His communication to the REGISTER contained the following challenge: "And now in conclusion I ask Rev. Mr. McEllogg and all others interested in this subject to meet me at the REGISTER office to-morrow morning at 10 o'clock, and I shall be glad to verify the quotations I have made from the works of Justin, Tertullian, Cyril, Eusebius, Origen, Gelasius, Da Pin and others."

In response to this invitation there was a meeting of the vesting of clergymen, Catholic and Protestant, at the office of the REGISTER, yesterday afternoon. There were present besides the two gentlemen who have been carrying on the discussion, Rev. Father Schlipf, of the Catholic Church, Rev. Father Boutlou, of Moundsville, Rev. Wm. Uffert, of the German Lutheran Church, Prof. W. A. Myers, of New York, Rev. Mr. Jones, Presiding Elder of the M. E. Church, Rev. Mr. Grimes, of the Lutheran Church, and others. A considerable number of others, the business office of the REGISTER, where the gentlemen had gathered, being completely filled, while quite a large crowd had congregated upon the sidewalk in front of the office.

The authorities which Rev. Mr. Dryden desired should be examined were St. Justin, St. Cyril, Eusebius, Tertullian, Origen, Da Pin and others, and Mr. Dryden arrived at the office accompanied by a number of his friends, and the discussion began at once. The discussion was conducted in the most courteous and friendly manner, and the gentlemen who had gathered there, and who were all looking their best, and the evening was a most successful one.

After the discussion was resumed and continued until 2 o'clock this morning, when the assembly dissolved, each and every member highly delighted with the successful day and doing, and with the anticipations of other events as enjoyable, which anticipations will not be unrequited.

The case of the United States v. Frank Barker took up the whole of the time of this Court, yesterday. There will probably be a verdict to-day.

The following transfers of real estate were left for record at Clerk Hook's office, yesterday:

Deed made April 17, 1888, by George W. Lammons and wife to Frank Donaldson, for lot No. 17, in square No. 1, of the old Fair Grounds. Consideration, \$500.

A Pleasant Wedding.

There was a very elegant little wedding at the residence of Mr. Daniel Clemens, at Fulton, at eight o'clock last evening, the occasion being the wedding of his daughter, Miss Mary C. Clemens, to Mr. George W. Butler. The ceremony was performed by Rev. Galloway, of Triadelphia, and was witnessed by a large number of relatives and friends of the happy couple. After the ceremony a reception was held, and elegant refreshments were served by Mrs. W. Butler. The presents bestowed upon Mr. and Mrs. Butler were numerous and beautiful.

Minnie's Diamonds.

Minnie Palmer's diamonds, says a Toronto, Canada, paper; well, they would make the ladies of this town giddy if they got within eye sight of them. Necklaces, bracelets, earrings, solitaires and ornaments of all kind—they make a very large and very superb collection. Every one of them is a perfect jewel and has been selected for some peculiar excellence. The most valuable one is a solitaire called the "Glebe" and is the size of a large marble, and is valued at over \$100,000. It would require an expert to describe and classify all the stones and point out the beauties of their settings. Minnie is not selfish. She does not keep them locked up.
