In this preparation we have all the restorative properties
of the root, concentrated in their utmost strength and efficacy; but while Sarsaparılla Root forms an important part
of its combination, it is, at the same time, compounded with other vegetable remedies of great power, and it is in the peculiar combination and scientific manner of its prep aration, that its remarkable success in the cure of diseases depends. It acts simultaneously upon the stomach, the circulation and the concels; and thus three peocesses, which are ordinarily the result of three different kinds of medicine, are carried on at the same time, through the instrumentality of this one remedial agent, which gently stimu-lates while it disinfects and expels from the stomach and bowels all that is irritating, and at the same time restores their vigor and tone. Its great merit is, that it meets and neutralizes the active principle of disease itself, and when that is gone, the symptoms necessarily disappear; and we have only to point to the accumulated testimony of multi-tudes who have experienced its effects, to convince in-

credulity itself of its real value.

The Proprietors submit to the public the following certificate from a highly respectable source, of a cure made by using their preparation of Sarsaparilla:

tificate from a highly respectable source, of a cure made by using their preparation of Sarsaparilla:

Chatham, Mass, July 28, 1850.

Messrs. A. B. & D. Sands:

Gentlemen,—So truly valrable do I consider your Saparilla; that I tell it to be my duty to state for the between the consider that the same in the latter of others, the cure effected on myself. Previous to 1845, I had a disease of the throat, which destroyed the tonsils, and was then attacked with viocent pain in the head. This soon resulted in a severe infilmiation, and immense quantities or blood and matter were discharged. For six weeks the disease continued in the head, and then pervaded the body generally, attacking all the limbs. I was confined to a sick bed, from which I never expected to arise. Many physicians attended me, and the most skillul promounced me past cure. In short, tongue cannot express my sufferings; and in this condition I heard of your Sarsaparilla, purchased six botties, and renounced all other remedies. I did not expect to take all bought, so debilitated had my system become. Contrary to all expectation, my health almost immediately begen to improve, I was able to attend to my domestic duties, and soon could walk out, a thing I once thought would be impossible. Mygratinde I cannot express, feeling satisfied that nothing else could have reileved me of the misery and suffering I then endured I once thought would be impossible. Mygratinde I cannot express, leeling satisfied that nothing else could have reileved me of the misery and suffering I then endured I once thought would be impossible. ANOTHER REMARKABLE CURE. ANOTHER REMARKABLE CURE.

New York, Jan. 8, 1820.

Messrs. Sands.—Gentlemen.—I have great pleasure in acknowledging to you the great benefit I have received from the use of your Sarsaparilla. A subject of pulmonary disease, I made a voyage to Europe, but while there continued to be affected. A new weeks after my return, I was seized with a violent hemorrhage of the lungs, and from the debility and great prostration of strength that followed, with the protracted difficulty of respiration, I am entirely relieved by the use of your Sarsaparilla, which I consider a most important and truly valuable discovery in the healing art. I feel that I have not for fourteen years enjoyed so good health as at present.

ERUPTIVE DISEASES.

Thas now become a settled fact, acknowledged by the best Physicians of our city, that in the cure of Sci ofula, Tetter, and many other diseases, Brentlinger's Figure Extract of Sarsarrilla and Dandelion, is decidedly above all other preparations. It speaks for itself whenever used; and although we have never taken the pains of having it published through the papers, or appointing agents for the sale of it, yet we are almost weekly receiving orders from Vermont, New York, Ohlo, Kentucky and other states, by persons, who by some chance means have heard of its wonderful curative powers. The following is from a gentleman of Vermont a few days since, who used it for a very serious disease:—

DEAR DOCTOR:

The two bottles of medicine I got from you when in Wheeling, have nearly cured me; please send me some more by Express.

Yours Respectfully.

It is now prescribed by nearly all the Physicians of our city, not as a quack medicine, for we have made them ac quainted with the componant parts; and we now say to all such as we have not the opportunity of making it known to, that it is entirely free from all minerals, and is not in the least incompatible with any of the preparations of lodine, Fowler's solution, or other properties.

MEDICINAL.

WHATEVER concerns the health and happiness of the people, is at all times of the most valuable importance. I take it for granted that every person will do all in their power to save the lives of their children, and that every person will endeavor to promote their own health at all sacrifices. I feel it my duty to solemnly assure you that WORMS, according to the opinion of the most celebrated Physicians, are the primary causes of a large majority of the diseases to which children and adults are liable. If you have an appetite continually changeable from one kind of food to another, Bad Breath, Pats in the Stonach, Flicking at the Nose, Harduess and Fullness of the Belly, Dry Cough, Slow Fever, Pulse irregular—remember that all these denote Worms, and you should at once apply the remedy once apply the remedy—

THE-TAPE WORM.

This is the most difficult worm to destroy of all that infest the human system, it grows to an almost indefinite length, becoming so coiled and fastened in the intestines and stomach, effecting the health so sadly as to cause St. Vitus Dance, Fits, etc., that those afflicted seldom if ever suspect that it is a Tape Worm that is hastening them to an early grave. In order to destroy this Worm, a very energetic treatment must be pursued, it would therefore be proper to take 6 or 8 of my Liver Pills, so as to remove all obstructions, that the Worm Syrup may act direct upon the Worm, which must be taken in doses of two table spoonfuls three times a tay. These directions followed have never been known to fail in curing the most obstinate case of Tape Worm.

And you cannot be indifferent to this appeal. Humanity calls upon you to do your duty. It is only one out of the many thousands who has seen its wonderful effects.

Dr. J. N. Hobensack, —Sir:—Gratitude to you, the inventor of a highly valuable medicine, prompts this humble testimony in its favor, as being a sais; gentle, yet powerfully effectual remedy for Worms. Having land much experience in knowing the effects of various preparations, my wike, who was well skilled in ministering to children in distress; pronounced it the best she had ever used, and would use no other while yours could be had. A daughter of ours became seriously diseased. Her symptoms were alarm ug, but her mother at once sought out a remedy for Worms. Having obtained yours, by the time she had taken half a bottle, Ol Sir, the loy it gave an effection ate mother; to see the improvement in her child, she being about five or six years old. She passed an immense quantity of Worms, her sickly countenance now brightened, her spirits returned, and in a short time a lovely child, threatened with decline an death, now gave promeins of the Southampton Baptist Church.

LEF CAUTION.—Remember then, Paren's and all others, that Hobensack's Worm Syrep is the only Medicine in use that will crad

No part of the system is more liable to disease than the LIVER, it serving as a filterer to purity the mlood, or giving the proper secretion to the blic, so that any wrong action of the Liver effects the other important parts of the system, and results variously in Liver Complaint, Jaundice, Dyspepsia, etc. We should, therefore, watch every s, mptom that might indicate a wrong action of the Liver These Pilis being composed of Roots and Plants furnished by nature to heal the sick, namely: 1st, an Expectrant, which augments the secretion from the Pulmonary mucus membrane, or promotes the discharge of secreted matter, 2d, an Alterative, which changes in some inexplicable and insensible manner the certain moroid action of the system. 3d, a Tonic which gives toneand strength to the nervous as seem, renewing health and vigor to all parts of the body. 4th, a Cathartic, which acts in perfect harmony with the other ingredients, and opperating on the 1 owels, and expeling the whole mass of corrupt and vitiated matter, and punitying the blood, which destroys disease and restores health.

TO FEMALES.

You will find these Pills an invaluable medicine in many complaints to which you are subject. In obstructions either total or partial, they have been found of inestimable benefit, restoring their functional arrangements to a health vaction, purifying the blood and other fluids so effectually to put to flight all complaints which may arise fectually to reput ities, as headache, giddiness, dimness of sight, pain in the side, back, etc., and offered the public as the best Pills for all diseases, mon the following.

of sight, pain in the side, back, etc., and offered the public as the best Pills for all diseases, upon the following MEDICAL EVIDENCE.

We, the undersigned Physicians, having had the receipt of their manufacture submitted to us for inspection, say that the ingredients of which they are composed makes them the best Pill in use for all diseases of the Liver, Impurities of the Blood, etc. We say this not only from our own judgement, but also from that of the best medical authority in the United States. All diseases requiring the use of an Alterative, Diaphoretic and Purgative Medicine, that came under our notice, has been treated with the above Pills with the most satisfactory success.

Elixir.

FOR the permanent cure of coughs, colds, consumption. bronchitis, asthma, ir fluenza, croup, whooping cough, inflamation of the bronchea and hoarseness, caused by public speaking; and all affections of the organs of respiration. ic speaking; and all affections of the organs of respiration.

Warranted the pleasantest and best medicine for diseasees of the lungs ever sold in America.

In presenting this medicine to the public we have the satisfaction to know that we not only present them with an invaluable antialote for the class of diseases it professes to cure, but one which is perfectly harmless in its effects upen the constitution, an can be administered without any fear of mineral poisons, for it contains none.—The fact, that a large portion of the suffering, and death throughout the country, is caused by disease of the organs of respiration, consequent upon exposure and cold, has induced us to put it within the reach of every individual who may need a reachy that has proven itself so invaluable.

who may need a reacely that has proven itself so invaluable.

This medicine is the result of a long experience, and study of those discases of the longs which are so frequent in our changeable climate; and we claim it to be in advance of all medicines ever before discovered for those peculiar completints, an improvement upon all, and consequently superior to all others.

We shall make no extravagant assertions of its efficacy in curing discases, like the venders of too many costrums, who deceive all who trust then, nor shall we hold out any inducements which experience does not justify.

If patients will persevere in the use of this medicine, and use it as directed, they will be cured in every instance that it is not beyond the power of medicine. There are numerous persons now enjoying the obesings of health and renewed life, as it were, who otherwise would have long since been in their grave, but for the timely and persevering use of this invaluable remedy. It is not pretended that it is infailible in every stage of consumption, but we know it to be better adapted to the various diseases of the ring use of this invaluable remedy. It is not pretended that it is infallible in every stage of consumption, but we know it to be better adapted to the various diseases of the respiratory organs than any other Medicine ever offered to the public. All we ask is a trial, and in every instance, if used freely according to the directions, and if perfect satis faction is not given, the money will be returned.

"I am happy to acknowlydge the substantial benefit I have received from the use of Da. Locock's Phimonic Wares. I had a severe cold, attended with symptoms of fever. The usual remed es prescribed by my physician kept the fever under; but my cough continued alarmingly severe and obstinate. The morbid state of my stomach relusing the preparation the physicians deemed it necessary to employ, my son procured a box of Locock's Wafers, and advised me to try them. The use of them gave immediate relief. After using two boxes I was quite restored, which I have every reason to believe, was the result of their efficacy.
